Five Monett schools named to Healthiest Schools in America

Vinnie Roberts

Over the last few years, the Monett School District made the health and safety of their students a top priority. The district was recently rewarded for their efforts by the Alliance for a Healthier Generation, which named all five schools in the district to their 2019 List of America's Healthiest Schools.

This list includes 355 schools across the country that met the criteria for awards, with 32 of them coming from Missouri. The list is comprised of schools that go above and beyond to promote healthy eating and physical activity.

For their continued efforts in those fields, all five schools in the district were awarded recognition. Monett Middle School and Monett Elementary were awarded silver level recognition, two of only 49 schools in the country. Monett High School, Central Park Elementary and Monett Intermediate were all awarded bronze level recognition.

Efforts to improve healthy eating and physical activity were undertaken by all members of the district from the administration to the students, as well as the commu-

nity. The district also worked with Healthy Schools Healthy Communities (HSHC), a Missouri foundation with the goal of taking a multifaceted approach to make communities healthier.

In order to make the district a healthier place, the school implemented and revived several student programs.

Monett's administration has several before- and after-school programs geared toward physical fitness. Students arriving before the start of class on all campuses have an opportunity to take part in the Morning Mile, a daily walk in both indoor and outdoor facilities.

The school implemented after-school programs that often feature volunteers from the community. According to Alex Severs, HSHC school wellness coordinator, these programs have in featured instruction in yoga, Crossfit and taekwondo, all from local instructors.

The district also began work on a farm-to-table program, taking outdoor gardens and hydroponic indoor gardens and using them for both educational and dietary purposes. The gardens are

managed by school sponsored organizations like the Monett FFA and Monett agricultural classes. According to Severs, the school is currently working with the Go Caps program at the high school to maintain the program and devise a way to integrate the produce generated by the gardens into school meals.

Breakfast was a concern for the administration. Recently, the district began allowing students to take their breakfast foods with them to the classroom before the start of class. According to Severs, this move was to help encourage students to eat breakfast by removing complications and stigmas regarding eating in the cafeteria before the start of classes.

The community has played a big role in making the district a more healthy environment for students. The City of Monett, in conjunction with Monett School District, established several walking and biking trails in the routes leading to the campus. These paths are marked by street signs denoting that students are on a safe path to the campus.

Employees of the district also had a hand in the awards,

thanks to a health insurance program now being offered to them. In this voluntary program, employee wellness is examined through a series of metrics, and better premiums are awarded to employees who improve their health. According to Severs, this acts as an encouragement for the

teachers to serve as healthy role models for their students.

Severs went on to explain that the district as a whole feels excited about the awards and plans to continue their efforts to make the campus as healthy and safe for students as humanly possible.

Two officers injured in intentional crash

Charlea Estes-Jones

A Monett man is facing multiple felonies after allegedly ramming a Monett Police Cruiser. Jeremiah J. McGuire, 21, of Monett, was allegedly driving a vehicle for a suspect to break into cars and then hit a police cruiser,

injuring both officers inside.

According to the affidavits of probable cause by Monett Police detective David Haskins, an off duty Monett officer observed a suspect breaking in the window of a vehicle around 11:05 p.m. on September 23

on North Lincoln Avenue. The suspect then got in the passenger side of the vehicle, which drove off. The officer called the incident in, and the vehicle was located later on Frisco Avenue by the same officer. The suspect was no longer in the vehicle, but the

driver was.

Two other officers in a patrol car pursued the vehicle and eventually stopped in the roadway to attempt to stop the suspect's vehicle, which slowed down at that point. One officer stepped out of the vehicle to point his weapon at the suspect's vehicle.

McGuire then hit the patrol vehicle, injuring both officers, according to the report. McGuire was taken into custody and found to have a .133 percent blood alcohol content. Officers discovered the passenger in McGuire's vehicle was a 16 year old male from the original incident.

Both officers involved in the crash had to be treated for injuries. One complained of pain in his arms, knees and back. The other had back pain. Both were treated and released from the emergency room.

McGuire is facing six different felony charges related to the incident last week. McGuire is charged with two

New kind of counterfeit bills found in Barry County

Vinnie Roberts

Certain crimes you expect to see in a small town. Petty theft, municipal violations and traffic violations are often the order of the day among the criminal element in Barry County. However, over the last few months, one deputy of the Barry County Sheriff's Department has come across something out of the ordinary.

According to Lieutenant Randy Kalbaugh, sheriff's deputy and part-time member of the Washburn police department, several counterfeit bills have found their way into the registers of small businesses in both Washburn and Seligman.

"This is a method that I have personally never seen before," said Kalbaugh.

Kalbaugh went on to explain that many counterfeit bills seized by local police departments in the past have all had simple methods of detection, due to them having either been reproduced from inferior materials or having been manually altered in some ways.

These new counterfeits appear to have also been altered in a less detectable way. According to Kalbaugh, the perpetrators of this crime appear to be washing out one dollar bills and reprinting them with designs from larger denominations.

"You can almost make out the one on some of them," said Kalbaugh. "They're tough to catch, when you mark them with a counterfeit pen, it comes out as a real bill, but most modern bills have a magnetic strip on either side of the president's face."

