

2017 Barry County Sheriff candidates face off on the issues

CANDIDATES GARY DAVIS AND DAVE RUARK DISCUSS ISSUES BEFORE UPCOMING ELECTION

• **Why do you feel you are the best candidate for Sheriff?**

Gary Davis: I am the only candidate with a proven record of managing and supervising personnel, creating budgets and instituting programs to combat crime. This experience was acquired during my twenty-two years of progressively increasing responsibility as a Special Agent with the FBI. I rose from a street agent investigating drugs, terrorism, violent crime, organized crime and white collar crime, to the position of supervisory special agent of a criminal/drug intelligence squad with 39 personnel from multiple agencies under my direct supervision. This squad contributed to the seizure of over \$51 Million in drugs and the identification of over 12,000 drug traffickers and associates. After receiving my inspection certification, I conducted audits of field and headquarters divisions to ensure their compliance with all laws, regulations and financial policies. Upon my promotion to unit chief at FBIHQ, I managed budgets for personnel and procurement of analytical software totaling over five million dollars. I was selected as the security officer for an FBIHQ Division with over 900 employees. I created procedures to handle bomb and terrorist threats, developed and implemented

plans for emergency relocation of staff and business continuity. I supervised or conducted investigations into allegations of employee misconduct. I will use this experience to work closely with other law enforcement agencies, other public officials and agencies, and the citizens of Barry County to improve public safety and to provide the citizens of Barry County with a modern and effective Sheriff's office that is based on the values of integrity, service and professionalism.

Justin "Dave" Ruark: I feel I am the best candidate to fill the office of Barry County Sheriff for many reasons. I grew up here in Barry County and have always worked in Barry County. More importantly, for the last six years, I have worked in the Sheriff's office. I believe from me being here my whole life gives me an advantage for being able to know already what needs to be done and where it needs to be done at. No one has to tell me we have problems here; I can see it. I have a love for this county and those who live in it. This is why I have never left to live anywhere else. I have always stated Barry County has everything I need. Having this passion for Barry County is what makes me think I am the best choice to be the next Barry County Sheriff.

• **Of all of your experiences, what do you feel like best prepares you for the position?**

Davis: One experience does not prepare you to be Sheriff of Barry County. The sum total of my over 32 years of progressively increasing responsibility in law enforcement are what makes me the most qualified candidate for Sheriff. I am the only candidate who, in addition to conducting investigations, has a background that includes strong management and leadership positions — I have established and supervised several law enforcement infrastructures including a criminal/drug intelligence squad and other analytical centers to combat terrorism. Led critical law enforcement task forces and missions, developed standard operating policy and procedures, prepared job descriptions, assessed personnel requirements, selected personnel, developed training programs, supervised up to 39 direct reports, wrote grants, developed and managed budgets, and acted as a liaison to multiple state and federal law enforcement and other agencies.

Ruark: I am a people person. I have always been able to talk to people. I have worked with people in many different fashions for years. A lot of being a sheriff is being able to listen to what the people want and need. Being the

Gary Davis-R

Justin "Dave" Ruark-D

sheriff means you will work for the people. The citizens have to be able to speak with the sheriff and know they can trust him. This is a must and not something to take lightly.

I have worked within this department for the past few years. I have worked in every aspect of the job from being a road deputy to being a supervisor to field training officer. I have worked in the Judicial Center as security for the courts, and I have worked in the jail. Each position is important in its own way and requires different types of performance.

• **What issue facing the Barry County Sheriff's Department do you feel is most pressing?**

Davis: Drugs and the crimes associated with them are the number one crime

Money scams increasing locally, police say be aware

Charlea Estes

Local police are warning that money scams targeting area residents are increasing and everyone should take extra precautions when it comes to dealing with people claiming to be with companies where money is changing hands.

According to Seligman Chief of Police Terry Burgess, at least two Seligman residents have been targeted by money scams recently. One was seeking a money lending source online, but another was through the mail, and a letter was sent with a check. Barry County Sheriff Mick Epperly warned that a phone scam is also making its way around to area residents, as well.

The Seligman resident who received a letter and a check surrendered the documents to the Police Department for their investigation. The company claiming to be giving the money is Liberty Financial Incorporated. They say they are based out of Los Angeles and sent a check in the amount of \$3,650.

Sheriff seeks tips in trailer theft

Charlea Estes

Barry County Sheriff Mick Epperly is seeking tips from the public to solve the theft of a trailer from a Shell Knob business. According to Epperly, the 14-foot custom built trailer, was chained and locked outside of a business on Highway 39 when it was stolen.

