State to not seek death penalty in Washburn murders

Charlea Estes
Assistant attorney general Darrell Lee Moore filed a notice of intent to seek like imprisonment against Christopher Paschall, the man accused of murdering two people in Washburn last year. Moore filed the intent to waive the death penalty on Monday, September 19, in preparation of the pending trial set for March 27, 2017, in Judge Jack Aaron Louis Goodman's Barry County courtroom. Paschall, 39, of Springdale, Ark., is currently being held in the Barry County Jail without bond on multiple charges until the trial concludes. Paschall was arrested in Arkansas where he was held on unrelated charges before being extradited back to Barry County in late February of this year. Paschall is charged with two counts of

murder in the first degree, three counts of armed criminal action and one count of parental kidnapping for the shooting deaths of ex-girlfriend Casie Brace, 29, and her grandfather Herbert Townsend, 76, in his Washburn home on January 5, 2015. Paschall then allegedly kidnapped the two-year old daughter, Alli, Brace and Paschall shared. On January 5, Barry County Sheriff's deputies were dispatched to Townsend's home in Washburn after a 911 call was placed, according to the affidavits of probable cause. When officers entered the home, they reported to find Townsend shot and bleeding while holding a gun in his living room. When asked, Townsend pointed blame to Paschall for the shooting. Brace was dead in the home, and Townsend succumbed to his injuries shortly

Cassville hires public works director as new city administrator

Walensky

Charlea Estes
For the first time since 2012, the City of Cassville will have a city administrator to bring a cohesive approach to city projects and functionality. Current Cassville public works director Steve Walensky was selected by the city council members, and he will be transitioning over to his new role as the city administrator. Walensky got the call that he would be filling the new position on Monday night after the Cassville's council went into closed

session following the regular monthly meeting. Walensky, who has been the public works director for almost six years, said that he was interested in the position, but it wasn't until recently that he met the requirements. He explained, "Before, there was a residency requirement that made me ineligible. I live about a mile outside of the Cassville City limits." However, the city opted to waive the

residency requirement, which made Walensky a prime candidate. He approached his employees in the public works department about his switch to the new position and was met with positive feedback. He said, "They were all very supportive. I was humbled. Just everyone, all the city staff, the mayor and the council were supportive on this." An exact date for Walensky's transition is to be determined. He said, "I need to put together the requirements for my replacement before we post it." After the job is posted, Walensky will be able to work with the new director to make sure everything is on track. Since the city has

not have an administrator for a number of years, the absence won't be as noticeable. He said, "This will allow for a smooth transition." He is definitely excited and optimistic regarding the move. There has already been conversations about the opportunities for the city with the position filled again. Walensky said, "One thing we've talked about is a more strategic plan for the city and public works. Right now, we've got plans for transportation, sewer and water, but there are other things. We will have a broader perspective to envelope all of these elements." He said he hopes to focus his efforts on economic development. With groups like the Cassville Main Street Asso-

State poverty rates drop, Barry County rates continue to rise

Charlea Estes
Last week, United States Census Bureau's American Community report was released, revealing that the state of Missouri's poverty rates fell by nearly 0.7 percent between 2014 and 2015. However, preliminary data shows that Barry County's rates actually increased by 0.2 percent.

Currently, the poverty rate, or the number of people living at or below the federal poverty level for their family size, sits at 14.8 percent, a drop from 2014's number of 15.5 percent. Barry County's current rate is 20.2 percent, which is a slight increase over 2014's 20.0 percent. For Barry County residents,

that means more than 1 in 5 people is living in poverty. For a family of four, the federal poverty level is \$24,250. Anyone living at or below that line is considered to be living in poverty. For comparison, the median income for Missouri in 2015 is \$50,238, which is up from 2014's \$48,363. In Barry County,

Cassville airport repaving project underway

PUBLIC WORKS DIRECTOR SAYS ON TIME AND ON BUDGET

The taxi lane repaving at the Cassville Municipal Airport is progressing on schedule. Work is expected to be complete by mid-October.

Charlea Estes

The Cassville Municipal Airport will be a much smoother ride for planes taxiing to the runway with recent renovation to the taxi lanes outside of the hangars. The City of Cassville signed a contract and work began on the new taxi lanes in August, and the project should be complete by mid-October.

According to the Cass-

ville public works director Steve Walensky, the project is both on time and on budget.

The MoDOT Aviation Department is the organization that brought the disrepair of the taxi lanes to the city’s attention. Walensky said, “We knew that the repairs needed to be made, but MoDOT included it in their report.” The airport is evaluated annually for any

projects that need to be completed.

The city was able to fund the project with a 90/10 grant through MoDOT. Overall, the total price tag of demolishing the old taxi lanes and reconstructing them

according to aviation standards and requirements was \$240,254.90.

The work on the pavements is being done by Couch Construction, and Walensky said it has gone smoothly. He said, “The whole thing’s come together really well. Couch Excavation has been excellent to work with throughout the project.”

The actual design of the reconstruction was completed by Lochner, an airport consultant company the city has used before. All elements of the project have to be closely considered, even the grass used to reseed once the project is completed. Two companies submitted bids to complete the project to Lochner’s specifications, and Couch came in with the lower of the two bids. Walensky said they’ve also enlisted the

services of Hutchens Construction for parts, keeping the project local. He added that the city was unable to do the work with their employees because of requirements for aviation projects. He said, “The specificity to do work on an airport is beyond what we can do.”

As it stands, Walensky rated the repaving project at about 60 percent complete. When they initially began, the project had a two-month estimate, which crews have kept to. The contract with Couch was signed on August 1, 2016, with work beginning in mid-August. Walensky said he fully expects work to be completed by mid-October as they initially planned.

While the construction has been underway, hangars have been unavailable, and some airplanes have been tarped near the runway. Cur-

rently, the hangars are still unavailable to pilots while the construction project continues.

Commerce Bank donates to L.U.C. Boys Ranch

Each year, Commerce Bank contributes to local organizations that make a positive impact on the lives of a great number of Barry Countians. The donations are made possible by Commerce Bank and Commerce Bancshares Foundation.