According to the lieutenant, a counterfeit \$50 bill was seized at Country Package in Washburn.

COUNTERFEITS from FRONT

Kalbaugh also reports having recently been contacted by People's Community Bank in Seligman after they found that they were in possession of a counterfeit \$20 bill that had been altered in a similar way. Upon investigation, it was found that this bill had originally been given to Lucky T's, a gas station located in Seligman. "I've worked counterfeit cases before," explained Kalbaugh. "The people that use this stuff usually try and catch the business when they're busy so that they're less likely to catch it. They just slide them the fake money and the cashier doesn't have time to catch it."

Kalbaugh went on to explain that while there have been local counterfeiters before, that most of the cases he has typically dealt with involved prop money, or bills that were sold legally as prop pieces being passed off as real currency. "I wouldn't be surprised if we started seeing more in the future," continued Kalbaugh. When reached for comment, Barry County Chief Deputy Angela Cole stated that no further cases of counterfeit bills have been reported to Sheriff's department.

Police and government officials in Cassville, Exeter and Purdy have all stated that no new cases of counterfeit currency have been reported in their municipalities at this time. If you or anyone you know is in possession of, or suspects a person of producing counterfeit bills, contact the Barry County Sheriff's Office at (417) 847-3121 or Barry County Non-Emergency Dispatch at (417) 847-4911.

DWI charge requested in Farm Road crash outside of Seligman

THREE SUFFERED INJURIES IN CRASH

Charlea Estes-Jones

Three people were injured in a crash outside of Seligman on Sunday morning, September 29, around 1 a.m. According to the Missouri State Highway Patrol crash report, three people were riding in a Jeep Wrangler that ran off the road and hit a tree. The driver was arrested for felony DWI related to the incident.

Chancellor J. Black, 19, of Seligman, was driving the 1993 Jeep Wrangler with two passengers, Mason Ownes, 18, of Washburn, and Steven J. Skinkis, 21, of Seligman. The Jeep left the roadway and hit a tree on Farm Road 2275, about five miles east of Seligman.

Black and Skinkis suf-

fered moderate injuries in the crash and were taken to Mercy Hospital in Rogers, Ark., by ambulance. Ownes suffered minor injuries but did not seek medical treatment.

None of the occupants of the Jeep were wearing seat belts at the time of the crash.

The Jeep sustained minor damage and was towed from the scene by Wilson's Towing, of Washburn.

Black was arrested by the Missouri State Highway Patrol at 2:40 a.m., according to the online patrol. The Patrol is seeking a felony DWI charges as well as no seat belt and failing to drive on right half of the roadway resulting in a crash.

Motorcycle crash leaves one seriously injured

Charlea Estes-Jones

A Cassville man had to be air lifted after a motorcycle crash on Sunday evening. According to the Missouri State Highway Patrol crash report, the motorcycle crashed into a tree on September 29 evening.

Travis J. Meyer, 37, of Cassville, was driving a 2010 Harley Davidson motorcycle on Sunday, September 29, in the evening. He was headed northbound when he crashed at Highway 112 and Farm Road 2210 about five miles south of Cassville. The report states the motorcycle drove off the right side of the roadway and struck a tree.

The Missouri State Highway Patrol responded to the scene about 8:30 p.m. Meyer was transported via air ambulance to Mercy Hospital in Springfield for treatment of moderate injuries.

Meyer was wearing a helmet at the time of the crash.

The motorcycle sustained moderate damage in the crash and was towed from the scene by Brice's Towing, of Cassville.

MARY THELMA (CARTER) WESTPHELING
Mary Thelma (Carter) Westpheling was born August 13, 1921, at home near Roaring River, one of ten children. She was the daughter of Rev. James (Jim) Allen Carter (the walking preacher of the Ozarks) and Artie Elizabeth (Cordell) Carter, her parents. Mary went to meet the Lord on October 1, 2019, at the age of 98.

Mary attended rural schools at Muncey, Roaring River, and Viola through the fifth grade. She often stayed with her grandparents, Russell and Harriet Cordell, in Viola.

Mary married Robert Glen Westpheling in 1938 and moved to the Shell Knob

area. To this union three children were born: Bonnie Fair on October 30, 1939; Dewey George on October 2, 1941; and Barbara Ann on May 31, 1944.

Mary raised her three children working in tomato canneries, a sewing factory in Pierce City, and in various cafes in Cassville and the Roaring River Hotel. In later years, she stayed and cared for elderly people in the surrounding area.

Also preceding her in death are her two sons, Bonnie Fair and Dewey George Westpheling; granddaughter, Vicki Jo (Westpheling) Struse; great-grandson, Charles Jackson III; and son-in-law, Herbert Arlis Burbridge. Also preceding her in death were her twin brothers, Virgil Russell Carter and Spurgeon Clarence Carter; sisters, Edith Pansy (Carter) Ball and Leorena Margaret (Carter) Ball; a younger brother, Benjamin (Benny) Franklin Carter; a second set of twins, Ellis Artie Carter and Elsie Elizabeth (Carter) Elting; a half-sister, Minnie Myrtle (Carter) Crawford; and a four year old brother, James Levi Carter.