Thanks to security footage at the scene, the suspect can be seen driving onto the property, located near the junction of Highways 39 and 76, what appears to be a four-wheeler. At that point, the suspect approaches the trailer and pulls it off of the camera coverage by hand. Unfortunately, the quality of the security footage makes it impossible to make a positive ID based on

The stolen trailer is pictured above.

the footage alone.

According to Epperly, the trailer is worth around \$1,500 and was custom made to haul golf carts. The business owners had the trailer out front for sale when it was stolen. The

theft happened just before 1 a.m. on Sunday, September 25.

Anyone with tips or information regarding the theft can call the Barry County Sheriff's Office at (417) 847-6556 or through Barry County Dispatch at (417) 847-4911.

Commerce Bank donates to downtown project

Each year, Commerce Bank contributes to local organizations that make a positive impact on the lives of a great number of Barry Countians. The donations are made possible by Commerce Bank and Commerce Bancshares Foundation.

Commerce Bank presented a check for \$3,000 to the Cassville Main Street Association for the beautification project of the downtown Main Street area. Commerce is sponsoring one of the new street lights going up soon.

Pictured above, from left to right, are: Mike McCracken, Commerce Bank president; Carolyn Bishop, representing the Main Street Association; and Justin Gates, business banking relationship manager of Commerce Bank.

Two wrecks back-to-back on Hwy. 248 Tuesday evening

Charlea Estes

Two wrecks occurred back-to-back on Highway 248, four miles east of Cassville Tuesday evening, October 4. According to the Missouri State Highway Patrol crash report, Charli J. Epperly, 39, of Cassville, was driving westbound in a 2013 Volkswagen Passat when she turned in the path of a truck headed east.

When Epperly turned, she struck the 1999 GMC Sierra, driven by Michael T. Bauer, 44, of Cassville, head on, totalling both vehicles. Both Epperly and Bauer had to be transported to Mercy Hospital in Rogers for serious

injuries sustained in the collision.

Then, while Epperly was disabled in the roadway, a 1990 Chevrolet Silverado struck her Passat, causing extensive damage to the truck. The driver of the Silverado was unidentified and had no reported injuries according to the report.

SCAMS from FRONT

The letter, which seems to be legitimate and professional upon reading it, claims the recipient is a contest winner of \$2.5M, and the check is to pay for processing fees. In the letter, it warns not to give out banking details to anyone, and to protect from theft, lending to its supposed legitimacy. All money exchanged is said to be done through a courier service.

In order to "activate" the fake check, people are told to call a number. Burgess confirmed that the bank account is not valid and the company was out for gains against innocent people.

He said, "People need to be careful, because these companies are out there, and some of them seem believable. If you receive a check in the mail you aren't expecting, approach the situation carefully."

The other scam recently

involved an online loan company. Burgess said, "They were looking for a loan, which they were approved for, but it was a phishing scam. This company asked for processing payments through iTunes gift cards."

He added, "A legitimate business does not do business through iTunes gift cards, unless, of course, you're buying from iTunes."

Epperly posted a warning on Facebook that locals are receiving phone calls from a company claiming to be their utility provider and their electricity will be shut

off unless they wire money from Walmart. He said to ensure a company is legitimate before sending any funds.

DID YOU KNOW?

The origins of Oktoberfest can be traced to a wedding that took place in Munich, Germany, on October 12, 1810. To celebrate the marriage of Bavarian Crown Prince Ludwig to Princess Therese of Saxe-Hildburghausen, the citizens of Munich were invited to the festivities, which were held on the fields in front of the city gates. The public fields were renamed "Theresienwiese" in honor of the new bride, and that name has withstood the test of time, even though locals now refer to the fields as "Wies'n." In honor of the Prince and his newly minted Princess, horse races were held on October 17, and historians are still uncertain as to who initially proposed the idea to include horse races in the festivities. One of the people suspected of proposing the races, Franz Baumgartner, eventually saw his horse end up in the winner's circle, where the steed was cheered by the roughly 40,000 spectators on hand to witness the events. The festivities, including the horse race, were repeated a year later, giving birth to the annual tradition of Oktoberfest. While 40,000 spectators might have seemed like a lot of people in 1810, attendance at modern-day Oktoberfest festivities dwarfs that number, as Oktoberfestbeerfestivals.com notes that more than six million people attended the festivities in 2013. In 2015, festival workers served 7.3 million liters of beer.

“Village People” in Shell Knob?