Commerce Bank presented a check for \$250 to the Lives Under Construction Boys Ranch. Pictured above, from left to right, are: Jessica Cowles, Commerce Bank personal banker; Jessica Ponder, of L.U.C. Boys Ranch; Anchor Blouir, of L.U.C. Boys Ranch; Jacob Cato, of L.U.C. Boys Ranch; Robin Mattingly, Commerce Bank assistant manager; and Nicole Howe, Commerce Bank personal banker.

Education required for firearm hunting permits

The Missouri Department of Conservation (MDC) reminds hunters they must show proof of their Hunter Education certification number to buy firearms hunting permits if their certification number is not already in the Department's permits system.

A hunter education course is required for hunters born on or after Jan. 1, 1967, who hunt with firearms. Proof of certification from any state is acceptable.

Hunters can find their "Hunter Ed #" on the front of their Missouri Conservation Heritage Card or on their temporary Hunter Education certificate.

If hunters do not have one of these, they can call the Missouri Department of Conservation's Hunter Education or Permit Services staff at (573) 751-4115.

Missouri hunters and anglers also need their Conservation ID number, their Social Security number, or their driver's license

number to buy hunting and fishing permits. They must also provide their date of birth. The Conservation ID number can be found on the back of their Missouri Conservation Heritage Card along the bar code, or on any current or expired permit.

Buy Missouri hunting and fishing permits from

numerous vendors around the state, online at mdc.mo.gov/buypermits, or through the Conservation Department's FREE mobile apps, Mo Hunting and Mo Fishing, available for download through Google Play for Android devices or the App Store for Apple devices.

Commerce.

- Please notify the Clerk's office if you have moved and have not updated your address or had a name change.
- Absentee voting starts on Tuesday, September 27, 2016, at the Barry County Clerk's Office in Cassville from 8 a.m. to 4 p.m.
- If unable to vote in person, you may send a written request to the office of: Gary Youngblood, 700 Main St. Suite 2, Cassville, MO, 65625 or fax to: (417) 847-5311. They will need: name, physical address,

mailing address, date of birth, last four (4) digits of social security number, phone number, reason for voting absentee and signature. If you live in the Shell Knob or Monett area, you can go by the Shell Knob Chamber or Monett Chamber Office and fill out the absentee application. They will fax it to the Barry County Clerk's office. For more information, call: Barry County Clerk Gary Youngblood at (417) 847-2762 or (417) 847-2561 or email barrycountyclerk@centurytel.net.

RALPH LAMBERT

Ralph Lambert went to be with The Lord, Wednesday, September 14, 2016, peacefully at home at the age of 90. Ralph was born on the family farm October 13, 1925, in Glen Ellyn, Ill., the son of Oscar Lambert & Estella (Barkai) Lambert. Ralph was united in marriage to Mary E. Prest on June 19, 1954. He moved to Shell Knob in 1959, where he built Kings Harbor Resort and raised his family. Ralph was an avid fisherman and enjoyed creating fishing lures that he shared with many. He was an active and

well-loved member of the community and Holy Family Catholic Church. Ralph was a good man who enjoyed and helped many people. He will be greatly missed by his friends and family.

Ralph was survived by his wife, Mary E. Lambert; a brother, Donald Lambert; his seven children, Eric Lambert, Katherine Pigg, Michael Lambert, Sara Hankins, Judy Wilkerson, Joan Gryder, Robert Lambert; and his childrens' families that include seventeen grandchildren and five great-grandchildren.

He was preceded in death by his sister, Loretta (Lambert) Mattson; and two brothers, Joseph and Keith Lambert.

Funeral mass was held at 10:00 a.m. on Monday, September 19, 2016, at the Holy Family Catholic Church in Shell Knob with The Reverend David Baunach, Celebrant, officiating.

OBITUARIES

HELEN LEE "COLE" NICKS

Helen Lee "Cole" Nicks, 91, passed away on September 14, 2016, at the Maples.

She was a loving wife and mother. She is preceded in death by her husband, Loyd; and her daughter, Cheryl Ellis. She is survived by her daughters, Pennie Payne and husband, Lester, Janet Davis and husband, Steve; her son, Gary Nicks and his wife, Donnell; five grandchildren;

and one great-grandchild. We would like to thank The Maples staff for all their kindness and care.

Graveside services were at 11:00 a.m. Saturday, September 17, 2016 at Fairland Cemetery in Fairland, Okla.

Arrangements are under the care of Greenlawn Funeral Home East.

TJUANA "JEAN" SPARKS

Tjuana "Jean" Sparks, 67, of Cassville, passed away Thursday, September 15, 2016 in her home.

She was born August 21, 1949, in Pyatt, Ark., the daughter of James and Ella Mae (Crabaugh) Burns. On June 2, 1967, in Seligman, she was united in marriage to Allen Sparks, who survives. Also surviving are her mother Ella Mae Burns; two sons, Charles Sparks and his wife, Stacey, of Neosho, and Chris Sparks and his wife, Kyndra, of Cassville; two brothers, Howard Burns and his wife, Jackie, of Exeter, and Edward Burns and his wife, Donna, of Seligman; three sisters, Patty Denny and her husband, Gordon and Mary Gabbard and

her husband, Sherman, all of Seligman, and Donna Sue Hutchens, of Cassville; five grandchildren, Libby Hinson and Kayleb, Austin, Teagan and Ryker Sparks; and one great-grandchild, Morgan Hinson.

She was preceded in death by her father.

Jean graduated from Southwest High School in Washburn. She was a line worker at Justin Boot Factory. Being with her grandkids and family were her favorite joys. She had lived in Barry County her entire life and was of the Pentecostal faith.

Graveside services were held at 2:00 p.m. Sunday, September 18, 2016, in Russell Cemetery, Butterfield, under direction of Fohn Funeral Home, Cassville. Reverend Bob Burns conducted the services.

Contributions in honor of Jean Sparks may be given to the American Heart Association.

Rep. Fitzpatrick speaks to Southwest students

Helen Marie Pendergrass Hoyt of Riverside, Texas, departed this life at 1:15 p.m., Monday September 12, 2016. She was born in Alton, Ill., January 19, 1932, to Arthur Francis Pendergrass and Alvina Grace Kohlmliller. Her father died in 1936 and her mother remarried in 1938 to Harold Clifton Lindley. Helen grew up in the Pierron and Pocahontas Townships of Illinois. On July 7, 1952, she married Charles Edward Hoyt, Jr., in Woodriver, Ill., and began her life as a devoted Navy wife for the next thirty-two years, traveling around the U.S., Philippines, and Japan while raising her family.

