

Fitzpatrick campaign kick-off Nov. 4

CASSVILLE EVENT TO FEATURE GOV., LT. GOV. AND OTHERS

State Treasurer Scott Fitzpatrick

Charlea Estes-Jones

Current State Treasurer Scott Fitzpatrick R-Cassville is officially kicking off his campaign to run for his seat again in Cassville next week. On Monday, November 4, there will be a campaign kick-off event at Cassville High School from 6 p.m. to 8 p.m.

The guest list for the event includes all of the state-wide Republican office holders, as well as a couple of other prominent names.

Guests will include Missouri Governor Mike Parson, Lieutenant Governor Mike Kehoe, Secretary of State Jay Ashcroft, Attorney General Eric Schmitt, Speaker of the House Elijah Haahr and Republican

House District 158 candidate Scott Cupps.

Fitzpatrick said, "We'll serve a meal and all of the state-wide elected officials as well as the Speaker of the House will be in Cassville, which is the first time that's happened here, I would guess. It is the first time at least in my life-time."

The kick-off will be held at Cassville High School, which holds significance for Fitzpatrick. He said, "Thirteen years ago, I was eating lunch in that cafeteria. I want to launch the campaign where I'm from, and I think I'm the only person who's been in a statewide office from Barry County, and I want people here to know I'm still from Barry County."

He added, "It's people here that gave me the opportunity to be in an elected office in the first place, and I haven't forgotten that."

Fitzpatrick said each of the state-wide office holders will speak, including the Governor and Lieutenant Governor. He will also speak about his campaign at the end of the evening.

Fitzpatrick was selected as State Treasurer by Governor Parson and was sworn into the office on January 14 of this year while serving in his third term as District 158 State Representative. Prior to being appointed as treasurer, Fitzpatrick was the youngest state budget chair at 28 years old when he was selected in August 2016. He was first elected to the House in 2012 at the age of 25.

Fitzpatrick graduated from Cassville High School in 2006. He earned his bachelor's from the University of Missouri in 2010 before being elected to the State House of Representatives in 2012.

Fitzpatrick lives in Cassville with his wife, Mallory, and their two sons, Luke and Carson.

The campaign kick off will include a free meal and is open to the public. Tickets can be reserved online through Fitzpatrick's official politician Facebook event.

Chilly chili cook-off draws a hungry crowd

The chilly, rainy weather didn't keep the Cassville Chili Cook-Off from heating up this weekend. On Saturday, October 26, the Cassville Chamber of Commerce held the annual chilli cook-off event in the town square. Local businesses set up booths on the street, handing out useful information about their services along with a side of homemade competition chili.

Braving the cold and rain in the name of fun, Adalaide Anderson, 4, of Cassville, chows down on her cotton candy as her father, Phillip Anderson, tries to keep the umbrella over her.

Cassville R-IV teams with area businesses, local college to identify job skill needs

Vinnie Roberts

The world is ever-changing. Workplaces and their needs are constantly evolving, necessitating change from those around them to compensate. Understanding this, Cassville R-IV school district has been making strides to keep the district in-line with the changing times.

Recently, members of the school's administration has been meeting with others in the community to foster a new kind of relationship between the school, employers, technical schools and the local college.

"We had a meeting last week with two gentlemen from Crowder College that started a program with career and technical centers in the region," said Traci Mitchell, Cassville's director of learning.

This program is the Southwest Missouri Career Pathways Coalition, a program designed to assist educators in helping train students in the skills they need to succeed in their communities post-grad.

During the meeting, Cassville representatives were given information about the workforce demographics in Barry County. The packet distributed during this meeting contained a detailed break-down regarding the jobs in the county, also identifying their level of growth and median income.

For Barry County, the top three professions available are: manufacturing and production, with 3,066 jobs available and an average hourly earning of \$15.23; office and administration, with a total of 1,864 jobs in the county and a median hourly earning of \$13.84; and sales, 1,443 jobs and a median hourly wage of \$11.23.