Barb Van Dusen
Who remembers the “Village People” and their popular song “YMCA?” And even further back in time, the Marx brothers? These characters and even more wild and zany ones will appear on stage with the SKITS (Shell Knob in the Spotlight) Fall presentation of “Jack and The Frankenbeanstalk.” If the play title sounds like the tales of ‘Jack and The Beanstalk’ and ‘Frankenstein,’ you guessed correctly. This play mashes the two tales together to bring you many chuckles and giggles. SKITS’ rehearsals for this witty and wildly funny play are underway at the Central Community United Methodist Church in Shell Knob. The Director, Kim

Przyby;, co-director, Deb Lay, and stage manager, Patty Ellison, are busy directing characters, stage and set designs, sound, lights, and the creative and fun costumes necessary for this production. The cast of 15 includes: Susan Ramonette as Dr. Frankenbean; Karin Stanley as Ogre; Anne Hoffmann as Indian; Jim Robinson as Cowboy; Randall Walker as Construction Worker; Connie Figgins as Mum; Heather Andres as Jack; Pastor Bill Kenagy as Moo-Moo; Don Herbert as Garbonzo Bean; Heather Andres as Favo Bean; Deb Lay as Pinto Bean; Barb Van Dusen as Harp; Bill Richardson as Giant; Tara Green as Police Officer Friendly; Michayla Hoffman as

Chicken. In addition, the play requires a hard-working Crew of about ten to support the many behind-the-scenes functions. The play is Friday, Nov. 4, and Saturday, Nov. 5, at 6:30 p.m. and Sunday, Nov. 6, at 2 p.m. at the CC United Methodist Church in Shell Knob. Advance tickets for only \$7 can be purchased in Shell Knob at Arvest Bank, SK Chamber of Commerce, and Jug n Plug. Children 12 and under are free. You can also order your tickets to be picked up and paid for at the door in Will Call (at the \$7 price.) Please call Barb at (417) 858.9590 to hold these tickets. Letter to the Editor

Voters were asked last April to support a Library Tax Levy. Because that Tax Levy did not pass, the days the Shell Knob library is open, along with all the libraries in Barry and Lawrence Counties, were cut to three days a week.

By cutting the days open, the library has had to cut back on programs and services to our community. It is now more difficult for our local citizens who do not have access to the internet to do job research and job applications, keep in touch with family and friends, rent movies and books, do home work, research, etc.

Many weekend tourists who used the libraries internet while here visiting on vacation, now have no place to do so as the library is no longer open on Sat. Many people believe that because of electronic technology that a library is no longer important. Research shows that statement is incorrect. Libraries are more important then ever, especially in small rural communities where even if you are lucky enough to own a tablet

or a computer you may not be able to access the internet because you can not afford it, or for other reasons.

Please join the Friends of the Library by supporting the Library Tax Levy that will be proposed next April.

"A library is not a luxury but one of the necessities of life," Henry Ward Beecher
 -Barbara Dickerson,
 a Friend of the Library

CANDIDATES' RESPONSES

problem in Barry County. I will submit the necessary paperwork to join HIDTA. HIDTA can provide additional monies for drug investigations. I will assign two detectives full time to nothing but drug investigations. I will assign a Deputy to the Ozark Drug Enforcement Team. I realize this reduces the number of patrol officers, but an expenditure of resources on our number one problem cannot be wrong. I plan to enlist the eyes and ears of the 36,000+ residents of Barry County in reporting suspected drug activity and create an intelligence data base that will allow us to build cases against the major dealers in the county.

The other major issue is funding. I will seek to increase funding by joining and seeking grants from entities such as the High Intensity Drug Trafficking Area (HIDTA) program. This HIDTA program provides money for equipment and overtime costs associated with specific drug investigative activities. I will research and present well formulated proposals to the County Commissioners for their consideration for funding. Additionally, a thorough review of all facets of the Sheriff's office should reveal areas that can be operated at a cost savings freeing up additional funds.

Ruark: Well, there are a

lot of issues in the county but the most pressing issue is the drugs. There is a drug problem in Barry County, there is simply no denying this. The drug problem also leads into a multitude of other issues such as theft, burglaries, assaults and the list goes on. If elected, I want to be able to attack this problem and have a staff who also wants to make a difference. This is going to take more than just brute force, we need to reduce illicit drugs not just by enforcement efforts but also with education and rehabilitation. We need better coordination between agencies and increased information sharing.