Survivors include her daughter, Barbara Ann Burbridge; daughter-in-law, Sandra Westpheling, of Des Moines, Iowa; 17 grandchildren; 41 great-grandchildren; and 27 great-great-grandchildren.

Mary was saved at a young age. Throughout her life, she trusted in God and

loved her family. She enjoyed reading, had a sweet-tooth for peppermints, and Milky-way candy bars. She also loved Kentucky Fried Chicken, and her favorite color was blue. She was a fantastic cook. Her bread pudding, bread, and cinnamon rolls will never be forgotten. She will be greatly missed by all that knew her.

Graveside services will

be held 11:00 a.m. on Saturday, October 5, 2019, at Painter Cemetery in Shell Knob, with Pastor Karty Burbridge officiating.

Funeral arrangements are under the direction of the White Funeral Home and Crematory, Cassville.

HERMILA NUÑEZ DE LUNA

Hermila Nuñez De Luna, age 74, of Butterfield, passed away Wednesday, September 25, 2019, at Roaring River Health and Rehabilitation Center in Cassville.

She was born January 13, 1945, in Durango, Mexico, the daughter of Nicolas Nuñez Aguirre and Juana Nuñez Carrasco. On February 24, 1963, in Durango, Mexico, she was united in marriage to Antonio Luna, who preceded her on death on October 27, 2013. Also preceding her in death were her parents.

Surviving are two sons, Martin Luna and his wife, Rosalba, of Rocky Comfort,

and George Luna, of Butterfield; four daughters, Yolanda Luna Nuñez, of Maywood, Illinois, Soledad Luna, of Carpentersville, Illinois, Elsa Luna, of Monett, and Estela Luna, of North Riverside, Illinois; and twelve grandchildren, Monica Bahena, Jasmine Luna, Stephanie Sandobal, Antonio Bahena Jr., Oscar Sandobal, George Luna Jr., Natalia Luna, Christian Burgos, Danielle Rodriguez, Nicholas Luna, Sergio Gonzalez Jr. and Alexander Gonzalez.

Hermila grew up in Durango, Mexico, where she graduated from high school. Later, she moved to the United States with her husband, Antonio, to make her home. Hermila was an extraordinary woman whom we love and admire with all our hearts. She was humble, caring, giving and always had a positive attitude. Some of the things she enjoyed the most was watching the Cubs, word puzzles, crocheting and always making sure her family had a delicious home cooked

PATRICIA ANN “PAT” MASON

Patricia Ann “Pat” Mason 86 of Monett, passed away, Thursday, September 26, 2019, in her home surrounded by her four children, her granddaughters and daugh-

ter-in-laws. Pat was born October 2, 1932, in Springfield, the daughter of Harold and Madeline (Hughes) Testerman. She was married to Carl Hancock in 1949 and together they raised their four children on their farm on Flat Creek in Cassville. After 25 years of marriage to Carl, Pat moved to Monett where she lived for the remainder of her life.

Pat had many careers over her lifetime but her favorite was working at Stell’s Package. She opened the store every day and loved to interact will all of her longtime customers. She continued to work until her health forced her to retire at 84 years of age. Pat loved to garden and take care of her magnitude of flowers. She had a “green thumb” like no other.

Pat quit school to marry and start her family at the young age of 17. Her only regret was that she didn’t finish school and receive her diploma. If she set her mind to something, you could be sure it would happen. One of her proudest accomplishments was completing her education and getting her GED. She received her diploma at the age of 61.

Pat became a grandmother to seven grandchil-

dren. She preferred to be called granny but somehow it turned in to “Gaggy”. She was forever Gaggy to all of her grandchildren as well as her 16 great-grandchildren and six great-great-grandchildren.

Our Mom and Gaggy was a strong, independent woman who wasn’t afraid to speak her mind. She loved her children and grandchildren unconditionally and treasured her friendships. She loved animals and had one special companion, “Baby”, who never left her side, even as she passed. Pat lived her life on her own terms and left this world in the same way, just as it should be.

Pat was preceded in death by her parents, Harold and Madeline Testerman; two brothers, Charles and Bill Testerman; one sister, Geri Testerman; her first husband and the father of her children, Carl Hancock; her second husband, Joe Mason; her daughter-in-law, Verlaine Hancock; and her beloved first grandson, Scott Hancock.

Pat is survived by her three sons, Larry Hancock (Rose), of Monett, Darrel Hancock, of Verona, and Billy Hancock (Valerie), of Verona; one daughter, Jan Riddle, of Nixa; six grandchildren, Jennifer Rambo, of Nixa, David Riddle (Melissa), of Wildwood, Matt Hancock (Robin), of Monett,

Angie Hancock (Kevin), of Neosho, Chris Hancock (Cassy), of Purdy, and Harley Curbow, of Springfield; 16 great-grandchildren; and six great-great-grandchildren.

A gathering of friends and family to celebrate Pat’s life will be held from 6:00-8:00 p.m. on Wednesday, October 2, 2019, at the Crafton-Cantrell Funeral Home, 303 S. Jefferson Ave. Aurora, Missouri.