Helen enjoyed sewing, cooking, archery, bowling, painting, and skeet shooting. She enjoyed making desserts such as cheese cake for the Thomas Lake Road Fire Department auctions. She was a devoted and loving wife of 64 years, a cherished mother to her children, and treasured sister.

Full obituary may be viewed and memorial condolences made to the family at www.shmfh.com.

Gayland Dale Burkett, 60, of Monett, passed away September 18, 2016, at Cox Monett Hospital.

Memorial services will be held on Friday, September 23, 2016, at 2:00 p.m. at the Fundamental Methodist Church in Monett.

Memorials may be made to the family or the Child's Advocacy Center, 6633 MO-37, Monett, MO 65708.

Cremation arrangements are under the direction of White Funeral Home and Crematory, Cassville.

Southwest High School students welcomed a special visitor last week when Representative Scott Fitzpatrick spoke to them about government. Social Science and Government teacher Leah Treadwell asked Fitzpatrick to speak to the students about politics in an effort to get them involved in politics. Treadwell said, "Beyond teaching to the Missouri State standards, my goal is to help guide these students in being active, participating members of society."

Southwest puts fun twist on information night

Julie Pruitt

Each year, the Southwest Title I program is required to provide a parent meeting to provide Title I information. The Southwest administration, Title I and elementary staff members wanted this to be an entertaining event instead of a dry meeting handing out

forms. Together, they collaborated and came up with “Passport to Learning,” which would provide fun family time along with sharing necessary Title I information.

On September 13, families attended “Passport to Learning” a family fun night with a focus on read-

ing, math and building relationships.

Upon entering the building, each child received a “passport” and then went to several different classrooms to participate in reading and math games. The Southwest staff manned the activities, joined the games and handed out passport stickers at the completion of the games. There were many activities to choose from including Reading Scavenger Hunt, Math Musical Chairs, Book Walk, Math Walk, Sight Word Bingo, Smack Attack, Library checkout/AR, Estimation Jar, Build a Story, Candy Math and computer time. These activities were designed to encourage children to read, work math problems, provide family time and let parents know about the programs

Shakin’ in the Shell brings community together

Jacob Walker climbs the rock wall during the Shakin’ in the Shell Festival on Saturday, September 17.

Ronzo the Clown entertained children with balloon animals during Shakin’ in the Shell.

Above, Arlie Knighten (left) learns a thing or two from Piper Knighten (right) during Southwest’s Passport event.

provided by Southwest Elementary including Title I, Parents as Teachers and the preschool programs. This was also a perfect time for parents to visit with teachers in a more relaxed setting and watch the positive interactions between their children and the teachers.

This relationship building is vital for children’s educational success.

Students and their parents traveled from station to station playing the games, reading a book or working on the computer. At the end of each activity, students earned a stamp on their passport. When they received six stamps, they got to choose a book to keep.

During this energized evening, families could take a break and stop in the cafeteria for refreshments provided by the Southwest cafeteria staff before continuing to the next exciting

activity.

Forty-four families, including 77 children, made “The Passport to Learning” a smashing success.

The Southwest Administration would like to offer a special thank you to all the families who came to this event as well as all the Southwest staff who made the night a success. Southwest also wants families to mark their calendars for “Reading and Math Round Up Night” on February 27, 2017.

To stay informed, visit the Title I website: <https://sites.google.com/a/swr5.net/southwest-title-i/>.

Seligman's 'Drive Sober' campaign a success

Declaring Seligman's participation in the national August/Labor Day Holiday Crackdown "Drive Sober or Get Pulled Over" substance-impaired driving crackdown a major success, Seligman Police Department reported that more than 1 substance-impaired driving arrest, 2 other significant arrests and 10 citations were made during the enforcement period, which ran from August 19 – September 5, 2016.

"I am proud of our officers for their hard work and dedication to making our region's roadways safer", said Chief Terry Burgess.

"Substance-impaired driving is more than a reckless choice by a few individuals," he said. "Each year, substance-impaired driving costs the lives of thousands on America's highways."

Preliminary data shows in 2015, there were 196 fatalities and 663 serious injuries that involved at least one substance-impaired driver. That equates to one substance impaired driving fatality every 1-3/4 days.

During the holiday August 21 – September 7, 2015, five (5) people were killed and fifty-three (53) seriously injured which involved at least one substance-impaired driver. Seligman Police Department joined forces with the National Highway Traffic Safety Administration and nearly 10,000 law enforcement agencies across the country in this year's "Drive Sober or Get Pulled Over" campaign.

For more information, visit the "Drive Sober or Get Pulled Over" Campaign headquarters at www.TrafficSafetyMarketing.gov, or www.saveMOLives.com.

Southwest 2016-2017 Student Council and class officers

Southwest High School elected their Student Council and class representatives. They are pictured above. Barry County retired teachers awarded at annual meeting

Representing Barry and McDonald Counties at the MRTA Annual Meeting in Jefferson City last week were: Vicki Orr and Mary Mael, of Monett; Barbara Burnett, of Rocky Comfort; and standing, Ruby Vincent, of Jenkins. The Barry County unit was awarded the Unit of Excellence Award.

MRTA is the organization for all retired school personnel, teachers, secretaries, bus drivers, custodians, etc., organized for the Number One purpose to protect the PSRS/PEERS retirement plan. If you are interested in participating in the organization for Barry County, contact Mary Mael at (417) 235-3162 or, for McDonald County, contact Barbara Burnett at (417) 435-2375.

Local author’s book to be released Oct. 1

Ever get lost in a book? Imagine that you are following in the footsteps of the protagonist? What if he was following the same steps that you have taken before, passing by landmarks that you know well and going into real places that are in your own town or somewhere you have visited? Would it seem so real that you might try to find these characters?

With Thomas S. Mulvaugh's, 'Ozark Blood Series' that is what you get: Following former Kansas City detective Rick Ryder-who won the largest Powerball® Jackpot, one billion dollars, and now with his best friend FBI Special Agent Isabelle (Alex) Alexander and his girlfriend, Yakira Rosen,

takes cases for those that can't afford a private detective, by charging only a dollar a day.