• **Do you feel that the current training opportunities and procedures are sufficient or do changes need to be made?**

Davis: Training is one area where I plan on doing a total in-depth review to determine if what we are getting is, in addition to what POST requires, what we need. Again, funding is a key issue. The 2016 budget for the Sheriff's office con-

tained \$3,000 in funds for training and the Jail budget contained zero dollars for training. With the deputies and Jail personnel totaling 39 budgeted positions, that is approximately \$77 per employee for training. The deputies do receive POST training at no cost, some of which is taught in-house by certified trainers. Other POST courses require travel to the class location and therefore cause an expense to the Sheriff's office. All classes require a loss of investigative time. Each POST certified employee is required by Missouri State Statute to obtain 24 hours of POST training each year. For budget years 2012 through 2016, there is no line item in the Sheriff's office budget for ammunition. I do not know how the Sheriff's Office is funding ammunition for the mandatory qualifications for the deputies and reserves. That said I do not plan on recommending or making any changes until I have conducted my review.

Ruark: When it comes to training, I believe one can never be trained enough. The need for different types of training evolves as our society does. One would have never thought fifty years ago we would have a need for an active shooter in a school drill, although it is sadly a necessity in today's world. Training for today's ever-changing environment is a must, and if I am elected sheriff I will seek out new and different opportunities to ensure justice and protec-

tion for every citizen, and those who pass through our great county.

• **How do you feel about the change to Missouri's concealed carry policy?**

Davis: First, let me state that I fully support the 2nd amendment to the U.S. Constitution.

The changes to the concealed carry policy are of concern only from the standpoint of officer safety. Deputies already have a safety first approach toward all persons they interact with. This law only raises the risk factor in that all individuals may now carry concealed with no training and no background checks. They may purchase a weapon from a friend, neighbor or at an auction and no check will be run. Those individuals who were denied a conceal carry permit for no reason will now be able to carry. Citizens also need to be aware that the new law does not cross state lines. If you carry concealed and go to, for example, Arkansas, and get stopped you can be arrested for carrying concealed without a permit.

I do believe the law should have contained some type of training requirement. We do not let our children or young adults get a hunting permit until they pass a hunter safety course, but if they are over 21, they can, after January 1, 2017, carry concealed without any training.

Ruark: I am a strong supporter of the second amendment and would defend the right to bear arms for the

citizens. I strongly encourage people to train and to seek their CCW due to the fact not all states recognize constitutional carry. That being said, I can see the new policy might cause certain changes that will need to be adjusted in the office.

• **Do you feel there are significant changes that need to be made to staffing or budget allocations?**

Davis: In a perfect world, there would need to be changes to the budget to increase staffing, training and equipment. We do not live in a perfect world. The citizens of Barry County have set the level of taxes that they are willing to pay for law enforcement and until they decide that this issue needs to be revisited, it is a moot question.

A case can be made to revisit the question based on a number of issues.

1. Barry County Deputies have a starting salary of \$25,725. The Federal Poverty Level for a family of four is \$24,230. We ask our Deputies to put their lives on the line for us for what is not really a living wage. Monett starts new officers at \$33,000.

2. There are currently, on a fully staffed week, only 12 Deputies to patrol all of Barry County on a 24/7 basis. This low staffing level leads to long response times and is an Officer safety issue, as there is often no other deputy on duty to assist if necessary. The current staffing level is approximately one deputy per 1,750 people,

CANDIDATES' RESPONSES

or approximately six tenths (0.6) of a deputy per 1,000.

The Bureau of Justice Statistics (BJS), within the Office of Justice Programs (OJP), within the United States Department of Justice (DOJ) publishes Local Police Departments report every three to four years. This report contains excellent and highly reliable data on state and local police personnel throughout the U.S. One aspect of this report is the average ratio of full time officers per 1,000 residents. The most recent BJS data on this topic (2003), by size of population served follows:

Population Served, Full
Time Officers Per 1,000 Resi-
dents:

250,000 or more: 2.5
100,000 to 249,999: 1.9
50,000 to 99,999: 1.8
25,000 to 49,999: 1.8
10,000 to 24,999: 2.0
2,500 to 9,999: 2.2
1,000 to 2,499: 2.6
All Sizes: 2.5

As this chart shows Barry County with a population of approximately 21,000 in the unincorporated areas probably needs a ratio of two (2) deputies per 1,000 population. Finding a way to get to 1.2, double what we have now would have a tremendous impact. Let me state again, only the citizens of Barry County can make the decision to do this.