Online condolences may be shared at www.Crafton-CantrellFuneralHome.com.

Mercy Hospital Cassville donates to food pantry

Seligman makes first moves to beautify town

Mercy Hospital Cassville holds an annual summer food drive each year and donates food items that the co-workers collect to the Cassville Food Pantry at the United Methodist Church. The hospital set a goal to raise 770 pounds this year, however, 972 pounds of food were collected during the months of July and August. Administration matches that amount by donating 20 percent per pound back to the Food Pantry.

A check in the amount of \$200.00 was presented to the Food Pantry on Tuesday, October 1.

Pictured above, from left to right: Jeff Fugitt, pastor of the United Methodist Church; Janet Mills, food pantry director; Tori Smith, pharmacy tech; Stephanie Clymer, materials management; and Fred Spencer, maintenance.

Recently, the city of Seligman has made the beautification of the town a top priority. At a city council meeting on Monday, September 9, Seligman city clerk Brian Nichols revealed that as part of that initiative, the city would be more strictly enforcing ordinances regarding dilapidated buildings within city limits.

According to Nichols, the city intends to begin with the buildings most in need of repair or removal first, before moving to address non-compliant buildings with less immediate issues in the future.

“I’d say that we’ve got over thirty that need to be addressed at the moment,” said Nichols. “We’re going to start at the top and work our way down.”

“Our main problem is the buildings that are falling down,” Nichols continued. “Some of them have walls or ceilings falling in. The vast majority of them aren’t currently being lived in.”

Nichols went on to explain that this is part of an ongoing effort on the city’s part to clean up the town and make it more attractive to potential property buyers.

“We have a lot of property being sold or bought up in the area,” said Nichols. “It just seems like the right idea right now. We want to make this an attractive, safe place to live.”

In order to ensure structures such as these are either repaired or removed, Nichols has been sending out notices through the mail to the addresses of the property owners.

The first of the notices were mailed out on August 27. This wave of notifications included seven properties within city limits.

Nichols stated that soon enough, a second round of notices will be going out to property owners. He explained that this group of notices would include as many as 19 properties.

According to Nichols, the first of these structures was demolished by the owner on September 4. He also stated that communications between this party and the city helped the city acquire contact information from local contractors who would be willing to aid the city in their endeavors.

Once the owners have been mailed the notification, they have 30 days to begin either reconstruction or demolition efforts. Should the owner not respond within the time frame, Nichols explained that the city will step in and tear the structure down at cost and put a tax lien on the property to cover the costs.

“It’s not our intention to make people upset,” Nichols explained. “We’re not trying to be abusive and we’re definitely not trying to make money off of this.”

Nichols went on to explain that absorbing the costs for demolition would not be profitable for the city long-term, as the city would also have to absorb the upkeep costs and would only be able to recoup the costs over time. He continued, stating that city officials are willing to take those measures for the sake of improving the community.

The city has scheduled a special hearing ahead of this month’s city council meeting in order to inform the public of these matters. The special meeting will be held at 5:30 p.m. on October 14, with the regularly scheduled council meeting to take place immediately after, at 6 p.m.

For questions and additional information regarding city ordinances or beautification efforts, contact Seligman City Hall at (417) 662-3600.

Motorcycle crash injures driver

Charlea Estes-Jones

A Cassville motorcycle driver was seriously injured in a crash about five miles outside of the city limits on Monday evening. The Missouri State Highway Patrol reported to the scene of the crash around 10 p.m. The driver had to be lifelighted for his injuries.

On Monday, September 30, Skylan L. Fare, 32, of Cassville, was driving a 2001 Harley Davidson motorcycle westbound on Farm Road 2140, about five miles northeast of Cassville.

The motorcycle ran off the roadway and struck a fence. Fare was seriously injured in the crash and was flown to Cox South Hospital in Springfield for treatment. He was wearing a helmet at the time of the crash.

The motorcycle was totalled and towed from the scene by Wilson's Towing, of Washburn.

Driver and two passengers injured in Washburn crash

Charlea Estes-Jones

Three were injured in a crash outside of Washburn Thursday morning. According to the Missouri State Highway Patrol crash report, the vehicle ran off the roadway before hitting a ditch and ejecting the driver.

Cheyenne Hackler, 25, of Washburn, was driving a 2001 Ford F150 pickup eastbound on MO 90 about six miles west of Washburn. The vehicle ran off the roadway, struck a ditch, overturned and ejected the driver. The Missouri State Highway Patrol responded to the crash around 10:50 p.m. on Thursday, September 26.

Hackler suffered moderate injuries in the crash. Two minor children, ages 3 and 2, were also in the vehicle at the time of the crash. They suffered minor injuries.

All three were transported by ambulance to Northwest Arkansas Hospital in Bentonville, Ark.

Both children were wearing seat belts. Hackler was not.

The pickup was totalled and towed from the scene by Wilson's Towing, of Washburn.

Pedestrian injured trying to stop mini buggy

Charlea Estes-Jones

A Wheaton woman was injured after being dragged by a mini buggy on Sunday afternoon, September 29. According to the Missouri State Highway Patrol crash report, a five year old child was driving and an adult was attempting to stop the vehicle.

