## Tensions rise as Ash Road Commission seeks road bids

Charlea Mills

An ongoing conflict between select residents of the Ash Road District and the road district commissioners has grown increasingly heated over the past few meetings with Monday's meeting being no exception.

The debate in question pertains to the commissioners requesting bids for contracting out maintenance of the 30 miles of county roads in the district. Currently, the district employs two men, Erwin Harp and Robert Hendrix, to do all of the maintenance and repairs. The road district commissioners, Dale Stewart, David Dalton and Jesse Taylor, are working to find a compromise between what is fiscally responsible for the taxpayer funds and the requests of the residents. Bid requests for the district were submitted after the June 12 meeting with the favor of Dalton and Taylor with Stewart opposing.

Due to the increasing tensions during previous meetings and an alleged death

threat against one of the commissioners, two sheriff's deputies were in attendance at the Monday night meeting to ensure peace between the commissioners, the employees and around 15 Ash Road District residents there to voice their concerns over the contractor bid requests.

Taylor, elected in April of this year, stated during the meeting, "I'm not trying to hurt anyone. We're just trying to look at other alternative options that might make for better roads."

In response, Lisa Sickles, resident, stated, "I've never heard complaints about our road district, and now you all want to come in and change it." Those in attendance at the meeting stressed that they are satisfied with the road maintenance as is within the district and fear the repercussions of contracting the work out.

Liana Hendrix, resident and wife of employee Robert, stated, "I feel like there should have been more due diligence on the commis-

## Community fireworks displays slated for weekend

One community event began over the weekend with J. Rock and the 3rd Street Band performing at the Cassville Soccer Booster Club fireworks stand in Eagle Rock. Pictured above are, left to right: Debbie Nickle and Josh Davidson with Bruce Nickle and Jack Reed.

A weekend filled with family fun, barbecues and fireworks is just a few short days away as the community celebrates Independence Day. Many different area communities have events scheduled to ensure that everyone has a safe, fun atmosphere to enjoy fireworks and camaraderie.

Wheaton, Seligman, Monett and Shell Knob are each holding their Fourth of July celebrations on Friday, while Eagle Rock is holding

their barbeque and fireworks display on Saturday.

The Wheaton Fire Department will be hosting their second annual Freedom Jam on Friday beginning at 6 p.m. This year, there will be a professional fireworks display and performances by The Black Moods, Down & Out and Point South. The event is free admission and alcohol-free. There will be concessions and people are encouraged to bring lawn

sioners' part as to what's actually entailed in maintaining the district and what needs to be done. If there's a tree in the road, I can't wait an hour for a contractor to come out to take care of it before I leave for work. If a road is impassable due to floods or deep

snow, we need to know that we can get out in a reasonable amount of time. That's what we're worried about."

Dalton explained the commissioners' reasoning behind asking for bids is to

## August Primary drawing near

E.M.

Just a little over one month remains for Barry County voters to familiarize themselves on the questions confronting them in the Tuesday, August 5, Primary election.

Republican primary voters will be choosing a nominee in the three-man race for Presiding Commissioner between incumbent Commissioner Cherry Warren, Eastern and former Southern District commissioner Eddie A. Davison of Shell Knob, and Seligman Police Chief Terry L. Burgess. Voters will choose between Steven J. Dunker, of Cassville, Matthew Thomas Weatherman, of Golden and Amy Boxx, of Monett, in the three way race for Prosecuting Attorney. Each of the offices are for four year terms. No Democrats filed for any of the county offices in Barry County.

All incumbents from the other county offices are unopposed for election. They include County Treasurer Lois Lowe, State Representative Scott Fitzpatrick, County Collector Janice Varner, Circuit Clerk and Recorder Craig Williams, County Clerk Gary Youngblood, for

Associate Circuit Judge in Division One, Johnnie Cox, and Associate Circuit Judge in Division Two, Robert Foulke.

There are five Constitutional amendments that will be voted on. These will be discussed later. Only one other Primary contest is between incumbent Congressman Billy Long and challenger Marshall Works.

Perhaps the most controversial question to be settled by the Primary voter is the State Highways requested sales tax hike.