Ruark: Having a new

sheriff is already a big change to the current staff. Trying to make changes at the very start of a new administration is putting the cart before the horse so to speak. The current staff will be evaluated on past and present performance, if changes need to be made it will be determined after this has taken place. I have worked most of the current staff for the last 6 years and have know some longer than this so I know how the staff is capable of performing.

• What is your primary goal if you are elected?

Davis: The number one responsibility is the safety and security of Barry County citizens and visitors. The number one issue is drugs and the crime resulting from their manufacture and use. We must have a well-trained, well equipped Sheriff's Department, with officers who are paid a living wage. If we are not secure in our homes and places of business none of the other county services matter.

A total review of all functions of the Sheriff's office. This will include all policies and procedures. I want to

bring the citizens of Barry County a Sheriff's office that is dedicated to public service and to the core values of: obedience to the Constitution of the United States; respect for those we protect; compassion; fairness; uncompromising personal integrity and institutional integrity; accountability by accepting responsibility for our actions and decisions and the consequences of our actions and decisions; leadership, both personal and professional. I also want to increase the feedback to the citizens who have been victims of a crime. Let them know in general what is happening with their complaint. This may mean that we have no viable leads, but at least they will know we did something in their time of need. I also want to increase the emphasis on combating the drug problem in Barry County. Always be looking for funding sources with minimal strings attached. Increased training

for all Sheriff's Office personnel, Deputies, office staff and Jail personnel. I want to create a Sheriff's Office that you the citizens of Barry County are proud of.

Ruark: I am concerned about the effect narcotics are having in Barry County. I believe the drug abuse in the county is the biggest issue we all face. Drug abuse also leads to other crimes which are a big issue in Barry County such as burglaries, other types of thefts, and sometimes assaults. I have stated throughout this campaign my feelings about the drug problem in the county and how I plan to attack it. My primary goal is to make noticeable changes the citizens of Barry County can be proud of.

In addition it is another goal of mine, if elected sheriff, that the citizens will see a county patrol from Wheaton

to Reavisville, Shell Knob to Washburn, Monett to Seligman, and all of the rural areas in between more often. This can be accomplished by reducing the time a deputy spends in the office. Right now, when a deputy takes a report of any kind, they have to go back to the office to enter key information and type the report. Through newer technology and better equipment in the cars, it would be possible to do all of this from each patrol car. This would allow each deputy to spend more time out in the communities. Presence is also, I believe, the best way to deter those who seek to violate citizens lives, space, and property.

- Any additional information you would like to provide (including, but not limited to: family, personal history, etc.)

Davis: I am proud to be a Barry County native. I was born, raised and graduated high school in Barry County. After serving our country with the FBI, I returned home and have lived here for the past 13 years with my wife (who is also a Barry County native) of 49 years. I want to use my education and experience to provide the citizens of Barry County with a modern and effective Sheriff's office that is based on the values of service, integrity and professional-

A black and white photograph of the Mill Street Church of Christ building. The church is a single-story structure with a gabled roof. A prominent stone chimney is located on the left side of the building. The entrance is covered by a small porch supported by columns. The building is surrounded by a lawn and some trees in the background.

“Not everyone that saith unto me, Lord, Lord, shall enter the kingdom of heaven; but he that doeth the will of my father which is in heaven. Many will say to me in that day, Lord, Lord, have we not prophesied in thy name? And in thy name cast out devils? And in thy name done many wonderful works? And then will I profess unto them, I never knew you; depart from me, you that work iniquity.”

Sometimes we are not as smart as we think we are. I recently was on a toll road. The signs all told me the amount I would owe. That's fine, no problem. However, I drove and never came to a toll booth or an automatic pay basket where you toss in the correct change.

As I exited the Toll way I thought; “that was good, I don’t have to pay a toll.” Later I was told every sign I passed ahead a high speed camera that took a picture of my license plate, and I would be getting a bill in the mail. My good fortune was gone. Sometimes we are that way spiritually. What we think, is not what is actually happening. Be very careful to use God’s word as your guide and glorifying God as your purpose. Be sure to have a Book Chapter Verse properly applied and that doesn’t contradict another Book Chapter Verse.

God's word is very clear; good action without proper purpose leads to destruction. The Bereans gave some good advice in Acts 17:1; "they received the word with all readiness of mind, and search the scriptures daily, whether those things were so."

CANDIDATES' RESPONSES

ism.

