Kids' Fishing Day reels in over 900 anglers

Charlea Mills

Saturday marked another successful Kid's Fishing Day for Roaring River State Park. This year, the kids tags numbers were up from the previous fall kids fishing event.

According to Paul Spurgeon, Roaring River State Park hatchery manager, the park handed out 970 tags. Last year, there were only 888 tags handed out. Spurgeon said, "Our fall events are never as busy as the spring Kids' Fishing Day, but we were pleasantly surprised with the turnout." He continued, "We thought that with some of the schools starting a week early, it might affect the attendance, but it was pretty steady all day, even though it rained a little bit."

The day proved to be successful for young fishermen as well, with many catching their limit in under an hour. This year's weight winners were Landon Hardy, with a trout weighing in at 4.88 pounds for the boys' overall

winner and Bonnie Robbins with a three-pound trout for the girls.

Events throughout the day drew crowds to learn about wildlife, nature preservation, camping and more. Many took part in fly fishing instruction, fish cleaning, archery and air rifle shooting. Others enjoyed cooking demonstrations and the stream exhibit.

This year's event was sponsored by Cabella's, Jim Rogers Concessions, David Waugh, Walmart, Les Jacobs Ford, Lucky Lady Trout Bait, Roaring River Alliance, Paradise Valley and the Cassville YMCA. Those sponsors provided food and the funds to run the event so that kids can fish for the day for free and participate in competitions as well as learn to fish. Spurgeon said the hatchery had 113 volunteers to keep things running throughout the day.

Collings' death penalty sentence upheld

Charlea Mills

Christopher Collings, convicted of the murder and rape 9 year-old Rowan Ford in 2007, will still receive the death penalty for the crime after the Missouri Supreme Court upheld the ruling after Colling's attorney filed an appeal.

Collings admitted to Wheaton Police Chief Clint Clark on video that he had abducted, raped and murdered the girl. His attorney claimed that the video was a violation of his rights and

that Collings' judgment was impaired because of marijuana use before the crime. Judge George W. Draper III wrote, "This impairment did not prevent Collings from deliberating with respect to the planning, execution and cover up of Rowan's rape and murder."

Collings' defense was attempting to get the courts to lessen the charge of the death penalty to life in prison. Draper wrote, "Collings' death sentence is consistent with the punishment im-

posed in other cases in which the defendant abducted a young victim and then sexually abused and murdered the victim."

Ford's step-father, David Spears, pled guilty to lesser charges of endangering the welfare of a child and hindering the prosecution as no evidence tied him to the crime. Spears left the girl home alone in Stella where Collings abducted her and then took her to his home

Enrollment varies for area schools

Charlea Mills

The statistics are in for the area schools' enrollment for the 2014-2015 school year.

Cassville Schools came in with the largest jump. This year's initial enrollment is 1,861. Last year, the school had 1,821 students. The overall increase was about 2 percent.

At Cassville, the Primary and Middle School each had fewer students in the building, but each had grades with significant increases. The school's first grade gained 18 students over last year, and the seventh grade has nine more. The high school's numbers are down 17 from last year with this year's graduating class set to be 118 students, a drop compared to the graduating class of 2014 with 134 students.

Southwest Schools had a slight drop in attendance when compared to last year's numbers. This year, school-wide enrollment is 182 students, seven fewer than 2013-2014's 789. Most grades for the district held steady and the graduating classes are similar in size. Last year's graduating class

was 51 and this year's is set to be 54. The school's overall enrollment fell about 4 percent this year.

Exeter Schools gained two students over last year's enrollment. For the 2014-2015 school year, K through 12th grade has 329 students enrolled. Last year, the totals were 327.

Wheaton's enrollment is almost to the student when compared to the 2013-2014 school year. Last year, Wheaton's student count was 388 and this year is 387. While Wheaton's graduating class is significantly smaller at 22 instead of 36, kindergarten received a big bump in students with 40 enrollment compared to 21 last year.