Ryder's first adventure was in 'Blood Necklace' when the wife of the Speaker of the House, and Ryder's high school sweetheart, was found murdered in Ryder's sports car at Roaring River State Park. In the second book in the Ozark Blood Series, 'Blood Curse', a serial killer is loose. Follow Ryder and his team through the streets of Eureka Springs, Arkansas, as they walk through the doors of the Crescent Hotel and downtown shops trying to stop the Eureka Springs Slayer from striking again. Meanwhile, complicating the investigation, Ryder has

been placed in charge of a decades old mystery of two missing teenagers, who have been found on Ryder's old family farm in Cassville, with each teenager shot in the head.

Readers of Blood Necklace quoted how much they love the detail that Mulvaugh gives in his books, and how the story "played out like a movie in their heads," and also loving the many twists and turns as one reader remarked, "Just when you think you have it figured out, you don't." Blood Curse will also give the reader that movie feeling and leave them guessing to the shocking end.

Blood Curse will be released and available for purchase October 1, 2016

Exclusive Elegance by Design

Let's Talk Furniture
With Michael Carman
Frequently Asked Questions (FAQ'S)

Q. How important are accessories to the overall look and feel of my home?

A. "Good" accessories touch an entire room. They are a piece of art unto themselves, enhancing objects that surround them by doubling their beauty. like a great painting with a beautiful frame, accessories enhance those things we cherish and love best. As space expanders, they make a room appear much larger. Accessories are those objects that finish a room to perfection. At our Gallery we carry high-quality art and accessories, enabling you to have that one of a kind look and feel, that is uniquely you.

Q. Will the Michael Carman Gallery be featuring their fantastic appliance sale during September, and this Fall?

A. We certainly will be, and looking forward to it. At this time we plan to be highlighting our Appliance program for our local and regional customers. We average the "big-box" prices, then sell our major appliances for \$11.00 less than that average, and we sell our microwaves and counter-top appliances for \$7.00 less. Our Gallery is able to perform this valuable service because we are buying our Whirlpool, Maytag and Kitchenaid appliances at the same price as the big boxes. We do not average the "dump prices" (below cost prices). So, if you need an appliance now or in the future, call or come see us, we'll get on the internet together, and find you a great deal.

POVERTY from FRONT

that median income is significantly less, according to the Census Bureau's report. Families in Barry County's median household income was \$38,789 in 2014. While all of the specific estimates for Barry County are not available for 2015, 2014's numbers should be comparable since there wasn't a significant change.

The sobering fact remains that while over 1 in 5 people live in poverty, Barry County is also one of Missouri's counties in which over 25 percent of children live in poverty. Missouri is in the bottom ten in the United States in regard to food security, or the availability of food for all people at all times for a healthy lifestyle.

While there are multiple outreach problems for those struggling financially in Barry County, only 15 percent of those living under the federal poverty level seek state benefits, such as SNAP, to aid them in food purchases. Other options include local food pantries.

Perhaps one of the most startling aspects of the recently released statistics is that 49.3 percent of Barry County single mothers live below the poverty level.

"We can and should do better for Missouri," Kurt Brewer, Missouri Community Action Network executive director said. "Many Missourians still struggle in an economy that is not working for them. We can take steps to help. Missouri can adopt proven anti-poverty policy interventions like Medicaid expansion and a state-earned income tax credit."

Exeter recognizes students for responsibility

Exeter Elementary Students in preschool through fourth grade were honored for showing responsibility during the month of September. Students recognized are pictured above, from left to right, in the front row: Troy Rice, Leiland R., Reyna Aldridge, Haidyen Woods, Addison Davidson, James Hubert and Jaycie Palmer. Back row: Hailie Woods, Beatriz Alcaraz, Zachary Myers, Breanna Stogdill, Hailey Lawrence, Ashley Cole and Eliel Boche.

CASSVILLE WILDCATS CASSVILLE WILDCATS CASSVILLE WILDCATS CASSVILLE WILDCATS CASSVILLE WILDCATS CASSVILLE WILDCATS

# Cassville survives St. James challenge, 21-12

Lee Stubblefield

The Cassville Wildcats shook off the myriad of distractions and a possible trap game disaster on Friday night at Wildcat Stadium, defeating St. James, 21-12.

- Homecoming
- Abysmal field and weather conditions prior to the game
- A peek ahead at the Monett game
- A non-conference game against an unknown, unranked and lightly-regarded opponent

They all added up to a night of concern for the Cassville coaches, as the Wildcats struggled to put away a stubborn team of Tigers.

Cassville wasn't the only Big 8 team struggling on Friday night. The Seneca Indians backed into the Saturday morning headlines, losing at East Newton in a shocker.

In a Brian Jackson sports article, Florida Gators coach Jim McElwain summed up the dreaded trap game from a coach's perspective.

"No one's ever perfect.

But the energy and the way you prepare to go out against anybody, it doesn't matter. It shouldn't matter if it's football or if it's tiddlywinks, or if it's going to the ice cream truck really fast," said McElwain.

After a three-hour bus ride through some rough weather, St. James hit the field running. The Tigers scored on the second offensive play of the game. Senior running back Dawson Lynch finished a simple screen play with a dazzling 74-yard sprint to give St. James a 6-0 lead less than a minute into the contest.

It was a short-lived lead. Cassville did what Cassville does. After the kickoff sailed out of bounds, the Wildcats pounded out a 10-play, 65-yard drive in a four and a half minute span to take a 7-6 lead. River Phelps dove in from a yard out for the score and then added the PAT to give Cassville the lead.

Tentative play and conservative play-calling led to a long scoring drought on the

soggy field for both squads. But the Wildcats fashioned another long scoring drive to end the half. Cassville's offense drove 74 yards in 11 plays to extend the lead to 14-6 with 2:42 on the clock. On third-and-six from the St. James 8-yard line, Shannon Haney rifled a pass over the middle. Collin Pearman made an Odell Beckham Jr. circus catch and glided across the goal line in a highlight reel moment.