The Missouri State Highway Patrol responded to the incident about 1:40 p.m. According to the report, the five year old was driving a Honda mini buggy of unknown

year on a private property in Wheaton city limits. Venessa N. Nelson, 28, of Wheaton, tried to stop the vehicle and was dragged by it.

Nelson had moderate injuries from the incident and was taken to Mercy Hospital in Joplin.

The child was not injured in the crash, and he was wearing a safety device.

There was no damage to the mini buggy.

SW names September Students of the Month

Cassville historian Steven Mann presents at DAR meeting

During the month of September, Southwest Elementary students were chosen to be Students of the Month. These students exhibited the character trait of responsibility.

Southwest Elementary's September responsibility students are pictured, left to right, in the front row: Lyla Jennings, Jessie Tull, Knox Myers, Adyson Jalbert, Greysen Keates and Freddy Gonzales. Middle row: Meriya Jalbert, Kenzleigh Speer, Riley Phillips, Grayson Payne, Olivia

Tedford. Back row: Milly Brinkman, Mikayden Barker, Bridget Outhouse, Trinity Granger, Sidney Roe, Emily Thieman. Not pictured: Scarlett Jones.

History comes to life when a really good history teacher brings it. That is exactly what happened on Saturday, September 14, when former Cassville Schools history teacher and author Steven Mann shared stories about the writing of our US constitution with members of Daughters of the American Revolution, Monett chapter. Mann set the scene for a group of men, debating how to give citizen rights and state representation to the new 13 United States of America.

Steven reminded us that the articles of confederation, predecessor to the constitution, was weak, allowing each state to operate as a separate foreign country. After America won its independence, it became clear that we needed a more central form of government. Hence "in order to form a more perfect union..." the 13 colonies were each invited to send delegates to the convention, Rhode Island being the only hold-out. Ben Franklin was 81 years old. Delegates

met throughout the hot summer, in secret, behind closed doors and windows. Mann helped us imagine hygiene and dietary customs of the day, bringing humor to the scene.

Steven Mann also taught at Crowder College and today is retired and writing fictional short stories. The Alexander McNair chapter welcomed guests from other chapters and new members to the event.

The next meeting will be on Saturday, October 12, and will feature an award-winning Kansas City artist Sarah Poff, whose paintings portray local stories from history. Several of her paintings are about Barry County during the Civil War, where her family has lived since 1850.

Pictured, Steven Mann tells stories of the American revolution in Monett.

Cassville claims homecoming victory, 21-7

Lee Stubblefield

The Cassville Wildcats shook off some first-half cobwebs and wrested a 21-7 victory from East Newton on Homecoming at Wildcat Stadium on Friday night. Zach Coenen scored twice, and Deven Bates rocked a 72-yard, highlight-reel scoring run as the Wildcats recovered from a 7-0 half-time deficit.

East Newton might be the best four-loss team in the state. The Patriots ended a long consecutive-game losing streak with a 35-8 victory over Nevada in week 4 and hoped to end another streak in week 5. It has been 16 years since the Patriots earned a win against the Cassville Wildcats.

Back in 2002, in David Large's first season at Cassville, the Wildcats lost to East Newton and everybody else in a rebuilding year. The next year, Cassville beat East Newton for Large's

first Big 8 victory, and the die was set. Ever since, all the Ws in this series have belonged to Cassville.

But the East Newton faithful believed this year could be different. The Patriots, under new coach Kyle Wood, were close in all three losses, and actually led in the second half in every game. With Cassville coming off a tough loss and maybe a bit distracted by homecoming festivities, the Patriots hoped to turn this into a trap game for the Wildcats.

Wood, no stranger to Cassville or the Big 8, had his team pumped for this challenge. The Patriots took the opening kickoff and drove 70 yards in 9 plays to quiet the Cassville crowd. Jeremiah Stewart's 15-yard laser to Jackson Schriever gave East Newton an early 7-0 lead.

Cassville wasted a scoring opportunity late in the first quarter. A long DJ

White kickoff return and a horsecollar penalty set the Wildcats up at the East Newton 39-yard line. The Wildcats reached the red zone in three plays before the drive stalled. Then, a Drake Reese field goal sailed wide right.

A scoreless second quarter saw East Newton clinging to a 7-0 lead at halftime.

The Wildcats covered an East Newton squib kick to open the third quarter. Then, Bates directed a 13-play, 76-yard drive to tie the score at 7-7. No passes, no razzle dazzle. Just 13 battering ram runs by Coenen, Bates and Bowen Preddy.

Predddy, nursing nagging injuries from the previous two games, did not appear in the first half stats. But in this all hands on deck crisis, #34 dotted the I in the backfield. Predddy's 14-yard burst to the East Newton 28-yard line was the longest gain of the drive. Then Coenen gashed the Patriot line on four consecutive carries for the final 15 yards as Cassville knotted the score at 7-7 with 6:30 to play in the third quarter.

The fired up Cassville defense forced an East

Newton punt, and the Wildcats took over at their own 22-yard line.