According to Mitchell, the school will use this information as a means to better prepare their students for the job market in

Barry County. The district will do this by working closely with Crowder College and local employers to create channels of communication about their needs, effectively ensuring that every graduate leaves the district with a plan for either higher education, technical education or skilled labor.

"They're helping build the relationship between schools, career and technical centers and area business and industries," explained Cassville High School principal Keith Robertson. "They're trying to identify what industries are a growth industry and what jobs are going to be available based on trends from the bureau of labor. They're also finding ways to make connections between secondary schools to help us produce work-ready graduates.

"We're identifying those job areas that have a lot of growth or need and establishing relationships with local businesses and having them engage with us in the educational process. It's a paradigm shift. We're looking at what it's going to take to produce a college-ready or work-force-ready student in 2020 and beyond."

The administration and the student body aren't alone in these efforts, however. According to Robertson, Cassville teachers have also been making scheduled visits to area employers, meeting with them to discuss the kind of workforce skills that they would like to see fostered in the classroom.

"We're also looking at targeting professional learning for our staff and our teachers so that they know what's available in our community," explained Mitchell. "Some of our staff need better direction in helping our students prepare for careers."

"Teachers from all content areas have been visiting area businesses and being a

DON'T RAISE THE RISK

During any kind of project around your home or property, remember there's more overhead than buildings, trees and sky. A ladder can easily reach high enough to cause potentially fatal contact with power lines.

Always look up before raising or moving a ladder to make sure it's at least 10 feet from any electrical lines. Keep your eye on power lines and your mind on working safely.

JOB SKILLS from FRONT

part of panel and roundtable discussions,” Robertson further explained.

Robertson explained that teachers from the district have so far visited with Mercy Cassville and Jack Henry and Associates. He explained that another trip to Arning Companies, Inc., of Cassville, was planned for sometime in November.

In the meantime, according to both Mitchell and Robertson, they have begun working with students on some of the success skills that these employers all claim to have a common need for.

“The number one type of skills that they’re trying to get us to get to students are soft-skills, employability skills,” said Mitchell. “They say for every ten that they hire they fire seven for not showing up on time or not having appropriate relationships with their co-workers. So, we’re focusing not only

on hands-on career skills, but also those soft skills because they are vital.”

“Some parents and students get frustrated with us because we focus so much on attendance,” continued Mitchell. “That is what the employers are telling us. They can’t get people to work or to work on time. That’s why we talk so much about tardies and absences. We want to be in direct alignment with what our business and economic leaders are telling us.”

Mitchell and Robertson also explained that the district is changing its views on cellphones and computers in the classroom, seeing them more as tools that need instructions on proper use, rather than a distraction.

“Having access to these tools that can connect you to everyone, we’re trying to teach them that they can use them at the appropriate

times. It’s not like some kind of epidemic, these kids aren’t on their phones all the time. It’s just how we are now as a society. We’re not trying to get the kids away from this stuff, we’re trying to provide it to them and show them how to use these tools in the appropriate manner.”

“I know that sometimes, we get some frustration for not banning them completely, but that’s not the real world. That’s what they’ll see when they get out into the real world,” continued Mitchell.

Mitchell concluded, stating that the school would be continuing to work on other soft-skills that have always been universal to employment. These include: teamwork, team building and

critical thinking.

“The world is changing so quickly,” said Mitchell. “We must train our students to think critically. We say it all the time, we’re training them for jobs that don’t exist.”

Robertson stated that the school is currently looking into the viability of externship programs with area businesses, but that considerations regarding liability and student safety will have to be made. According to him, the district is currently identifying candidates that could help make this pilot program a reality.

Mobile MRI brings expanded capabilities to Cassville

Increased accuracy and a more comfortable exam are rolling in to Mercy Hospital Cassville each week with a new mobile magnetic resonance imaging (MRI) unit.

The GE SIGNA® HDxt 1.5T not only provides superb image quality to see what’s going on inside patients, it also captures the images faster. That’s important to many patients, who find the tight space inside an MRI to be uncomfortable. And, this machine means local patients aren’t traveling to get images of areas that were tricky to see before, like elbows and wrists.