The Wildcats were lucky to have that lead at the break. Shortly after Pearman's score, Carter Keeney came open behind the Cassville secondary. Wide open and pulling away from the Wildcats, Keeney dropped a long pass from Ryan Harlan that could have been an 84-yard touchdown.

It was a rocky first half, but the Wildcats seemed to have the game under control. Cassville ran for over 130 yards in the first half, and Haney's passing was effective in building the 14-6 lead. St. James, on the other hand, finished the half with negative rushing yards. Ryan Harlan did throw for 115 yards in the first half, but most of those came on the long screen pass.

Cassville executed the coach's dream to start the third quarter. After earning the last score of the first half, the Wildcats took the third-quarter kickoff and drove 58

yards in 12 plays to take a 21-6 lead. Haney navigated the final 13 yards of the drive with a keeper around right end for the score.

That is why teams defer to the second half when they win the coin toss. That Holy Grail of "last score of the first half and first score of the last half" almost always translates into victory in high school football.

The Wildcats then held the Tigers on downs, but fumbled away a golden opportunity in the red zone when they could have blown the game open.

Unable to run against the Wildcats, the Tigers became a one-dimensional offense as the game progressed. That necessity exposed a weak Cassville secondary and St. James suddenly looked very formidable. Those who expected the Tigers to fold like a cheap tent were shocked and concerned when the St. James aerial show finally took flight.

The Tigers fashioned a 15-play, 89-yard drive to pull within 21-12 on the strength of Harlan's strong left arm. But the two-point conversion failed, and Cassville

only had to run 44 seconds off the clock to secure the 21-12 win.

The St. James coaches were likely second guessing their decision to punt on fourth down with just nine minutes remaining in the game. That one possession turned out to be the difference in the game.

Cassville improved to 4-1 with the victory while St. James fell to 2-3. Cassville travels to Monett on Friday night to meet the Cubbies in the Barry County Brawl. Kickoff is set for 7 PM.

## Cassville’s Brylee Wilson wins at Monett Invitational

Lee Stubblefield

With the rainout at Seneca, most area cross country teams began their season at the Monett Invitational on Tuesday, September 13. The steep hills and warm mid-September weather challenged the runners on a long afternoon at the Monett South Park.

The Cassville boys claimed third place in the large schools varsity race, scoring 76 points. Nixa won with 38 points, placing seven runners in the top 13. Springfield Catholic was second with 60, led by individual champion Stephen Kielhofner's 17:7 performance.

Cassville place all five of its scoring runners in the top 23 positions. Austin Wilson led the ‘Cats in 6th place. Devon Brookes was 12th, Derek Christy placed 14th, and Isaac Dodson and Joby Paul finished 21st and 23rd, respectively.

Jordan Campbell, Cassville’s lone entry in the varsity girls race, took 21st place.

In the small schools division, only Caleb Cummings of College Heights kept Lamar from a perfect score. The Tigers won with 16 points, led by Mark Venable.

The Wheaton Bulldogs placed 4th as a team. Sean

Lowry led the Bulldogs with his 10th place medal.

Wheaton edged Southwest, 67-78, to take 3rd in the small school girls division. Brittany King took 22nd to pace the Lady Bulldogs. Both Wheaton squads established themselves as favorites in the Ozark 7 Conference.

Purdy’s Megan Thomas placed 6th to snag a medal.

The middle school races were wild. On an impossibly difficult course that some GPS devices measured at 1.8 miles and longer, East Newton’s Kelton Sorrell came from far back to win the boys division in 10:42. Cassville’s Pace Evans claimed 7th with a strong finish. Connor Killian of Wheaton was 13th, and Xander DeShields and Christian Long of Southwest finished 15th and 16th to earn individual medals.

The Nixa girls tried the Kenyan team running approach in an attempt to run Cassville’s Brylee Wilson off her feet. That didn’t work out so well. Wilson surged into the lead at the mile mark and torched the field by 37 seconds with her 12:07 winning time.

McKinna Orwig of Purdy claimed a medal with her 11th place finish.

## Lady Wildcats sweep Southwest in volleyball

Lee Stubblefield

The Cassville Lady Wildcats posted a straight set victory over Southwest on Thursday night, 26-24 and 25-18.

Despite only playing two sets, this was a long match. Similar in style and size, both squads followed a deliberate, conservative gameplan that resulted in lengthy rallies throughout the match.

Kyla Walnofer's team forged a 4-1 early lead to start the night. Southwest recovered to claim leads at 9-8, 10-9, and 15-13, but the Ladycats never trailed again in that first set.

Brianna Hemphill's service turn led to a Cassville run and a 19-15 lead. The Lady Trojans fought back to a 24-24 tie on a Hailey Benninger smash. But Cassville scored the final two points to claim the opening set.

Southwest led 10-7 in the second set before Cassville got rolling. Hemphill and Alexis Cieslinski took con-

Cassville’s Morgan Popanz (#4) is pictured in the air as she goes up for a volleyball kill in last week’s victory over the Lady Trojans.

trol on the floor to cut the lead to 11-10.

Sophomore Chloe Roller came on to serve for the Ladycats. During her long service turn, the Ladycats

opened a 17-11 lead. Roller dished out four consecutive aces as Cassville took control of the set. Southwest man-

aged a late mini-run to pull within 20-16, but Cassville finished with a 5-2 push to take the set and the match.

### Volleyfest Tournament set for Saturday at SWHS

The 33rd annual Southwest Volleyfest Tournament is scheduled for Saturday, Sept. 24 in Washburn. Games begin at 8:30 a.m. on two courts at Southwest High School.

The championship game is scheduled for 6:00 p.m. In addition to the Lady Trojans, teams from Cass-

TRIAL from FRONT

**Paschall**

after.

As the investigation continued, officers in Springdale, Ark., found Alli in Paschall's parents' home safe. The girl was placed in protective custody.

Paschall and Brace had a tumultuous relationship, according to Barry County Sheriff Mick Epperly. He said that Paschall had been stalking Brace for months. He also confirmed that she had taken out an order of protection against him but the stalking hadn't stopped.

According to court records, Paschall had an order of protection filed against him for adult abuse stalking in October 2014 and was charged twice with violating that order since then. Paschall was charged in October for violating the order and then again on December 15 in 2014.