The state's transportation department has been funded for over 100 years by a gasoline tax, which at present is 16 or 17 cents a gallon out of the \$3.40 a gallon charge currently paid at the pump by motorists. The state transportation department want to tax a revenue source which has never been used to fund transportation costs.

On the Democrat side of the Primary ballot there is only one primary race. There are two candidates for the office of Congressman of the Seventh District are Genevieve Williams and Jim Evans.

## Ozark Property Rights group holds political forums

*Representative Scott Fitzpatrick spoke to the Ozark Property Rights Alliance on Thursday, June 27, about the legislative session and to address concerns about grant changes offered by The EPA through The Missouri Department of Natural Resources.*

The Ozark Property Rights Alliance, a local group of Barry County citizens

concerned with protecting the property rights of citizens are holding a series of politically-gearred forums for the community in coming weeks.

The group had State Representative Scott Fitzpatrick give a talk on the legislative session this year and also address some rising concerns over grants offered through the Department of Natural Resources that members were afraid could negatively impact property rights of county citizens.

At the next two meetings, the group is holding a forum for the candidates running in the August Primary election. On July 10, the group will have the prosecuting attorney candidates. On July 17, they will host the candidates for presiding county commissioner. Both meetings will be held at 7 p.m. at the Crowder Community Building on Highway 37.

compare the cost of contracting the labor out to the cost of the current work being done. He said, "Our largest expense is wages. Plus we have to maintain all of the equipment that the district owns and there's insurance, too."

Taylor added, "When you look at other districts, a lot of them go with a contractor because it saves money and can improve the roads."

Dalton and Taylor each travelled the roads of the county regularly for their employment. Taylor used to do work fro the phone company in the district and Dalton is a postal carrier. Both claimed that there are roads that need attention to continue to utilized by outside parties like the postal service.

Another woman in attendance, Misty Pendergraft,

stated, "Ash is a poor district, but our roads are great for what we have. We travel these roads every day, and we like them. We're happy with the district. We don't want changes."

Dalton assured the residents that the commissioners are listening to their concerns. Taylor said, "All we're trying to do is look at something different."

For the 30 miles of roads, the district received \$70,146.96 for 2013. Of that, around 78 percent went to employee wages and related insurance and workers compensation according to the financial statement turned over to the county. The remainder of the funding covered gasoline, diesel, equipment repair and road materials such as gravel. Dalton stated, "We're listening to the people, but

we need to service the roads. There wasn't much spent on material." Of the total funds, \$6,879.38 was spent in 2013 on road materials including rock, gravel and concrete.

**ROGER LEE  
BECKER**

Roger Lee Becker, age 77, of Rocky Comfort, Missouri, passed away on Monday, June 30, 2014, at the Granby House, surrounded by those who loved and admired him. Mr. Becker, son of Herman and Marion (Tilton) Becker was born on February 13, 1937, in Jackson, Minnesota. He graduated from Okabena High School in Minnesota. In 1965, he sold almost everything he owned, including his 1925 Model T, and drove out west. He settled in Marina del Ray, California, and began working as a diesel mechanic. He worked on many of the boats in the marina and was even requested by Tom Jones numerous times to work on his yacht. Roger moved to San Diego in the late 70's where he continued to work as a bus mechanic for the school district. In the early 80's Roger moved to Rocky Comfort, Missouri, where he ran a herd of cattle and help local ranchers repairing their equipment and vehicles. In the last decade he was a familiar figure behind the wheel of his restored 1953 Ford or Studebaker pickups or his 1925 Model T, which was the original one he had sold back in 1965. He loved

to travel, visit vintage car and railroad museums, and ride the old steam engine trains. He was like a grandpa to many people who grew up in Thomas Hollow, teaching them woodworking, how to drive and car repair skills. He appreciated all his neighbors who dedicated their time to make his life more enjoyable and special neighbors Caleb and Ben Wardlaw for their dedication to make his final days comfortable. Survivors include his sister, Roseanne Florey, of Exeter, Missouri; one brother Larry Becker, of Golden, Missouri; several nieces and nephews, and many friends and neighbors who will miss his presence. A celebration of life will be held at the First Baptist Church of Wheaton, on Monday, July 7, 2014 at 11:00 a.m. with Pastor Ryan Pendergraft officiating. REVELATION 1:18-- I am he that liveth, and was dead; and, behold, I am alive for evermore, Amen; and have the keys of hell and of death.