“Having this technology will allow our patients to have high-quality MRI imaging done right here in their own community,” said Larry Gold, Mercy radiology manager. “The MRI unit comes to Mercy Hospital Cassville every Tuesday and Thursday, with exams beginning at 7 a.m. and continuing into the evening hours.”

That convenience is part of the ongoing mission at Mercy.

“We’re dedicated to continuing the mission of the Sisters of Mercy before us, by offering health care locally,” said Nicki Gamet, administrator of Mercy Hospital Cassville. “We are focused on providing high-quality care with compassionate and exceptional service, and we are so happy to have this up-

graded technology available to the great community we serve.”

Lamar bruises Cassville in Big 8 West showdown, 14-10

Lee Stubblefield

There were 370 reasons why Lamar defeated Cassville on Friday night, and one reason why Cassville could not win.

The Lamar Tigers owned the line of scrimmage in this final regular season game at Thomas O’Sullivan Stadium at Lamar, chewing up the field and the Wildcats with a 370-yard rushing performance in claiming a 14-10 victory. Lamar had no passing yards in the game, as the Tigers never even attempted a pass. The Cassville defense, after making critical stops throughout the game, could not deny Lamar on a fourth-down to open the fourth quarter, and that Case Tucker touchdown run was the difference on the scoreboard.

A stable of running backs combined for the impressive team rushing total. No Tiger reached the century mark for the contest, with Cade Griffith leading Lamar with 99 yards on 9 carries.

In contrast, Jericho Ferris led Cassville with 75 yards on 14 carries while the Wildcats rushed for 168 yards on 39 attempts. Deven Bates completed 5 of his 12 pass attempts for 124 yards and Cassville’s lone touchdown.

This was an old school Big 8 war in the trenches.

The Lamar defense was stout on the line too, shutting down Cassville’s interior rushing game. But the arm of Bates and the leg of Drake Reese kept the Wildcats in the game and in the lead until the fourth quarter.

The Tigers self-destructed on three promising drives, missing a pair of field goal attempts on their last two possessions of the first half, and then fumbling at the Cassville one-yard line with the first possession of the third quarter. With a little luck, Lamar could have had a big lead at that point instead of trailing 10-7. Credit the stalwart Cassville defense for a trio of big stops.

Lamar held Cassville to a single first down to open the game, then drove the field to take an early 7-0 lead. Freshman running back Austin Wilkerson capped a 7-play, 77-yard drive with a 12-yard scoring run to put Lamar in front.

The Wildcats answered quickly. Bates found DJ White loose for a 28-yard connection to the Lamar 45-yard line. Four plays later, Bowen Preddy broke free on a post route and Bates delivered a 33-yard scoring strike. Reese knocked the PAT through the uprights to tie the score.

The next four possessions saw a pair of Cassville punts and a pair of missed field goals by Lamar. The Tigers drove inside the Cassville 15-yard line twice, but came away with no points.

Then the Wildcats, racing the clock, drove to the Lamar 19-yard line, where Reese drilled a 36-yard field goal with just six seconds left..

Cassville led 10-7 at the half.

Lamar took the second half kickoff and reached the Cassville one-yard line with just two long plays. But on first-and-goal, a bad snap sailed over the twin quar-

terbacks and Preddy flew in to recover at the Cassville 9-yard line.

The teams traded punts, and then the Tigers finally got a break. With the third-quarter clock bleeding out, Bates fumbled on third-and-short and a pile of Tigers recovered at the Cassville 21-yard line.

Four plays later, the Tigers faced fourth and one at the Cassville 11-yard line. On the first play of the fourth quarter, Tucker burst through the line for a touchdown run to give Lamar a 14-10 lead.

Cassville put together a long, time-consuming drive in a bid to retake the lead. Bates directed the ‘Cats from their own 24-yard line into Lamar’s red zone as the clock passed the five minute mark. But on fourth down at the Lamar 12-yard line, the Tigers blew up Cassville’s pass attempt.