The Purdy School District has 19 additional students this year comparatively. The enrollment numbers for Purdy are up about 3 percent, from 680 total in 2013-2014 to 699 this year. Building total for Purdy were similar with the biggest increase being the high school. Last year, Purdy High School had 197 students and this year, the school has 210.

Letter to the Editor...

The sudden cessation of funding to the Missouri Rehabilitation Center (MRC) has taken us all by storm. Other than the obvious uprooting of so many employees, there are many other factors to consider. The VA Clinic is an obvious topic for discussion. Although they plan to relocate by 2017 (a move largely promoted by Missouri Representative Billy Long), let's consider the impact the closure of MRC will have on the clinic and veterans served. How the VA will survive without MRC is indeed a big question. Please understand that the VA and MRC are two separate entities. The relationship between the two however, is very much a symbiosis; each complements the other. Security, building and grounds maintenance, laboratory, radiology, cardiac rehabilitation and pain management are all major services that are shared between MRC and the VA clinic. And those biscuits and gravy breakfasts that are so popular for everyone in the morning? You can kiss those goodbye...

Our patients are our lifeblood, our very reason for existence here at MRC. We watch them get better inch by slow, painful inch. Many of those served are indigent (no payer source) and so largely forgotten and diminished by much of society and many rehabilitation centers. The state appropriation has allowed us to take care of many who otherwise might have languished in a nursing home, or worse. We truly see miracles every day at MRC. Human beings who have suffered crippling overwhelming assaults on

their lives and their health enter our doors. Triumphant Survivors emerge. In between those events they engage in the fight of their lives to regain their health, independence, and function.

The city of Mount Vernon faces a huge crunch, as well. As reported in local news media, the city takes in about \$800,000 from services provided to the center, mostly in the form of utilities. Let's not forget, however, the businesses who serve the area, especially restaurants and gas stations. What will happen to small business owners who thrive on the lunchtime revenue generated from many hungry employees taking a breather away from the center?

I understand that budget shortfalls mean that our state officials must make some very difficult choices with allocations. However, we were already prepared to deal with an estimated shortfall of \$5M. Our leader, Mike Powell, was working very hard to bring other services on line to serve Southwest Missourians as well as shoring up the revenue stream at MRC. The two units I refer to would have served Dialysis patients and patients on long-term ventilators, unable to be weaned from those devices. Currently, the only rural dialysis unit in Southwest Missouri is located at Monett, in Barry County. Also, many of our vent dependent patients must be moved to Iowa and Illinois when they

fail to wean from the ventilator. If we are talking about YOUR loved one, how far would you want them to move if they were ventilator dependent? How many miles per round trip would you want YOUR loved one to travel for dialysis services?

How about focusing on how we can help the Southwest Corner of Missouri where a dedicated and highly skilled workforce already exists instead of assuming everyone wants to travel to an urban center to receive health care and employment? Governor Jay Nixon, this closure rests in your hands and your legacy will reflect whether you choose to make a decision that benefits hundreds, if not thousands of people. Or, will you be known as the Governor who arbitrarily closed a health center in rural Southwest Missouri that has existed in service to the residents of this great state for 108 years?

-Beth Garner, Exeter

Raffles to raise funds for or youth bowling

Charlea Mills

Papa Vito's in Cassville is pairing with Cassville bowl to raise money to support the area's youth bowling league. The raffles will take place over the next year with all proceeds going to cover the fees for the young bowlers.

Rick Steinert, of Cassville Bowl and the Cassville Bowlers Association (CBA) said the CBA has been supporting the youth bowling league since its inception about two years ago. The CBA was created to promote the sport in the area. Steinert said, "We've been trying to raise money off and on to help support the kids bowling."