REVELATION 12:9-- And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and his angels were cast out with him. (10)-- And I heard a loud voice saying in heaven, Now is come salvation, and strength, and the Kingdom of our God, and the power of his Christ: for the accuser of brethren is cast down, which accused them before our God day and night. (11)-- And they overcame him by the blood of the Lamb, and by the word of their testimony; and they loved not their lives unto death.

HEBREWS 6:10-- For God is not unrighteous to forget your work and labour of love, which ye have shewed toward his name, in that ye have ministered to the saints, and do minister.

## Duncan re-elected to Ark. Game and Fish

Ron Duncan of Springdale, AR was re-elected on June 19 to his second term as Chairman of the Arkansas Game and Fish Commission.

Duncan, 62, is the son of Pauline Duncan of Cassville and the late Cecil Duncan. He is also the nephew of Patty Duncan of Cassville and the late J.C. Duncan.

Duncan will become the longest serving Chairman of Arkansas Game and Fish in it's one hundred year history upon completion of his second year term. Arkansas Game and Fish Commissioners are appointed by the Governor of the state to seven year terms. They typically serve as Chairman only in their final year of service. Duncan's appointment will end July 1, 2015.

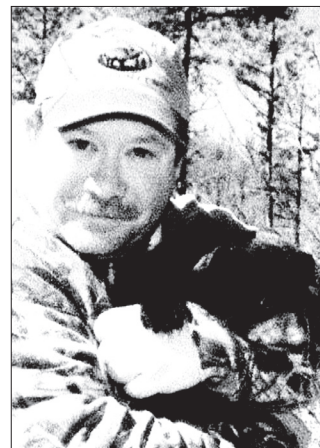

Serving as the Game and Fish Commission is one of the most sought after appointments in the state of Arkansas. Perhaps the only thing Arkansans love more than the Razorbacks is hunting fishing as over a million Arkansans buy hunting and fishing license every year.

Duncan was a 1970 graduate of Wheaton High

School. He attended the University of Arkansas with a degree in Social Studies. He received his Master's Degree from the same institution in 1979 in Counseling.

In 1982, Duncan founded a fishing club at his school, Central Junior High in Springdale which became a springboard model fr the national Hooked on Fishing Not on Drugs organization in 1988, a division of the Future Fisherman Foundation and the American Tackle Manufacturers.

An accomplished fisherman, winning at the Arkansas Bass Federation in 1995, Duncan was named Bass Anglers Sportsman Society (BASS) Man of the Year for the Central Division in 1994 and the worldwide BASS Man of the Year in 1998. In 1997, Duncan was pictured in the late J.D. Fletcher of Eagle Rock in

the Arkansas Democrat Gazette as "Legend of Stream Fisherman."

In 2000, Duncan was named Educator of the Year for the Arkansas and National Wildlife Federation. In 2004, he was also inducted into the Arkansas Outdoor Hall of Fame. In 2013, Duncan received "The War Eagle Stewardship Award" from the Beaver Water District for his conservation efforts with Arkansas streams.

# Barry County Health Department Food Service Report

The Health Department divides food service code violations into two categories: Priority and Core Violations.

Priority Violations (previously referred to as Critical) are more likely than other violations to contribute to food contamination, or illness and/or injury.

Core Violations (previously referred to as Non-Critical), although important to the overall hygiene of the establishment, do not necessarily present an immediate threat to food contamination or illness and/or injury.

A report for each establishment that is inspected shows the number of critical violations, along with a short statement as to the nature of the violations. The report also shows the number of Core Violations but doesn't list the nature of those violations.

Don't raise the risk.

During any kind of project around your home or property, remember there's more overhead than buildings, trees, and sky. A ladder can easily reach high enough to cause potentially fatal contact with power lines.