Then the Lamar offense ground out three critical first downs, denying Cass-

ville possession for the remainder of the game.

Lamar won a bruising battle, 14-10.

Lamar saw this game more as a chance for redemption rather than revenge for last year’s epic loss at Cassville. Scott Bailey’s players have spent a year reliving the 24-21 heartbreaker, and on Friday the Tigers channeled all that frustration into a big win over the Wildcats.

Both Lamar and Cassville finish the regular season with 7-2 records and move on to the first round of district play. Cassville, the second-seed in Class 3 District 6, will host one-win Aurora on Friday at Wildcat Stadium. Kickoff is set for 7 PM.

COAT DRIVE from 2A

ville.

Ewbanks went on to explain that the group hopes to make this an annual event for their organizations.

“This is our first annual, but we’re hoping to do it every year,” explained Ewbank. “We’re hoping to get a lot more people involved in doing this, because we feel that it’s a big need in the community.”

Once the drive ends on November 25, the coats will be rounded up from all participating locations. From there, the coats will be divided up to suit the needs of several Barry County school districts.

According to Ewbank, the school districts targeted for distribution are Shell Knob Elementary, Southwest, Cassville and Exeter.

Coats will go to students of all ages.

Ewbank also stated that the currently partnered businesses are open to participation from other organizations looking to get involved with the coat drive.

To learn more about collection and drop-off points, or to get involved with the coat drive, contact the Cappy Harris Realtors office in Cassville at (417) 846-1144.

Kids enjoy annual Howl-O-Ween Fest

The ghosts and goblins were thick in Eagle Rock on Saturday afternoon, October 26, as they gathered for the annual Halloween party at Eagle Rock Community Association’s Howl-O-Ween Fest.

From old favorites like the cake walk, to newer favorites like lazer tag and everything in between, the afternoon was enjoyed by over 100 children, many in costume. Prizes were given in several categories. This popular event is hosted by Eagle Rock Friends of the Library and made possible by dozens of local volunteers, making it truly a community project. Shell Knob Memorial post to host Veterans Day celebration

Jeff Harp

You’ve heard reference to “the 11th hour of the 11th day, of the 11th month” back in history class. The term is associated with what is now known as Veterans Day. Originally, however, what we refer to as Veterans Day was for years known as Armistice Day. That was the name given to commemorate the temporary cessation of hostilities (armistice) between the Allied nations and Germany in what was commonly known as the “Great War” (World War I). One year later, then President Wilson proclaimed November 11 as the first commemoration of Armistice Day. Of course, as it turns out, the “Great War” or “War to End All Wars” didn’t end wars and after World War II, where more than 16 million people served; and the Korean Conflict, with some 5.7 mil-

lion more having served; Armistice Day was aptly renamed Veterans Day. In 1978, President Ford signed a new law which set aside the observation of Veterans Day to November 11th, except where it falls on a Saturday or Sunday, the federal government observes the holiday on the previous Friday or following Monday, respectively.

A common misunderstanding is the difference between Memorial Day and Veterans Day. Both days do honor veterans; however, Memorial Day specifically honors those veterans who’ve died in service to their country (especially those who’ve died in battle or as a result of their wounds received in battle); whereas Veterans Day is more inclusive as it is a holiday specifically to honor and thank all veterans, living or deceased, who’ve served their nation

honorably, during times of conflict as well as during times of peace. In fact, the Veterans Administration specifies “Veterans Day is largely intended to thank living veterans for their service, to acknowledge that their contributions to our national security are appreciated, and to underscore the fact that all those who served - not only those who died - have sacrificed and done their duty.”

So on Veterans Day, throughout the nation, we take the time to remember our beloved veterans, those who’ve passed on and those who are still with us. We honor the memories of those who’ve predeceased us, but just as importantly, we thank all living veterans who’ve selflessly served their country. In Shell Knob, the VFW Post 2203 will begin that commemoration at the Veter-

ans Memorial Garden just off Highway 39, adjacent to Fohn Funeral Home. It will occur on Monday, November 11, at 11 a.m. and lasts a little under an hour. Upon completion of the memorial portion of the service, those attendees are encouraged to gather at the Post 2203 Building, just north of town on Highway 39, for a delicious bar-b-que luncheon sponsored by Jim Fohn and Fohn Funeral Home. During this portion of the commemoration, certain members of the Shell Knob Memorial Post 2203 will be awarded quilts by the Shell Knob Discovery Quilt Guild.