On 2nd-and 3 from the 28-yard line, Bates completely fooled the defense with a fake to Predddy and broke off left tackle into the secondary. He raced down the Cassville sideline and left the safety in the grass at the East Newton 30-yard line with an ankle-breaking cutback on his way to complete a 72-yard scoring run. Reese added the PAT and Cassville grabbed the lead, 14-7.

The teams traded punts as the fourth quarter rolled around, and the Patriots faced a 4th-and-3 at their own 32-yard line with just 5:03 remaining in the game. Coach Wood never hesitated, keeping his offense on the field. Punting in that situation would concede the game.

But Stewart's desperation pass overshot Wyatt Moore and the Wildcats took over deep in East Newton territory. Three plays later, Coenen burst through the line for a 21-yard touchdown as Cassville built a 21-7 lead.

The Patriots drove to

the Cassville 17-yard line, but Carson Jacobson intercepted Stewart on fourth down to protect the lead. The Wildcats ran out the clock with four snaps to claim the 21-7 victory.

A tale of two halves

After a lackluster opening, the Wildcats turned it around in the second half. Cassville's ground game, dormant in the first two quarters, chewed up the clock and the East Newton defense. The Wildcats rushed for a mere 63 yards in the first half but bulled for 217 in the second. Bates only completed three passes in seven attempts in the game, as Cassville rang up 296 yards of total offense.

Bates led a balanced Cassville rushing attack with 100 yards on 5 carries. Coenen ran 13 times for 76 yards and two touchdowns. Ferris picked up 44 yards on 8 first-half carries, and Predddy added 34 yards on 7 second half runs.

For the East Newton offense, it was the exact opposite. The Patriots rushed for nearly 200 yards in the first half, but could only muster 105 in the second. Stewart completed 13

of his 25 throws but also suffered a pair of costly interceptions.

Cassville improved to 4-1 with the victory and will play the McDonald County Mustangs at Anderson on Friday night. East Newton slipped to 1-4 and will host the Lamar Tigers.

Three local teams to compete in Volleyfest

SWMS Lady Trojans take first in Wheaton tourney

Vinnie Roberts

This weekend, one of the oldest volleyball tournaments in the area will be underway. Southwest's 36th annual Volleyfest begins on Saturday, October 5. The tournament will feature three teams from Barry County, Southwest, Wheaton and Exeter, all vying for bragging rights over the other.

The first of these teams is hosting school Southwest High. Southwest is coming into the tournament with a record of 2-15 after a loss against Billings on Monday, September 30.

According to Southwest volleyball coach Steve Voyak, this team's biggest obstacle so far is their lack of experience.

"We've struggled this year," said Voyak. "I've got a young team and a couple of girls coming back off of injuries from last year."

Voyak remains confident in his team's ability to compete, mostly due to their level of enthusiasm for the sport.

"Right now, our biggest strengths are our energy and our want to get better," explained Voyak. "The kids don't come in down-trodden to practice. They want to come in and do better and learn the fundamentals. For a team that has so few wins this point in the season,

we're working really hard still.

"Usually, when you're struggling, tempers are short and the attitudes flare. We haven't had that this year. They come in every day with a positive attitude."

The tournament's strongest Barry County contender is the Wheaton team, coached by Robert Creekmore.

Creekmore's team has a solid start to this year's season, currently boasting an 11-4 record after a win against Galena on Tuesday, October 1.

According to Creekmore, Wheaton's strengths lie with their aggressive serving and the hardiness of their defense.

Leading that aggressive offense is Madison Pierpont, who has managed to chalk up a total of 36 aces this season, with a 92.1 percent success rate on serves. Trailing close behind her is Nene Nunez, who has managed to chalk up an impressive 21 aces with a 91.6 percent success rate on serves.

Leading the Wheaton Defense is Monica Hinojosa who has an astonishing 87 kills this season. She's followed closely by Allie Reed with 62 kills for the season.

Overall, Creekmore commented that he believes that his team's greatest weakness is their integration

as a team. Only two starting players from Wheaton's 2018 returned to the team this year with the other returning players either having graduated or been a part of the junior varsity or second string.

"Integration is an issue with us," said Creekmore. "We're really working on adjusting everyone's speed and having them gel together as a group. We're halfway through the season, though. They've really come along since it began."

The final Barry County team entering in the Volleyfest is Exeter High School. According to MSHSAA statistics, Exeter has opened this season with an 0-11 losing streak.

The coach of the Exeter High volleyball team could not be reached for comment at the time of this publication.

Southwest High's 36th annual Volleyfest kicks off on Saturday, October 5, in the Southwest High School gym. The tournament will begin at 8 a.m. with the first round seeing host school Southwest take on Crane's volleyball team. At the same time, Wheaton High will play Exeter on another court in the same gym.

For any questions regarding Volleyfest, contact Southwest High School at (417) 826-5413.