Always look up before raising or moving a ladder, to make sure it's at least 10 feet from any electrical lines. Keep your eye on power lines and your mind on working safely.

Locals attend Washington D.C. conference

Courtney Rasmussen

Employees of Cassville's Access Family Care ventured to Washington D.C. on Sunday, June 15. The two employees from Cassville attended the Enroll America National Conference which

was held June 16 through 18.

The conference was an overview of the strategies and proved successes from the first open enrollment of the Health Insurance Market Place. The conference had 900 members attend to

learn about how to make the Health Insurance Market Place grow and to help more Americans receive affordable health care.

Seven certified application counselors from Missouri's Access Family Care

attended the conference, including Bianca Salas and Tina Rasmussen from the Cassville clinic. The two employees from Cassville went to learn about the upcoming updates for the enrollment and having outreach events.

The two Cassville employees got a chance to see the White House, the Washington Memorial, World War II Memorial, Martin Luther King Memorial, the Lincoln Memorial and the Capitol.

In the White House picture from left to right: Tina Rasmussen, Cassville; Laura Pina Neosho; Elizabeth Fore, Anderson; Bianca Salas, Cassville; Claribel Loveall, Mt. Vernon; Pablo Mendoza, Anderson; and Karyn Steele, Joplin.

# American Legion Post 118 edges Lamar, 3-2

Lee Stubblefield

Cassville vs. Lamar, American Legion game, Friday, June 27: "web gems".

Those two words pretty much summed up the contest between Cassville's Irwin-Easley Post 118 team and Lamar's Post 209 squad at Wildcat Field on Friday night. Awesome fielding plays were the norm as Post 118 earned a 3-2 comeback victory.

Alex Vanderpool went the distance for the Cassville club, despite surrendering a pair of runs in the top of the first inning. After that, it was classic defense for the

home team. Vanderpool only struck out four batters in the seven innings. In contrast, Alex Dyer squeezed seven fly balls in center field alone to help hold Post 209 scoreless in the final six frames.

Tanner Phipps drew a leadoff walk from Vanderpool to start the game, and later scored on a two-out RBI double from Dylan Robertson. Todd Morrow drove Robertson in, stroking a single on a 2-2 fastball to give Lamar an early 2-0 lead.

Post 118 struggled at the plate through two innings but got on the board in the bottom of the third inning.

With the bases loaded, Marcus Weatherman chopped a fielder's choice groundball that scored Keenan Roller, but Lamar still led, 2-1.

Cassville tied the game in the fifth inning. Roller reached base with a leadoff infield hit that died in the grass between the mound and third base. He stole second, then scored on an RBI from Leigh Cox.

Weatherman led off home half of the sixth inning with a single, then scored on a throwing error when Christian Melcher's half swing produced an infield hit. Melcher moved into scor-

ing position on the play, but Adam Butler's Texas League flare became an out in the glove of Lamar shortstop Tripp Tucker. Tucker then threw from his knees to double off Melcher at second base to end the inning.

In the top of the seventh inning, Vanderpool faced the minimum in earning the complete game victory. Lakin Hardman grounded out, Derek Henderson lined out to Butler at first base, and then Colton Divine was called out looking on a 1-2 curve from Vanderpool.

Post 118 improved to 6-8 with the victory.

# Joplin's Maturino tames Cassville legion team

Lee Stubblefield

It would be hard to make up a better baseball name than "Johnny Maturino," harder still to imagine an opposing pitcher having a better game at Wildcat Field.

Maturino, pitching for the Joplin American Legion team, baffled the Post 118 hitters on Tuesday, June 17, as the Miners beat Cassville's Legion squad by a 9-5 count. He faced the minimum of nine batters in the first three innings as Joplin built a 3-0 lead thanks to a Tristan Ash 2RBI homer in the top of the first inning.

In the home half of the fourth inning, with Joplin leading 6-0, Alex Dyer was out trying to bunt, and then Leigh Cox became Maturino's fourth strikeout victim. But the bid for perfection ended when Noah Hadlow authored a seeing-eye single that fell between second base and the charging center fielder, Gavin Jones. Marcus Weatherman then ripped a single down the third-base

line to give hope to what had been a lethargic crowd, but Maturino drew a routine fly ball from Christian Melcher to end the inning and the threat.