Youth bowling begins in

September after Labor Day and kids of any age can participate for a \$15 registration which gets them their t-shirt, an award at the end of the season and a final celebration pizza party at Papa Vito's. The league's season is 28 weeks with a break for winter. Participants can bowl one, two or three games each Saturday morning when they meet for league play. Steinert said the funds raised go to reimburse 90 percent of the game rates that the bowlers pay each Saturday. Games are \$4 for one game, \$7 for two or \$10 for three. At the end of the season, the CBA uses funds raised

Letter to the Editor...

Dear editor,

There is a very generous man living in Barry County. The Oak Ridge Cemetery was like some older cemeteries. It had no more lots for sale. People that planned on being buried in the cemetery and didn't have their lot bought would have been out of luck.

Thanks to the generosity of Mr. Bill Holman, he donated enough land when those lots are plotted out may last the cemetery 75 more years. Thank you, Mr. Holman.

The kids are back in school

Teach them to play it safe!

Teaching kids to stay safe is a never-ending job, but when it comes to electricity, what you teach them can save their lives.

- ⚡ Keep kites, balloons and model airplanes away from power lines.
- ⚡ Never climb trees near power lines. Even if the lines aren't touching the tree, they could when more weight is added to the branch.
- ⚡ Never climb a utility pole or tower. The electricity carried through this equipment is very high voltage and could kill you.
- ⚡ Don't play on or around pad-mounted electrical equipment.
- ⚡ Never go into an electric substation for any reason, even on a dare.

Contact your local electric cooperative to learn more.

SHAKIN' IN THE SHELL SPONSOR: SUBWAY

Shell Knob's Subway franchise owner Jason Kruse is a silver sponsor of the September 2014 Shakin' in the Shell Festival and Car Show scheduled for Saturday, September 20.

Kruse is pleased to report Subway is doing very well at their location, just south of the Shell Knob bridge, a location they have now occupied just over two years. Kruse attributes a significant portion of their success and continuing growth at this location to the dock that allows customers to boat to his business. Kruse expects contin-

ued growth as word gets out about Subway's dock access.

An additional enhancement next year Kruse advises includes having "people call ahead. We'll bring it (their order) down to the boat."

Supporting the Shakin' in the Shell Festival and Car Show represents Kruse's ongoing theme of being community minded. He said, "We do what we can to keep community awareness. My dad was a dentist." His advice to Kruse was, "Whatever you do, do everything local. We try really hard to do local."

SOUTHWEST SCHOOL BOARD MEETING HIGHLIGHTS

As part of our continued efforts in keeping our patrons informed, the Southwest R-V School Administration will provide monthly information concerning Board meetings.

A recap of the August 14, 2014 Tax Rate Hearing and regular meeting are as follows:

The Board convened for the Tax Rate Hearing at 6:30 p.m.

Superintendent Bob Walker presented information pertaining to the district's Assessed Valuation, which totaled \$34,525,804. This figure reflects a slight growth from last year's assessment of approximately 1.3 percent. The Board approved maintaining for the 2014-2015 school year, the current tax rates of \$2.75 and \$.85 for the district's incidental and debt service funds, respectively.

Following the hearing, the regular meeting was called to order at 6:37 p.m.

The Board approved the Consent items, including the hiring of Sherah Farris and Carol Griffin as Special Education Paraprofessionals. Also approved were the following additions to district substitute personnel lists: Steve Knight and Ronnie Stanley (bus drivers), Stacy Hendrix (cook), and Tracy Buntin, Christina Campbell, Crystal Erway, and Jessica Lueckenhoff (teachers). Jeffery Dewitt was also approved as a substitute teacher, pending his completion of all DESE requirements.

There were no Old Business items for this meeting.

Under New Business, the Board adopted a resolution that will enable the district to prepay \$150,000 on the principal amount in respect to its General Obligation Refunding Bonds, Series 2011. The district's debt service account has reached a balance that allows a prepayment to be made. This option will eventually save patrons \$33,075 in interest on future bond payments.