Last Friday, September 27, the Southwest Middle School Lady Trojans travelled to Wheaton to play against several other area schools in a basketball tournament. Southwest won first place in the tournament, beating out both Exeter and Wheaton for the top spot. The team is pictured above, from left to right, front row: Makaila Anderson, Bri Hufford, Makiya Barker, co-captain Brooklyn Blanchard, co-captain Alexis Raucstadt, Lyric Bernard, Laura Henry and Allison Harling. Back row: Montana Skelton, coach Destiny Jalbert, Becca Swanepoel, Kelsee Merritt, Kaleigh Tull, Manager BreeAhna Paulsen and manager Zoey Merritt.

LOOK BUT DON'T TOUCH!

Your electric meter is a necessary part of the system after all, reading your meter tells you how much electricity you're using. But while looking at it is encouraged, opening or tampering with it is not.

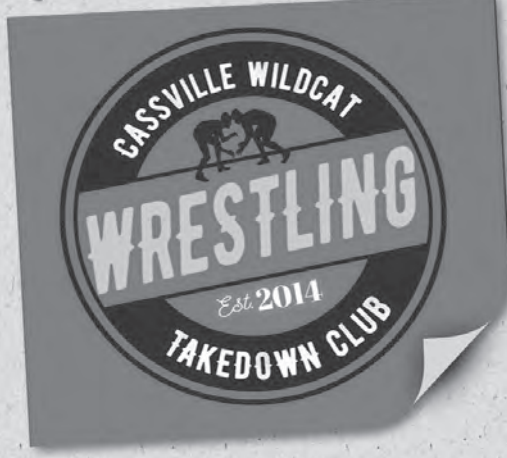

Attempting to adjust an electric meter exposes you to two risks, the most immediate being the danger of potentially lethal electric shock. The second risk becomes clear when you realize that tampering with an electric meter is illegal. Use a hands-off approach to avoid both kinds of trouble.

Barry County E9-1-1 recredited as Center of Excellence

Barry County Emergency Services E911 has successfully completed the intensive 20-step process to re-accredit as an Accredited Center of Excellence (ACE) with the International Academies of Emergency Dispatch™ (IAED™). The center has once again achieved ACE status for its use of the Medical Priority Dispatch System™ (MPDS®). It is the 215th center in the world to attain Medical ACE. This distinction places the center among the very highest-performing emergency dispatch agencies worldwide.

ACE inspires agencies to perform superior, up-to-date public care and to employ efficient use of resources when handling all emergency call situations. Accreditation lasts three years. To achieve re-accreditation, agencies must meet or exceed the same standards required in the initial accreditation, which requires participation from everyone in the department. Because ACE agencies abide by these standards and have fulfilled these requirements, callers can have peace of mind knowing their needs will always be appropriately addressed and that they will receive the help they need.

This is the second time Barry County has been accredited for its use of the MPDS. It first accredited in 2016. The agency is one of six Medical ACEs in Missouri. The center also uses the Fire Priority Dispatch System™ (FPDS®) and the Police Priority Dispatch System™ (PPDS®).

Barry County Emergency Services E911 Executive Director Mike Phillips said it's satisfying to achieve this recognition. He said employees have grown accustomed to performing at a high level and to constantly providing exemplary care to callers.

"It is a great feeling to know that our guys are meeting this quality of service and care," he said. "I know it takes a lot of work, and it was nice for us to receive the recognition again."

Phillips said striving for ACE status and attaining this goal exemplifies everything the agency stands for. The accomplishment is a testament to the dedication and commitment everyone dis-

plays. "At Barry County E9-1-1, we pride ourselves on meeting or exceeding standards and expectations in the emergency dispatch industry," he said. "We feel that earning the ACE distinction is one way we show our community and the citizens that we are performing at a high level and value the job we do. I think it proves to our employees and our community that they are meeting the highest standard of care in our industry. It also proves to myself what I already knew, and that is they are a top-performing group and should take pride in that."

Just as it does for the initial accreditation, the IAED's Board of Accreditation reviews the center's application and documentation of the Twenty Points.

"There's a tremendous amount of work that goes into re-accrediting as an ACE," said IAED Chair of Accreditation Christof C. Chwojka. "We're certainly proud of Barry County and

Haven of the Ozarks' Pets of the Week: Kittens

Meet adorable kittens, the Haven of the Ozarks Pets of the Week. Haven currently has a large group of wonderful, friendly kittens like Macy (pictured above). Many of them have spent their entire short lives at the Haven. A shelter, even a great one, is no place for a baby to grow up. Come choose your new best friend and show them what a real home is all about. Better yet, adopt a pair since kittens are extra cute when they have a playmate.

Haven of the Ozarks is open 9 a.m. to 4 p.m. each day of the week or call (417) 835-3647 for more information. Haven of the Ozarks Animal Sanctuary is located at 9617 Farm Road 2190 in Washburn. Visit them online at www.havenoftheozarks.org.

SKITS presents
melodrama on High Seas

All aboard the H.M.S. Majestic for a riotous adventure in "Peril on the High Seas," a melodrama set in the Roaring Twenties performed on November 8 and 9 at 6:30 p.m. with an additional 2 p.m. matinee performance on November 10. Walk down the gangway into the United Methodist Church in Shell Knob for the production presented by SKITS and sponsored by local patrons, businesses, Table Rock Lake Community Foundation and the Missouri Arts Council.