Mark your calendars for this special occasion. Bring a friend, maybe even a veteran. It should mean a lot to all of us. It will especially mean a lot to a veteran.

Purdy Eagles host record-breaking Pink Out event

Representatives from the Purdy High School organizations that teamed up to host Pink Out 2019 pause for a photo with their beneficiary, Mrs. Janice McCracken, founder of the Power of Pink foundation. From left to right: Purdy High School FBLA members Makayla Mazza and Lisa Lee; MAD club member Francis Mathews; PHS volleyball coach Ashley Brown; Power of Pink founder Janice McCracken; and PHS volleyball team member Annabelle Bowman.

The Purdy R-2 School District’s annual Pink Out activities brought in a record-breaking total of \$1550 this year, to be given to Wheaton’s Power of Pink, a foundation that assists area women battling breast cancer. Founded in 2010 by Janice McCracken, the Power of Pink will host its 10th anniversary walk/run in May. In its first decade, the Power of Pink has raised over \$180,000 and touched the lives of over 30 local women.

Purdy R-2 School District students in grades Kindergarten through 12, staff and community members participated in a variety of fundraisers, including t-shirt, bandana, bracelet, bead, cake pop and cookie sales; a school-wide face painting booth; and a volleyball serving contest.

PHS Volleyball Coach Ashley Brown noted of the record-breaking event, “It was definitely a team effort, and not just the volleyball team. We partner with our Future Business Leaders of America (FBLA) chapter and our Music Art and Drama (MAD) club. This year, we also owe a huge thank you to Jennifer Robbins and Amy Harkey for donating cake pops and cookies. We are a true testament to the power of working together for a worthy cause. We are honored and humbled to present our earnings to the Power of Pink.”

For more information on the Power of Pink, visit their website: www.powerofpinkmo.com.

Haven of the Ozarks' Pet of the Week: Henry

Meet the Haven of the Ozarks Pet of the Week: Henry. Henry loves treats so much. He's trained, knows how to sit, stay and lay down. He's great with all humans, including children and even people in wheelchairs. He loves to sit at your feet and get pets. He also loves to give kisses and go for car rides with the window down to feel the fresh air on his face. Henry's favorite toys are bones, and they'll keep him busy for days. He also likes sitting in his empty pool. Canine companions aren't his favorite, so a no-dog-sibling home would be best.

Haven of the Ozarks is open 9 a.m. to 4 p.m. each day of the week or call (417) 835-3647 for more information. Haven of the Ozarks Animal Sanctuary is located at 9617 Farm Road 2190 in Washburn. Visit them online at www.havenoftheozarks.org.

CHS to host veterans assembly

Cassville High School will be hosting their 31st annual Veterans Day assembly on Monday, November 11, at 9 a.m. The event will be hosted in the high school gymnasium and is open to the public who would like to attend. The assembly will include performances from the Cassville mass choir and concert band, a reading of essays written by Cassville students about the meaning of heroes and freedom, and a performance by the JROTC demonstrating the Thirteen Folds of the American Flag.

Seating for the event will begin at 8:30 a.m. Any veterans that will be in attendance are invited to sign in at the registration table upon arrival so that they can be recognized for their service during the ceremony. At the conclusion of the ceremony, there will be a reception held in the FEMA gym. Pulled pork sandwiches, chips and baked beans will be served for all veterans and their family members.

For any additional information, please contact the school at (417) 847-3137.

Letter to the Editor: Thank you to Mercy ER

I was in the ER in Cassville on October 17, 2019, for six hours. I just want to say I had very good care. The doctor, nurses and x-ray tech were very attentive, caring, concerned and compassionate.

Give this little hospital a try, you will be surprised at the care.