Under Administrative and Program Evaluations, building administrators reported that the school year has begun very well, kicked off by a successful Open House event on August 6th. Initial enrollment figures indicate a drop in enrollment district wide of twenty students, but Walker interjected that it is still very early and numbers may fluctuate through Labor Day. Walker also updated the Board on the Track and

Field facility, sharing that all dirt work and hydro seeding had been completed. Also reviewed was the district's pursuit of a grant through the Missouri Preschool Program. If approved, half day services could eventually be provided to as many as forty additional four-year olds. Notification of awardees should be released sometime in September. And finally, an update was provided concerning the recent repair of a water leak near the southeast corner of the high school.

The meeting was adjourned at 7:12 p.m.

The next regular meeting will be on September 11th, in the High School Library, at 7:00 p.m.

Two Sisters House of Memories returns

Steve Chapman

About 200 people came to the grand opening of Two Sisters House of Memories flea market on August 16, and owner Sandra Daniels couldn't have been happier. "It was awesome," she said. "We had a great turn out, our biggest day ever."

Daniels said the event was also profitable for the 34 vendors in the store who received a large amount of business during the grand

opening. "Lots of vendors were doing sales in their booths," she said.

Attendees to the event were treated to refreshments, and there was also a drawing for three gift cards in the amounts of \$25, \$20 and \$10. Daniels said the winners were Darlene Carol for the \$25 card, Carissa Galardo for the \$20 card, and Kent Stille for the \$10 card.

Daniels was co-owner

of Two Sisters Old Home Place with her sister, Glenda Price, until closing it five years ago. She decided to open another flea market about a year after losing a job she'd held in a discount store. "I had to get out and do something else, and this was familiar to me," she said. "I talked to some of my vendors, and they wanted me to open up another, and that is what we decided to do."

Many of the vendors from the previous flea market chose to join Daniels in her new venture, and there are a wide variety of items for sale in their booths, including items such as a compound bow, home furnishings, fishing lures, furniture, paintings, old coins, decorations, and much more. "We have something for everybody," Daniels said.

Daniels also has a section in the store just for furniture, and sells Two Sisters jam at the front

Two Sisters offers a wide variety of items for any patron in the shop.

counter. Her daughter, Misty Jollisse, has her own business in the store called "Mirror, Mirror," where she sells purses, backpacks, bead jewelry and other women's accessories.

Though Daniels is the sole owner of the business, she said she chose to keep the name "Two Sisters" for the flea market as she thought customers would be familiar with the name. "I wanted to keep the Two

Sisters name so people would know me," she said.

It is a calculation that has apparently paid off, as Daniels said she has seen numerous customers from her original store. "I'm seeing a lot of familiar faces," she said. "Customers I had from the other place, even people from Kansas and Oklahoma."

When it comes to customers who can't make up their minds, Daniels has a tongue-in-cheek warning for painted at the exit of the store: "The item you saw today and want to think

about tonight, will be sold later today to the people who saw it yesterday and thought about it last night."

Though Price is not involved in the business now, Daniels said she looks forward to the day when her sister will rejoin her in the flea market. "My sister says in a couple of years, when she retires, she'll probably come in and help me out," Price said.

As to Daniels future plans, they are relatively simple. She says she simply wants to "just keep rockin'."

Letter to the Editor...

We really appreciate the 911 emergency and the Cassville Fire Department for coming to our rescue for our tree fire, and also Fox's Tree Service for removing it. There's not too many people who would cut a burning tree. Those guys are all awesome. How lucky that our community has such caring people in it.

BOWLING from 3A

to pay the bowlers back most of those if they bowl in all 28 league games. For three-game bowlers, the league pays back \$250 of the \$280 each family pays for their games. For two-game bowlers, they receive \$175 of the \$196 they pay for the year and for one-game bowlers, the group gives back \$100 of the \$112 they spend.