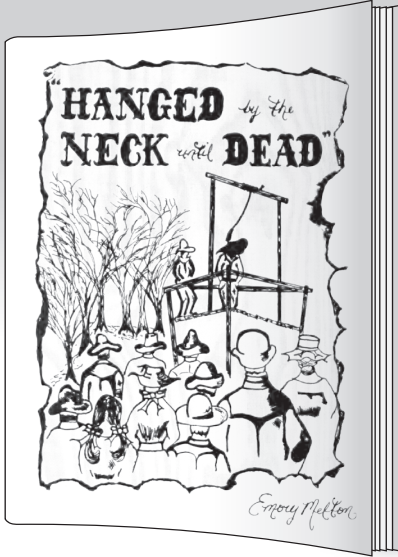

I am a retired Federal Bureau of Investigation Special Agent with over 32 years law enforcement experience. I have conducted and supervised criminal investigations including drug trafficking, organized crime, bank robbery, counter-terrorism, fraud and a host of others. My more notable investigative involvement included the attempted assassination of President Ronald Reagan, the Oklahoma City bombing and on the Incident Command of the September 11th terror attacks. I have a Bachelors Degree in Business Administration. I have developed and managed multi-million dollar budgets,

HIDTA, OCEDET, intelligence centers and technology projects; including the personnel associated with them. As a Christian and conservative Republican, I am firm believer in the Constitution and what the Founding Fathers intended it to mean.

Ruark: I would like to mention I have spoken with a couple of Post Certified individuals about taking positions in the Sheriff's Office if I am elected. One of the individuals I have asked if they would interested in taking a full time narcotics officer position. This is one of the positions I hope to be able to open up in my attack on the drugs problem in Barry County. The individual has stated they would accept the position when it is available. The second individual I spoke with is about being a K-9 unit. This is another tool I hope to add to the department. This position will come with an additional cost unfortunately, but I have been looking into other funding possibilities. The individual stated they would love to take this position when it becomes available and as already been looking into different facilities who train K-9s and has been comparing the cost.

I wanted to share this bit of information with the public to show how serious I am about wanting to make a huge difference in the drug problem we face in Barry County.

# Cassville routs Seneca with second half surge

Lee Stubblefield

With a black moon turning its back on Wildcat Stadium on Friday night, a little of John Fogerty's "Bad Moon Rising" might have been a better choice for the pregame music than "Enter Sandman." The moon was darkest over the Seneca stands, where the tribe fans watched a close 21-14 halftime dream become a 59-26 nightmare by game's end.

The Cassville Wildcats pounded Seneca into submission with a juggernaut ground game, unofficially gaining 440 yards on the turf with 54 rushing attempts. Add a 4-7 passing night by Shannon Haney for another 36 yards to that offensive effort.

The clouds may have obscured the lunar show, but the stars on the field provided plenty of highlights for the Cassville crowd.

River Phelps ran through and around the Indians for a 256-yard performance, scoring six touchdowns. Six touchdowns. That's a career for a lot of good running backs.

Troy Rose spearheaded the Wildcats on defense, intercepting Seneca's Gavin Clouse three times. Three interceptions. That's a career for a lot of good defensive backs.

Kyle Ruark ran for 71 yards and a touchdown. Anthony Tolbert gained 27 yards on seven consecutive carries late in the fourth

quarter. Then when the Seneca defense finally keyed on Tolbert, Steven Hunter blasted into the end zone from 6 yards out with his only carry of the game.

The Wildcats needed those scoring highlights because the Indians had some offensive success too. Seneca rebounded from a 14-0 hole to trail by only 21-14 at half. Then after two more Phelps touchdowns pushed the lead to 35-14, Clouse won a footrace down the east sideline for one score. After Ruark's bull rush into the end zone, Clouse added a quarterback sneak to open the fourth quarter to keep the Indians within striking distance at 43-26.

But Phelps punctuated his stats on the next series, jetting 74 yards through the Seneca secondary as Cassville claimed a 50-26 lead. Hunter's score finished an 8-play drive for a 57-26 advantage with just 3:38 left

Cassville's Troy Rose is pictured above as he makes one of three interception during Friday night's battle against Seneca.

to play.

Then Seneca, with all the bad luck that accompanied the loss to East Newton, saw a bad snap sail over Spencer Brattin's head on a surrender

punt, and Brattin had to take a safety in the end zone.

Final score: Cassville 59, Seneca 26.

The Indians were both Jekyll and Hyde in this game. They had many positive plays on both sides of the ball, and you could see how they earned wins over Nevada, McDonald County, and Aurora. But they also had a slew of both turnovers and penalties that showed how they could fall in a shutout loss to East Newton.