Barry County is accepting nominations for the 2017 public election of Barry County Extension Council members. Names of nominees can be submitted in October for review by existing county council members.

Getting nominated as a candidate can be done by contacting the local MU Extension center and expressing a willingness to serve. In most counties, an election chairperson will follow up with candidates and secure their permission for placement on the extension council ballot.

# Barry County Extension member election opens in October

Persons who are interested in running for a seat on the council can start by calling the MU Extension center in their county of residence.

The Barry County Extension Center has an informational brochure about the requirements of serving on an extension council as a link on the Barry County website: <http://extension.missouri.edu/barry>. The nomination form is available in that same portion of the website.

"Serving on a county extension council can be fun. It is also a great way to represent your community, serve your county, and help create educational opportunities for your neighbors," said David Burton, civic communication specialist for University of Missouri Extension. "In Barry County, we need dedicated council members willing to help market extension locally and know the needs of the community as to what may be needed as educational programs in the county."

Every county in Missouri has an Extension Council made up of elected (and appointed) members who represent the broad educational needs and backgrounds of people in that county. Council candidates must be at least 18 years old and reside in Barry County.

Missouri statutes create County Extension Councils to work with MU Extension specialists. Council members assist in planning and carrying out MU Extension programs, providing local Extension governance and representing the diversity of the county's changing population.

Barry County Council election will be held week of January 9-13 in accordance with state law (Chapter 262.550-262.620 R.S. Mo. 1969).

For more information, you may contact the Barry County Extension Office at (417) 847-3161 or by email at [barryco@missouri.edu](mailto:barryco@missouri.edu).

ADMINISTRATOR from FRONT

ciation and the Chamber of Commerce working to improve both the aesthetic and economic aspects of the city, Walensky will be able to work hand-in-hand with them, as well. He said he already has been working with the Main Street Association on the upcoming street lighting project that is in conjunction with the MoDOT sidewalk replacement.

Walensky said, "We'll be in a better position to do more positive things for Cassville, and I'm excited for that."

Walensky hopes to have the public works director position posted relatively soon so candidates can be vetted and decided on.

Walensky lives near Cassville with his wife of 38 years, Cindy. Together, they own the Royal W Resort.

# Cassville well-represented at Missouri State Fair

Cassville fifth grader Peter Littlefield represented Cassville Schools at the Missouri State Fair by exhibiting his gold ribbon pig.

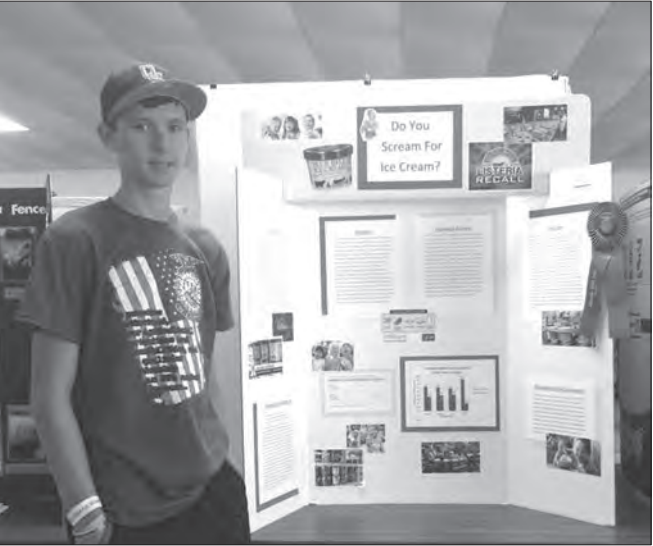

Andrew Littlefield found success in the Missouri State Fair Swine show. Andrew exhibited two pigs from his FFA Supervised Agricultural Experience Program at the Missouri State Fair, winning second and sixth place in his class.

## Retired teacher meeting Sept. 30

The Barry County Retired Teachers and School Personnel will meet on Friday, Sept. 30, at St. John's Lutheran Church on Highway H in Monett. Social time and snacks will be at 10 a.m. with the business meeting following at 10:30 a.m. The speaker will be from the Ozark Food Harvest.

Members are to bring pop tabs for Ronald McDonald House and your volunteer hours. Teachers or school personnel that are retired from any Barry County school district are encouraged and welcome to attend the meetings.

Sophomore Cassville FFA member Andrew Littlefield won Grand Champion with his AgriScience Research project at the Missouri State Fair. Andrew's research titled "Do You Scream for Ice Cream" was seeing if the general public's knowledge of the Blue Bell listeria outbreak caused concern about food safety. Andrew is pictured at left.

Roaring River Healthcare opens new greenhouse addition

Roaring River Healthcare and Rehab held a ribbon cutting and grand opening of their new addition last week. Chamber members, staff and residents came together to celebrate the opening of their greenhouse, a therapeutic and useful addition to their facility.

Seligman cracking down on lacking car seat use

Missouri law requires all children under the age of eight to be in an appropriate child safety seat or booster seat unless they are 80 lbs. or 4'9" tall.

Seligman Police Department announced today that they are joining with law enforcement September 18-24 for an aggressive Child Passenger Safety Week Law Enforcement Campaign to crack down on Missouri's child safety seat law violators and to reduce highway fatalities and injuries to children.

Car crashes are the number one killer of kids. Nearly 73 percent of all child restraints are not used correctly. Is your child safe?

Chief Terry Burgess said regular child safety seat and safety belt use is the single most effective way to protect people and reduce fatalities in motor vehicle crashes.

HOLDERS AUCTION SERVICE

BRAD HOLDER BUTTERFIELD, TOMMY RAY  
417-689-5582 MISSOURI 417-342-1551

# Local hay quality recognized at Missouri State Fair

A great way to immediately cut feed costs is to produce high quality forages at home, according to Reagan Bluel, Dairy Specialist with University of Missouri Extension.

High quality forage is what was submitted to the 2016 Missouri State Fair hay contest from Southwest Missouri. The top placing hays from SWMO reflect hard work and commitment from growers in Barry, Lawrence and Christian Counties.

Excellent quality hay goes a long way in covering the nutrient requirements of both dairy and beef cattle. Local producers faired well with alfalfa, alfalfa mix, wheatlage, fescue and fescue silage.