To kick start the fund raising, Steinert has donated \$3,000 worth of bowling equipment to Papa Vito's to use for raffles throughout the year. The first raffle will be October 1 and will be held the first of each month through July. Each month, a ticket will be selected for \$200 worth of bowling equipment like a bag, a custom-drilled ball and a gift certificate for free bowling at Cassville Bowl. On August 1, 2015, the prizes values will increase. For August, \$300 worth of equipment will be included. The final drawing on September 1, 2015 will be the grand prize of \$500 worth of equipment, including two custom balls, a double bag and free bowling. Steinert said, "I have

promised to back any fees if we don't do enough fundraising. I'll pay for their bowling myself, but we thought this would be a good way to get the word out and get the community involved."

Papa Vito's is selling raffle tickets for \$1 each or 6 tickets for \$5. For every \$10 purchase at Papa Vito's, you receive one raffle ticket with the restaurant donating the dollar to CBA for you. For each \$5 raffle ticket purchase, Papa Vito's will donate an additional dollar. Amanda Dotson, owner of Papa Vito's, said, "We bowl in a league and I think the younger generation needs to know the value of physical activity."

Steinert said that bowling is a good chance for kids to build skills and even qualify for college scholarships. For more information about kids' league bowling starting in September, call Cassville Bowl at (417) 847-2623. The Bowling alley is located at 1813 Main Street in Cassville. Papa Vito's is located at 802 MO-248 and can be reached at (417) 846-1415.

near Wheaton and raped and murdered her before dumping her body in the Fox Cave sinkhole.

Draper also wrote, “Collings only accepted full responsibility for the murder after he disposed of Rowan’s body, destroyed incriminating evidence, and spent a week lying and misdirecting law enforcement’s efforts to locate Rowan.”

Collings was originally convicted of the crime in 2012, but his defence filed appeals earlier this year after claiming that the court confused jurors and the verdict and sentencing was manipulated by emotional arguments.

When addressing the budget, Cassville Superintendent Richard Asbill brought up school funding issues and also asked about Amendment 3, a ballot initiative that would subject teachers to performance evaluations to determine their job retention in the local districts. Regarding the funding of school, Asbill also stated, “Level funding is not full funding. We still have \$350,000 that we have to ask local patrons to pick up the tab for the difference for our district.”

in the area. McIntosh stated, “The lease has laid on someone’s desk for 16-18 months. I’m confident that reason will prevail and we can get that moving. It’s a mix of state and federal issues. On the state side, there’s MU, on the federal side, there’s the VA.”

Barry County Presiding Commissioner Cherry Warren addressed McIntosh regarding an announcement from the Missouri State Parks to not renew their lease to manage Viney Creek on Table Rock next year. Warren said that the decision was made based on the waste treatment system that needs to be replaced and will cost more than the State Parks will pay. McIntosh stated, “That park is one of five sand filtration systems left. The Corps would have to replace it themselves if they ran it.”

Coker arrested on burglary charges

Steve Chapman

The Barry County Sheriff’s Department arrested a man after he was found hiding in the closet of a house in Golden.

According to a statement released by the Sheriff’s Department, Lewis Coker, 60, Reeds Spring, entered an RV located on a property on Kings Cross Lane in Golden on the night of August 18 and spent the night. The next morning, Coker approached the owner of the property at the back door of her house and asked her if her husband was home.

She said no, and then Coker asked her if she was the owner of the RV. He then asked her if someone else lived there, and she said no. According to the statement, Coker then told the woman he was with the Sheriff’s Department and to let him in the house.

Coker then reached into

the back band of his pants. The homeowner thought he was pulling out a weapon, so she grabbed her car keys and ran to the garage. She got into her car and pulled out of the driveway as Coker ran to the front of the house to try to prevent her from leaving. She got away and called the Sheriff’s Department.

After she left, Coker allegedly then entered the house and put two Apple iPods, a small flashlight, a ring, a silver necklace, and \$9.13 in cash in his pockets. He also took a jewelry box belonging to the homeowner and placed it in the bed of her truck and then started the truck.

Sheriff Mick Epperly and Deputy Sheriffs Bill Watkins and Cole, and Detective Terry Meek arrived at property and searched the RV and then the house. Coker saw them approaching and

Coker

hid in a closet where he was found and taken into custody without further incident. In addition to the aforementioned items, three pills were also found in his right front pants pocket.