A lot of Seneca's woes were directly attributable to the solid play of the Wildcats. A little home cooking was just what this team needed

after the painful one-point loss to Monett.

Cassville improved to 5-2 with the victory and are 4-0 at home. Seneca fell to 3-4 with the loss.

The Wildcats travel to Aurora on Friday night. Kickoff is set for 7 PM.

# Southwest Lady Trojans to hold Pink Out, Senior Night

Bekah McKeever, Sydney Delossantos, Brianna Learned and Sydney Leroy will be honored at Southwest Senior Night on Tuesday, October 11.

Southwest split its volleyball games last week, defeating McAuley in an Ozark 7 Conference game and falling to Forsyth in a non-conference match.

The Lady Trojans defeated McAuley 20-25, 25-14, 25-21. Seniors Bekah McKeever, Brianna Learned, Sydney Delossantos and Leroy combined for 83 digs as Southwest improved to 3-1 in league play. Leading 23-21, Junior Myka Cook ended the game with two dramatic kills,

one coming on a block.

"It has been a tough season, but we have played pretty well in the conference," said Coach Steve Voyak. "Myka has really worked to improve her hitting and blocking and she really stepped up in that game."

Southwest also lost to Forsyth 25-20, 25-22 dropping their overall record to 8-16-2.

"We are so close at times," said Voyak. "They just made plays at the end and we

didn't. It was not for lack of effort. The girls are working hard, but just not getting the desired result."

Delossantos led the Lady Trojans with 11 digs and 7 kills, while McKeever added 8 digs and 5 kills.

Southwest ends the season with three home games: Oct. 6 vs. Purdy, Oct. 11 vs. Exeter (Senior Night) and Oct. 13 vs. Crane (Pink out and Family Night).

# Wheaton baseball powers past Southwest

Jayce Brattin had two extra base hits, helping the Wheaton Bulldogs to a 10-7 victory over Southwest on Monday.

Tate Banks got the win for the Bulldogs despite allowing five runs over five innings. He struck out 10, walked three, and surrendered seven hits.

Wheaton was sparked by Brattin and Hilsden Moseley, who teamed up for seven hits and five RBIs.

Payton Clay was charged with the loss for the Trojans,

allowing eight runs in three innings, walked none, and struck out two.

The lead stayed with the Bulldogs after the second inning when they scored two runs on an RBI double by Brattin and an error. Wheaton built upon their lead with six runs in the third. Cody Creech kicked things off with a double, bringing home Banks.

After pushing across four runs in the bottom of the fifth, Southwest faced just a 10-5 deficit. An RBI single

by Clay, two errors, an RBI single by Levi Moore triggered Southwest's comeback. Finally, Banks ended the threat with a huge strikeout.

Two runs in the bottom of the seventh helped Southwest close its deficit to 10-7. An RBI single by Caid Harrison and an error set off the Southwest rally. Bo Brattin ended the game by getting Jarrett Pike to strike out.

The Bulldogs will wrap up the fall season this week with a game on Thursday against Crane.

# Security Bank continues support for Mighty Might football program

This year marks the 12th consecutive year that Security Bank of Southwest Missouri has sponsored the Cassville Mighty Might football program with the purchase of the game jerseys for each participant in the program.

# Memorial Race highlights week of running

Lee Stubblefield

This was a busy week for area runners. School cross country meets included competitions at Lamar and Republic. The Cassville cross country team made its first ever trek to Fayetteville, Arkansas, for the Chile Pepper Festival. The local road racing calendar featured the Drury Panther Run in Springfield and the Jennifer Dougherty Memorial 5K in Cassville.

**Lamar Tiger Invitational**

Brylee Wilson stayed undefeated in middle school girls competition, and Austin Wilson led Cassville to third in the varsity boys race with his 12th place finish in 18:24. Wheaton placed 10th and Monett was 13th in the field of 16 teams.

Brylee Wilson won yet again, earning a gold medal with her 9:21 performance.

**Republic Tiger Invitational**

Both the Southwest boys and girls placed 4th in the team standings at a lightly-attended Tiger Invitational. Jarrett Pike and Landon Hendrix led the Trojan boys, placing 2nd and 6th, respectively.

Alyssa Walker led the Southwest girls with her 19th-place finish.

Ty Howard earned a medal for Southwest in the MS boys race, placing 19th.

**Chile Pepper Festival**

Chris Shore's runners made the long trip to Fayetteville for a run on the Razorbacks' home course.