“When working with dairymen to develop a diet or ration for the herd, it all begins with quality forages. If we have a great hay to start with, my job immediately becomes easier,” said Bluel.

Grand champion and reserve grand champion both originated in Lawrence county. Glen Obermann and Charles Krueger, separated by only a few miles near Friestatt, were awarded Grand and Reserve Grand, respectively, with their late season alfalfa which tested 215 and 205 relative feed value.

In the balage grass class, Karl Wilke, also of Friestatt, was awarded first with his wheatlage. Champion and reserve overall balage were both awarded to Earl Dot-

son, of Marionville.

Marcia Moreland, of Crane, was awarded top in the grasses class with her fescue hay for the second consecutive year. Top of the mixed grass division and champion of the grasses class is long-time hay producer and dairyman John Staiger, of Billings, with his alfalfa-orchardgrass mix.

Congratulations growers on an outstanding showing that the 2016 Missouri State Fair and a job well done! These growers show, we can make great hay in SWMO. If readers would like more information on how to improve their hay quality, contact your local extension office for dates and times of the nearest MU Extension Hay School.

**More information**

MU Extension programs focus on the high-priority needs of Missourians to improve lives, communi-

ties, and economies by providing relevant, responsive and reliable educational solutions. Each county extension center, with over-

sight by locally elected and appointed citizens, is your local link to practical education on almost anything.

# Cassville Soroptimist Club installs new officers

On Thursday, September 8, the Cassville Soroptimist Club held the installation of the officers for the 2016-2017 year. New officers are pictured above, from left to right: Jill LeCompte, secretary; Allison Angel, vice-president one; Debbie Gerleve, president; Judy Hayes, treasurer; Donna Mallams, one year director; Stacy Runnels, two-year director. Not present: Pat Hagins, vice-president two.

# Cassville Library upcoming events

- Advanced beginning yoga is practiced each Tuesday at 5 p.m. in the library's lower level followed by beginning yoga at 6 p.m. The sessions are led by Nancy Grace Kirkpatrick. Bring your mat.
- Kids, come to the library on Thursday, September 22, at 3:30 p.m. for the first meeting of the new Lego Club. Materials are provided for your project.
- Good with facts and like friendly competition? Join a Trivia team at 6 p.m. on Thursday, September 22. Snacks and prizes are included.
- If you like to crochet or would like to learn, join the free class each Friday morning at 10:30 a.m. Kathy Ray is instructor and materials are provided or bring your own project.
- Monday Movie Matinee continues on September 26 at 1:30 p.m. You are welcome to bring your own snacks.
- Your right to read is very important. Go by the Cassville Branch during the week of September 26 through September 30 to help celebrate Banned Books Week. Special activities will be featured.

# Barry County blood donation opportunities upcoming

During National Sickle Cell Awareness Month, the American Red Cross urges eligible donors to give blood to help ensure a stable and diverse blood supply for patients in need. Blood donors may be helping patients like 11-year-old Martin Mwita who has sickle cell disease. His body doesn't produce enough healthy red cells to carry adequate oxygen through his body, so he

relies on monthly transfusions to stabilize his health. A diverse blood supply is important to ensure the needs of all patients are met. Red blood cells carry markers that determine one's blood type, and some blood types are unique to certain racial and ethnic groups. Because blood from donors of the same ethnic background as the recipient is less likely to cause complications, the Red Cross must maintain a diverse blood supply to meet these diverse patient needs. Whether blood is needed for a chronic condition such as sickle cell disease, a surgical procedure or a large-scale emergency, it's the blood already on the shelves that helps save lives. Donors of all blood types are needed.

To make an appointment to give blood, download the Red Cross Blood Donor App, visit [redcrossblood.org](http://redcrossblood.org) or call 1-800-RED CROSS (1-800-733-2767). Donors are encouraged to make appointments and complete the Rapid-Pass online health history questionnaire at [redcrossblood.org/rapidpass](http://redcrossblood.org/rapidpass) to help reduce wait times.

Those who come out to give blood or platelets Sept. 1-30 will receive a free haircut coupon via email, courtesy of Sport Clips Haircuts. The coupon is valid through Nov. 6, 2016, at participating Sport Clips locations, and donors must have a valid email address on record to receive the coupon.

invisalign teen

removable comfortable and clear

THE CLEAR ALTERNATIVE TO BRACES

The low-down

You no longer have to straighten your teeth the old-fashioned way, with metal braces. The Invisalign Teen™ system lets you do it the modern, hygienic way. Your new smile is created with the most innovative technology – a series of clear aligners that are custom-fit to your teeth.

The Aligners. . .

- snap on your teeth easily.
- are comfortable and practically invisible.
- allow for your growing permanent teeth.
- gently and continuously move your teeth in small increments.
- are worn for about two weeks. Then you swap them for a new pair.
- have a Blue Dot Wear Indicator, designed to show an estimation of wear-time. The dot is designed to fade to clear over a two-week period if you wear (20 to 22 hours everyday) your aligners properly.
- can be removed for eating, brushing, and flossing, or going to a special event.

# Purdy FFA has success at competition, shows

Purdy FFA members Megan Thomas and Morgan Grissom traveled to Ozark Empire Fair in August to participate in the livestock show. Grissom, pictured above, won first in the junior class with her heifer and reserve in her division. She also won the Top Herdsman Exhibitor. Thomas' bull won first in the intermediate division, and reserve in the class.

Purdy FFA members Megan Thomas and Morgan Grissom competed in the Missouri State Fair livestock show in Sedalia in August. Thomas, pictured above, won first in her division with her bull. Grissom won second place and fourth place with her two heifers.

The Purdy FFA Chapter hosted its annual livestock show and auction at the Purdy Festival in on July 16. Purdy FFA member Megan Thomas participated in the show and auction, showing her steer and heifer. Her steer brought \$1,500 in the livestock auction before add-ons. Kip Cullers bought a steer and hog, Ed Mareth bought a hog and two sheep, David Young, from Tyson Foods, bought all the chickens, and Chris Keeling bought a goat.

Keep things running smoothly without draining your budget.

Submersible pumps, portable generators and drain snakes. Tackle problems fast with professional-quality tools and expert advice, without hiring an expensive contractor.