Coker, who has an extensive criminal history, is being held in the Barry County Jail on a \$50,000 cash-only bond and is charged with 1st Degree Burglary and 1st Degree Tampering with a Motor Vehicle.

Local wrestling club to provide new opportunities for area athletes

Rachael Freeman

“Growing up, I had two brothers. One six years older and one 6 years younger. The three of us always enjoyed wrestling from a young age. It didn't matter if we were on

the mat, in the yard, or in the house, we were always going at it. We would learn from the older brother or teach the younger brother. It was a bonding experience that we still enjoy,” stated Dr. Steve

Runnels, the driving force behind the Cassville's new wrestling club.

The Wildcat Takedown Club established board members in the spring of this year and has had several meeting to prepare for wrestlers.

The board consists of Dr. Runnels; David Hopper, Vice President; Troy Thompson, Treasurer; Gerald Houston, Secretary; and Chad Butler, Commissioner of Coaches.

Dr. Runnels moved to Cassville in 2005 because he and his wife, Stacy, were ready to start a family and wanted to raise them in a small town environment, similar to the one he grew up in.

“I noticed the great fan base that we had for football, but there wasn't any wrestling program in the schools. That was very rare for a small town,” said Dr. Runnels.

Taking his passion for wrestling, Dr. Runnels began talking to parents in the community and learned that there was wrestling in the past, but the program had fell off along the way.

As the years past and Runnels' family continued to grow, he kept thinking about wanting his children to participate in wrestling.

“In 2007, we started having children. Again, the thought of wrestling had crossed my mind. I asked around a little bit here and there, never pursuing it too aggressively.”

“In 2013, we had our third child. I decided that if we were going to have a program, then maybe I should be the one to do it and quit waiting and wishing for someone else to,” Runnels stated.

Runnels started talking to then Cassville High School Athletic Director David Large on steps he should take in starting a local wrestling program. Large suggested starting out with a young program and see who was interested. Then eventu-

ally, they could approach the Cassville Board of Education with a proposal of high school wrestling.

Later, Runnels was introduced to David Hopper, the Cassville Middle School shop teacher who was trying to accomplish the same task as Runnels.

“David Hopper was the push I needed. He has an extensive background in wrestling, both as a wrestler and a coach. His family is still very involved in the kids club in Grove, Okla. I believe he would be a great candidate for the future position of a high school coach. He also wrestled in college for Appalachian State.”

After taking a soft poll to see area interest, the Wildcat Takedown Club was created.

The Board created a Facebook page for the club that took-off quickly getting over 100 “likes” within eight hours.

The page is used to keep the community updated on wrestling events.

“We are looking at having an October sign-up date with

a \$75 sign-up fee for a single family and then \$50 for any additional family members.”

While the club is seeking wrestlers, it is also in need of certain equipment for the young athletes and are appreciative to any donations.

“We are currently taking donations for the purchase of mats, singlets, equip., etc.. This is where we really need the community to pull together and help us out.” said Runnels.

The Wildcat Takedown Club is using the PACE program's 501(C)3 for tax purposes while they apply for their own.

Anyone wishing to contribute to the new wrestling program should make check donations out to PACE Program and then put Wildcat Takedown Club in the memo at this time so they will know where the monies need to be directed. Donations can be mailed to: 12006 Benton Lane, Cassville, MO 65625.

Runnels stated, “This club is important to me for children to have the same opportunities that I received, not less, and wrestling is a sport that is missing in this community.

“There are also great opportunities for scholarships in the future,” Runnels added.

The Board members behind the club have wrestling experience, with one member even have wrestled for the Cassville High School team.

“Gerald Houston is our only board member that has actually wrestled for CHS when they had a team. After wrestling at Cassville, he went on to wrestle for Crowder College,” said Runnels.

Board member Chad Butler brings with him the knowledge of Nebraska wrestling where he was raised and competed in school.