The Miners then scored two more runs in the top of the fifth frame to take an 8-0 lead.

The Irwin-Easley Post 118 squad added to the limited success of the previous inning, loading the bases with a pair of singles from Alex Vanderpool and Chad Howerton and a walk for Keenan Roller. Dyer hit into a fielder's choice to score Vanderpool and avoid the shutout.

Cox laced a hard ground-er that became a routine 6-3 groundout though, and the score remained 8-1 after six stanzas.

The Miners added yet another run in the sixth to take a 9-1 lead. Maturino retired from the mound, and Corey Ball came on to finish the game for Joplin. Ball shut out the Cassville lineup in the sixth, but surrendered

four runs in the home half of the seventh. Post 118's bench came alive in the final frame as both Troy Rose and Tyler Flowers recorded RBIs. Another run scored on a throwing error, but it was too little, too late.

Joplin rode Maturino's

arm to the 9-5 victory, then put on a hitting clinic in the five-inning nightcap to claim a 14-5 win.

The Cassville skid continued on Thursday night at Monett, as Post 118 dropped the opener to Post 91 by a 2-0 score.

# Area 4-H teens attend camp at Roaring River

Charlea Mills

Around 50 4-H teens from Barry, Barton, Christian, Dade, Greene, Jasper, Lawrence, McDonald, Newton, Polk and Stone Counties attended a special teen camp at Camp Smokey in Roaring River State Park last week.

The camp ran from June 23 through 27 and focused on camaraderie amongst the youth and a variety of classes and workshops aimed at improving their team building, and outdoor skills.

The teenagers participated in official ceremonies and activities, like raising and lowering the flag each day, as well as team building workshops, hiking, fishing, community service and others. The area 4-H programs have a long history of going to Camp Smokey for over 60 years. According to Bob McNary, 4-H Youth Specialist for Jasper County, "Historically, 4-H camps were some of the original users of the group camp facilities found at Roaring River and Camp Smokey, and today, we are still utilizing them."

Each summer, the 4-H program holds four camps at Roaring River with a new special camp being held for the first time this year. The Clover Kids Camp is for kids ages 5-7, two sessions of Member Camp for ages 8-12, and the Teen Camp are the regularly held camps. This year, 4-H will also have an Alumni Camp for adults wanting to attend.

McNary stated, "These camps have been going on for years, and we have seen most of these campers grow up through our 4-H pro-

In the second row: Donell Kleiboeker, Trent Morgan, Matthew Melton, Clayton Winslow, Eli Jones, Anthony Gott, Greg Vangunda, Megan Hardman, Dallas Kleiboeker, Shawn Pennell and Lee Davis. In the third row: Jacob Boeglin, Rebekah Townley, Jessica Stacy, Hanah Scharader, Dalton Manke, Carson Endicott, Preston Farmer, Tony Morgan, Joel Adams, Chad Hartley and Kelsie Morgan. In the fourth row: Serena Peterson, Danielle Williams, Briana Hollis, Lydia Rockers, Cade Moreno, Caleb Tucker, Haylee Austin, Caitlin Moreno and Kyle Werner. gram. So, seeing live skill development is the most important aspect of camp." He said those life skills include evaluating decisions, using financial resources wisely, time management, keeping track of personal belongings, settling disagreements helpfully, clearly stating thoughts and feelings, following directions, interacting with different people, following instructions, accepting responsibility, and following through on commitments.

Reinforcing those principles is vital to the core of 4-H philosophy and helping

the kids become successful adults.

McNary concluded, "Summer camp is one of the most valuable learning experiences a child can have. Young people need strong relationships and emotional

skills to meet today's challenges. Through camping, young people learn independence, responsibility, how to get along with others, and how to make the right decisions. Camp promotes cooperation, teamwork, and

respect for other people and our natural environment."

He added, "Camping also provides opportunities to experience new and exciting activities. Fishing, hiking, outdoor skills, swimming

and many other activities are offered in a safe, supervised environment where campers can explore new areas of interest with encouragement from trained counselors and staff."