Brylee Wilson ran in the women's open 5K, and

Mercy Hospital's Jennifer Dougherty Memorial 5K Race was a huge success on Saturday.

clocked a lifetime best of 20:47 to place 13th overall.

Pace Evans finished 26th in the men's open 5K with his 19:32 PR.

In the HS Boys Open, Cassville finished 33rd as a team with 878 points in a field of 66 teams and over 500 runners. Austin Wilson led the Cats with his 125th place showing in 18:25.

Jordan Campbell placed 135th in the HS Girls Open, running 23:30.

**Drury Panther Run, Springfield**

Josie and I traveled to Springfield for the Drury Panther Run on Saturday. One of our favorite road races, this event benefits the

Care To Learn foundation.

For the fourth year in a row, legendary Charlie Mabry set a state single-age record in the Men's 70-74 age group. Mabry turned a 1:18:11 on Saturday for his latest highlight. He now holds 17 Missouri state road racing records at various distances.

Josie and her sister Amy ran the 10K together, finishing 107th and 115th, respectively.

I ran the 15K race, chasing Frank Cottey's state M60 single-age record of 68 minutes flat set on this same course two years ago. I hit the 5 mile mark in 34:40, a minute and a half ahead

of record pace. The fast five was necessary due to all the big hills being on the last four miles of the urban course. I made it home in 1:07:11.73 to chalk up my 8th state record. I finished 22nd overall.

**Jennifer Dougherty Memorial 5K, Cassville**

A total of 83 competitors hit the streets of Cassville on Saturday for the first Jennifer Dougherty Memorial 5K. Veteran runner Jesse Durossette was the overall champion with a time of 20:12. Brian Walsh placed second in 22:54. Mercy's Amanda Winfrey was the women's champion, finishing fifth overall in 23:49.

# Pack barn field day coming Oct. 12

Are you looking for an affordable way to keep your

cattle comfortable, clean and mud free? Consider a building a compost bedded pack barn.

Although dairy cattle are rugged creatures, Missouri weather can be challenging for high producing dairy cows. ‘Mud season’ in the spring, the heat of summer

and bitter cold in winter easily summarizes around 250 days of a year. Consider providing shelter during these challenging weather conditions to improve cow comfort.

“When cows are comfortable, production will increase,” says Reagan Bluel,

University of Missouri Extension Dairy Specialist. This is seen through improved milk production and also reproduction.

An improvement in reproduction often is a result of improved heat detection. “Cows are more comfortable displaying signs of estrus with good footing,” says Bluel. Additionally, hoof health tends to improve when feet aren’t covered in mud.

A pack barn field day has been arranged to visit two Southeast Missouri dairy farms. Voelker Swiss Farm and Lohmann Farm, both of Perryville, have agreed to host.

The tour will begin at Voelker Swiss Farm at 9 am on Oct. 12 where the group will learn more about single pack barn design floor plan. In addition to the pack barn, we will also visit the brand-new double 10 parallel parlor and discuss the farm’s plan of expansion. Following lunch, the group will tour a double pack barn design at the Lohmann Farm, also of Perryville.

University of Missouri-Extension has vans carpooling to the farms.

Please call (417) 847-3161 or (417) 547-7545 to RSVP prior to October 7, 2016.

## Upcoming blood donation opportunities in Barry County

The American Red Cross urges eligible donors to give blood and platelets this fall to help restock the shelves following a significant summer shortage to ensure an adequate blood supply for patients in need.

Through the first two weeks of September, the Red Cross is down more than 10,000 donations from what is needed to replenish the blood supply and be prepared for emergencies large and small. Declines in donations can lead to blood shortages and make it difficult to meet patient needs should a disaster or emergency occur.

“September is National Preparedness Month and we urge eligible donors to make an appointment now to give blood or platelets,” said Nick Gehrig,

communications director, Red Cross Blood Services. "Whether blood is needed for a chronic condition like sickle cell disease, a routine surgery, a traumatic accident or a large-scale disaster, it's the blood already on the shelves that helps save lives. Red Cross blood and platelet donors play an important role in helping communities be prepared for all kinds of emergencies."

Donors of all blood types are needed as blood products continue to be distributed to hospitals almost as quickly as donations come in. To make an appointment to give blood, download the Red Cross Blood Donor App, visit [redcrossblood.org](http://redcrossblood.org) or call 1-800-RED CROSS (1-800-733-2767). Donors are encouraged to make

appointments and complete the RapidPass online health history questionnaire at [redcrossblood.org/rapid-pass](http://redcrossblood.org/rapid-pass) to help reduce wait times.