Troy Thompson wrestled for Webb City when he was in high school. He now has a son wrestling for the Monett Kids wrestling club who will transfer to Wildcat Take Down.

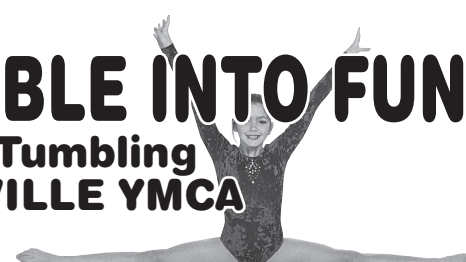

“Wrestling is an important sport to learn discipline, help with strength and balance. Wrestling not only helps skill sets in other sports, such as football with tackling, but also helps you learn how to use your mind to figure out your next move or your opponents.

Annual Wheaton BBQ planned for this Saturday

Pictured about is the quilt pieced by the Wheaton community.

Steve Chapman

Wheaton residents are gearing up for the 56th Annual Wheaton Barbecue on August 23. Several events will be held throughout the day, beginning with the Show and Shine Car Event at 9 a.m. According to Gary Cartwright, President of the Wheaton Street Machines,

the event is “a car show but with no trophies or class.”

“Just bring your car and show it off,” he said. Cartwright added the first 30 participants in the show will receive “a dash plaque, a goodie bag, and a free chicken dinner.” Those who wish to participate can contact Cartwright at (417)

847-7907 or just show up by 9 a.m. on that morning.

At 11 a.m., the Spud McCracken Memorial Horeshoe Tournament will take place. Live entertainment will begin at 1 p.m. and continue for the rest of the event.

There will also be craft booths throughout the day, including the Quilts Galoreious display, a collection of quilts loaned to the Wheaton Historical Society by area residents. The Wheaton Historical Society is still accepting quilts to add to the display. To add a quilt to the display, call the Depot Museum at (417) 628-3817 from 1 p.m. to 4 p.m.

In addition to the display, there will be a drawing for a special quilt, which is the result of a community-wide effort. “Each block of this quilt was made by individuals in the Wheaton area,” volunteer Vicki Easley said, “and we pieced it together and Dorothy Minnier at Backyard Quilting at Harleys did the the quilting for us.”

Tickets will be available for purchase for \$1 each or six for \$5 at the Depot Museum

through August 23 until right before the drawing.

The BBQ meals begin at 11:30 a.m., including barbecued chicken dinners and pulled pork sandwiches. For those wanting something sweet, there is the Fireman’s Ice Cream Booth, and the Wheaton United Methodist Women will sell homemade pies.

For children 12 and under, there will be free rides from 1 p.m. to 8 p.m. Lindy Lombard, Assistant Chief of the Wheaton Fire Department, attributed the availability of the rides to the generosity of the barbecue’s sponsors.

“We have over 50 sponsors this year that have donated to the fire department in order to make the rides for the kids free,” he said.

The duck race in the park will begin at 8 p.m. Ducks are available for a \$5 donation each, and cash prizes will be awarded to the winners. “We pay \$1,000 in prizes to the first five finishers,” Lombard said.

The final event of the barbecue will be a performance by the 221 Band that plays from 8 p.m. until the end.

Central Crossing offers special medicare seminar

Confused about all the changes to our health care system? There is so much confusion about Medicare these days: the Affordable Health Care Act, Prescription Drug Coverage, Advantage Plans, Medigap Insurance, it’s all pretty hard to digest, and all the publicity from TV, radio, the internet, newspaper articles and just plain rumors only add to the confusion. That is why Central Crossing Senior Center in Shell Knob is offering a free Medicare seminar on September 10. The purpose of the Seminar is to give a concise primer on what is available to you and what you should consider in the upcoming Medicare Open Enrollment.

This seminar is highly recommended for every senior approaching their decision time on Medicare, and is designed to help clear up any confusion you may have regarding other health benefit programs which are available.