# Cassville Middle School starts new, innovative programs

In the spirit of 19th Century Westward Expansion that started when Thomas Jefferson orchestrated the Louisiana Purchase to improve the nation's health, Cassville Middle School started this school year following in the footsteps of the earliest American pioneers by offering several innovative courses to keep the school moving forward—and staying healthy.

Much like Jefferson believed the success of the republic “depended on an independent, virtuous citizenry for its survival”, CMS Administration and Staff believe that their success depends on providing opportunities for students to grow their skills to meet the changing, evermore competitive demands of an interconnected world. Where Jefferson saw opportunity for the young country to flourish through land ownership and independence, the staff at CMS are pushing students to take ownership

of their learning through courses that promote creativity, analytical thought, problem solving, and a better understanding of citizenship in a digital world.

**Project Lead The Way**

This summer, CMS joined Project Lead The Way (PLTW), an Indiana-based non-profit organization dedicated to providing curriculum and services in Science, Technology, Engineering, and Math (STEM) education. With 48 counties represented in Missouri offering programs through PLTW, CMS becomes the first facility in Barry County to teach this project-based curriculum. Courses in Design and Modeling, Vex Robotics, and Intro to Computer Science are offered to current 7th and 8th grade students as electives. A brief description of each is below:

**Design Models (DM)**

Students apply the design process to solve problems and understand

the influence of creativity and innovation in their lives. They work in teams to design a playground and furniture, capturing research and ideas in their engineering notebooks. Using Autodesk® design software, students create a virtual image of their designs and produce a portfolio to showcase their innovative solutions.

**Automation Robotics (AR)**

Students trace the history, development, and influence of automation and robotics as they learn about mechanical systems, energy transfer, machine automation, and computer control systems. Students use the VEX Robotics® platform to design, build, and program real-world objects such as traffic lights, toll booths, and robotic arms.

**Introduction to Computer Science 1 (ICS-1)**

Studies show that by 2018, 1.4 million job openings will be available for computer specialists. In

this unit, students discover the principles of this fast-growing field by focusing on creativity and an iterative design process as they create their own basic apps using MIT App Inventor.

**Introduction to Computer Science 2 (ICS-2)**

Students continue to explore the fundamentals of the stimulating career path of computer science. They venture into text programming through Python and, in the final problem, develop an app to crowd-source and analyze data on a topic of their interest.

To teach just one of the courses above, teachers are put through week-long “boot camps” of instruction at various locations throughout the state. CMS Industrial Tech teacher, Robbie Artherton, attended two such sessions this summer at Rolla S & T to become certified in both DM and AR instruction. CMS Technology teacher, Jake Forste, traveled to UCM's Lee's Summit cam-

Chisum Massey, eight grade student, and Gabriel Sheffield, seventh grader, are building a windmill in Coach Artherton's robotics class.

pus for his week of training in ICS 1 and 2. Both teachers were amazed at the structure, the intensity, and the fun they had in doing the exact same projects they will be asking their students to do this fall—one big difference, they did it all in one week, not a semester. The teaching

process for a PLTW class is much different than what most are used to. Teachers are instructed to provide the guidance and resources to students, then to step back and monitor progress, teamwork skills, and guide students. Kids have vivid imaginations and are prone to think outside the box when presented problems with no real solutions and only the result in mind. Teachers find themselves learning right along with kids over time. There

MILL STREET CHURCH of CHRIST

1104 Mill Street • Cassville, MO 65625

417-847-2374

“Study to shew thyself approved unto God, a workman that needed not to be ashamed, rightly dividing the word of truth. All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works.” 2nd Timothy 2:15; 3:15-16.

In Matthew the fourth chapter, Jesus is tempted by Satan. In every instance Jesus replied “It is written.” James would later write; “Submit yourselves therefore to God. Resist the devil, and he will flee from you.” James 4:7.

Notice how these verses work together. You resist Satan by submitting yourself to God, you submit to God by knowing His word. By knowing what “is written.” In Philippians 2:12, Paul tells the church at Philippi to “work out you own salvation.” Paul is not telling them to be liberal with God’s work, he is telling them to know and apply God’s word.

Knowledge and application of God’s word was important in the first century and it still is in the 21st .

We invite you to join the family at The Mill Street Church of Christ as we gain knowledge by the study of God’s word and work out our salvation by the obedient application of what “is written” in the Scripture.

semester of computer literacy with a targeted focus on digital citizenship. As younger and younger children have internet capable technology at their fingertips on a daily basis, the need for helping them understand a digital footprint and its effect on human life is vital. Topics covered in the class taught by CMS Social Studies teacher, Chris Seymour, will include cyber-bullying, digital footprint, written communication forms,

Another “pioneering” offering this year at CMS is the inclusion of Computer Literacy classes for all 6th grade students. It took some creative scheduling to maintain ideal numbers in core classes, but all 6th graders will receive a

Most people think of Publications as the typical high school yearbook course. CMS Library Media Specialist Becky Haynes is taking the premise of that course and expanding it greatly this year. Typically, CMS has used enrichment periods to have students learn cameras, take pictures, and edit articles for the annual yearbook. This process greatly limited both participant numbers and the quality of the prod-

Each of the courses outlined above focus hard on helping CMS not only meet Goal 1 (21st Century Learning) and Goal 2 (Math and Literacy) of the District level expectations, but they make sense for today's world. The staff at CMS hope to prepare students for a future that, in many cases, hasn't even been invented yet. A survey of CMS students last spring showed that 72% of our students have either strongly

*CMS seventh grade student, Lilly Love, is working to make a mechanical system in Coach Artherton's robotics class.*

*CMS eighth grade student Tristan White is working on constructing a windmill in Coach Artherton's robotics class.*

considered or seriously considered making their adult home in the Cassville/Barry County area. With the amount of highly skilled technical and engineering jobs available in the area, we hope to build an interest in our students that would start them on a path to come back here and compete for those high paying positions. Even if students decide to leave the area, we hope to have given them the tools and drive

to be successful in a highly competitive worldwide market. Just as Jefferson's Louisiana Purchase helped begin a national expansion in innovation the world had never witnessed before, the staff at CMS see the Pioneer Spirit alive and well in our students and will continue to work with them, forging ahead into the future as leaders of innovation for Cassville R-4 and beyond.