Thanks again to all of you again and again.

-Marylou Williams, Seligman

SKITS to present Peril on the High Seas

Boos, hisses, and "aahhs" are expected in the SKITS fast-paced, manic melodrama "Peril on the High Seas," performed on November 8 and 9 at 6:30 p.m. with an additional 2 p.m. matinee performance on November 10.

Hop aboard the HMS Majestic, currently docked at the United Methodist Church in Shell Knob, where Captain Barney Kuhl will greet you as you board for this hilarious Roarin' Twenties ocean cruise where Mitzy, Ditzzy, and Ritzy teach their friend, the heiress Merry Ann Sweet, how to dance the Charleston.

But wait...there's evil afoot in the form of a would-be kidnapper who wants Merry's fortune, and a young man on ship who's in love with her. Boo, hiss, hurrah and clap your hands to the music on this hilariously fun audience-participation live show.

Peril's director, Anne Hoffman, says she is having a blast. According to Anne, "This is the best cast SKITS has ever had. I am so proud of how much progress they've already made and how well the play is shaping up. I can't wait for opening night to get here." Anne admits she may be a bit prejudiced.

The production, presented by SKITS, is sponsored by local patrons, businesses, Table Rock Lake Community Foundation, Missouri Arts Council and ticket sales. So, get your boarding pass (ticket), pick up some homemade goodies at the concession stand, and join SKITS for this wacky ride.

Tickets for all performances are now available at Jug 'n Plug, Freedom Bank, Arvest Bank and the Shell Knob Chamber or Commerce. Tickets are \$9 for adults; children 12 and under are free. Will call tickets can be purchased by calling (417)858-6199. Be sure to like andshare SKITS on Facebook @SKITSCommunityTheater. See more information at www.shellknobspotlight.com.

Purdy High presenting musical Nov. 1, 2

Rehearsals are in full swing for the 2019 Purdy High School Musical. Eagle performers will take the stage to present "Thoroughly Modern Millie, JR." on Friday, November 1, and Saturday, November 2. Performances will be held each evening at 7 p.m. in the district's Performing Arts Center. Tickets are \$5 each and will be sold at the door.

"Thoroughly Modern Millie" tells the story of a small-town girl, Millie Dillmount (portrayed by PHS sophomore M'Kena Propps), who comes to New York City to marry for money instead of love. Purdy High School vocal music director Lauren Lee invites patrons to "experience the magic of the Roaring '20s, when women were just entering the workforce and also embracing the glamour, fringe and beaded world of the flapper. Join us as we Charleston our way back in time for this Tony Award-winning spoof of a silent movie melodrama."

A sampling of Purdy performers rehearsing lines and dance steps is pictured above, from left to right: M'Kena Propps as Millie Dillmount; Makayla Mazza as Alice; Mea Hernandez as Rita; and Avalon Rivers as Ruth. Photo by Linda Van Deuren.

Exeter FFA got dirty at 2nd annual Muddin' For Members

On August 16, the Exeter FFA welcomed back the school year with their 2nd annual Mudding for Members. 38 members and future members spent the evening playing countless games of volleyball, eating and getting extremely muddy. Exeter FFA would also like to thank Exeter's Fire Department for providing the water to make the mud volleyball game possible.

Pictured at right, from left to right, in the back row: Isabelle Donovan, Olivia Garner, Dylan Hobbs, Corey Hillburn, Levi Gautney, Dawnee Sorensen, Karlee Willis, Kason Davidson, Alyssa Whisenhunt, Sam Crouch, Madison Crumpler, Wyatt Hoppes, Jude Still, Yvonne Bradford, Riley Still, Lane Willis, Jamison Nicholas and Cesar Arellano. Front row: Aubrey Reed, Mackenzie Reed, Makenze Shaw, Bella Logan, Aubree Donovan, Maylea Henderson, Ali Daniels-Arivett, Jasmine Hall and Emma Sorensen.

Pictured below, the Exeter FFA members play a particularly muddy game of volleyball at the second annual Muddin' for Members event.