Topics the seminar will cover include:

- The differences between Medicare and Advantage Plans.
- How do the Medicare Plans work?
- How do Advantage Plans work?
- What do I pay for my

Medicare Coverage?

- What do I pay for my Advantage Plan Coverage?
- Can I have both Medicare and Advantage Coverage?
- What is Medicare Supplemental coverage?

The answers to the above questions are important for anyone entering into Medicare and those who currently have Medicare. Please be informed. Come to this seminar and leave with the knowledge as to what to do next. Health expenses for Seniors can be very expensive. Choosing the correct Senior Health Benefits program can save you money and provide you with better protection. It costs you nothing but can save you plenty.

The Seminar will be held on Wednesday, September 10, at 4: p.m. at Central Crossing Senior Center. Thereafter, if you need special counseling, you can complete a “Counseling Card” and set an appointment for private counseling.

If you have any questions, feel free to contact Karin or Sarah at (417) 858-3456.

Tractor Supply to donate to animal rescues

Tractor Supply Company is looking to “rescue” your favorite Cassville animal rescue.

As part of Pet Appreciation Week, an annual event to celebrate family pets, Tractor Supply is awarding \$25,000 in grants, including a \$10,000 grand prize, to qualifying animal charities through its “Rescue Your Rescue” social media contest.

To get started, Tractor Supply is asking fans and customers from Cassville to visit Facebook.com/TractorSupplyCo and nominate their favorite shelter by submitting a brief story and photo. Nominations are open from Aug. 18 through Sept. 1.

Tractor Supply will narrow the nominations down to the ten best, and the public will vote from Sept. 5 through Sept. 14 at Facebook.com/TractorSupplyCo to choose the winners. Winners will be announced during Pet Appreciation Week, happening at stores Sept. 17 through 21.

“Pet Appreciation Week gives us the opportunity to show how much we love our pets, and also a chance to recognize those who are finding great homes for animals,” said Seth Estep, Vice President, Divisional Merchandising Manager for Tractor Supply. “We in-

vite our fans and customers in every Tractor Supply community to take a moment to recognize the hard work being done to care for animals by nominating and then voting for their favorite shelter.”

The grand prize is a \$10,000 grant, but the top ten will all receive a prize: second place, \$5,000; third place: \$3,500; fourth place: \$2,000; fifth place: \$1,500; sixth place: \$1,000; seventh place: \$800; eighth place: \$650; ninth place: \$350; and tenth place: \$200.

Pet Appreciation Week or P.A.W. is an event to celebrate pets and introduce families to the joy of owning animals. As part of the main event on Saturday, Sept. 20, every Tractor Supply store will feature pet adoptions through a partnership with Petfinder, demonstrations on pet nutrition, discounts on pet food and supplies, free giveaways and valuable in-store prize drawings.

All Pet Appreciation Week events are open to the public and pets and will take place at Tractor Supply stores in the Cassville area. On Saturday, attendees will receive free gifts while supplies last and can enter a drawing to win a \$200 gift card, a \$100 rebate on pet services or a “Doggie Bag” prize pack valued at \$35.

Why is Jug N' Plug a silver sponsor of the September 2014 Shakin' in the Shell Festival and Car Show? Managing Owner Rachael Morris says simply, "It is part of being part of the community."

Jug N' Plug opened its doors in 1982, was closed for awhile and then reopened under current ownership in 2009. his iconic store in the plaza sells a unique combination of items from bait to fishing tackle to beverages to creatively log'd attire, "a little bit of everything" says Morris and takes pride in being "clean and friendly, quick and easy."

Morris makes it clear that an important part of Jug N' Plug's community activities include showing appreciation to the customer base who helps keep them open during the winter months through an annual customer appreciation day, as well as seeking opportunities to support the area through such activities as a Christmas food drive in conjunction with one of the churches and is exploring other areas to increase their community involvement. "This (supporting the Shakin') is a good way to do it too," says Morris.