The story unfolds around heroine and heiress Merry Ann Sweet (Heather Andres) who has no idea that she is the intended victim of a kidnapping plot schemed up by the villainous Snively Swine (Craig Burford). With his partner, the slinky and exotic Aracnia Webb (Janel Riley), Swine disguises himself as Sir Reginald Rottentot, a British nobleman, in order to gain the confidence of Merry and her flapper friends, Mitzi (Jane Willis), Ritzzy (Bev McCaulla) and Ditzzy (Amanda Robbins). Instead, Merry falls for a handsome waiter, Cary De Mille (Don Herbert), but the ship's policy prohibits crew from becoming involved with the passengers.

Swine launches his kidnapping scheme. Can the love-stricken Cary save Merry? It's up to the passengers, movie star Mary Pickaxe (Sue Beck), gossip columnist Hedda Hooper (Beth Harp), detective Willy Ketchum (Ken McCaulla) and his wife, Wanda (Karin Stanley), Merry's aunt, Bea Goode (Paula Harris), the ship's captain, Barney Kuhl (Cliff Przybyl), and Entertainment Director, Skeet Suiter (Jim Robinson), to help Cary put the damper on Swine. Written by Billy St. John, "Peril on the High Seas" is directed by SKITS actress Anne Hoffman.

So, pick up a bag of popcorn at the concession stand and join SKITS for this wacky ride. Boos and hisses are expected. Tickets for all performances are available at Jug 'n Plug, Freedom Bank, Arvest Bank, and SK Chamber and are \$9 for adults; children 12 and under are free. Will call tickets are available by calling (417) 858-6199.

CoxHealth Urgent Care in Monett set to expand hours

Access to same-day care just got a little easier. CoxHealth Urgent Care in Monett is set to expand hours to include weekends starting Saturday, Oct. 5.

The walk-in clinic, located at 102 E. Cleveland Ave., will be open seven days a week and will have new hours of operation, 8:30 a.m. to 8 p.m. Previously, hours were 9 a.m. to 8:30 p.m.

“It is important that we continue to offer our growing community care when they need it,” said Dr. Tommy Trent, medical director of CoxHealth Urgent Care in Monett. “The time is right and the demand is there to expand hours to include weekends, especially as we get ready to enter the start of influenza season.”

Urgent Care is available for non-life-threatening illnesses and injuries and it is staffed by highly trained nurse practitioners and support staff. Treatment from CoxHealth Occupational Medicine's physicians for on-the-job injuries is also available at this location through the Virtual Visits online

video consultation service.

Patients can visit coxhealth.com to save your spot in line or see a list of conditions treated at the clinic.

Experiencing a life-threatening illness or injury? Call 911 or head to the nearest emergency room immediately.

USDA to provide \$150 Million in help for rural communities affected by natural disasters

U.S. Department of Agriculture (USDA) Missouri State Director Jeff Case highlighted \$150 million in grants available through the Community Facilities Program to help rural communities continue their recovery from the devastating effects of hurricanes, fires, and other natural disasters such as the recent severe storms, tornadoes,

and flooding in Missouri. This announcement is in conjunction with an earlier nationwide announcement from USDA Rural Housing Service Administrator Bruce Lammers. “When rural America thrives, all of America thrives,” Lammers said. “Under the leadership of President Trump and Agriculture

Secretary Perdue, USDA stands with the Nation’s rural communities in their long-term recovery following natural disasters.”

The \$150 million is included in the Additional Supplemental Appropriations for Disaster Relief Act that President Trump signed into law on June 6, 2019. The grants may be used for relief in areas affected by hurricanes Michael and Florence; wildfires in 2018; and other natural disasters where the Federal Emergency Management Agency (FEMA) has provided a notice declaring a Major Disaster Declaration and assigned a FEMA disaster recovery (DR) number.

Currently, Missouri has 70 counties included in declarations: Adair, Andrew, Atchison, Barry, Barton, Bates, Bollinger, Buchanan,

Caldwell, Camden, Cape Girardeau, Carroll, Cedar, Chariton, Clark, Cole, Dade, Dallas, Daviess, Douglas, Gentry, Grundy, Harrison, Henry, Hickory, Holt, Howell, Jackson, Jasper, Knox, Laclede, Lewis, Linn, Livingston, Macon, Maries, Marion, McDonald, Mercer, Miller, Mississippi, Monroe, Montgomery, New Madrid, Newton, Nodaway, Ozark, Pemiscot, Perry, Pike, Platte, Putnam, Ralls, Randolph, Ray, Saline, Schuyler, Scotland, Scott, Shannon, Shelby, Ste. Genevieve, Stoddard, Sullivan, Taney, Texas, Vernon, Wayne, Webster, and Wright. Please check the FEMA website for regular updates and names of additional communities that may be added.

Grant applications will be accepted at a local USDA

Rural Development office on a continual basis until funds are exhausted. Grant assistance will be provided on a graduated scale; smaller communities with the lowest median household income are eligible for a higher proportion of grant funds. For application details and additional information, see page 47477 of the Sept. 10 Federal Register (PDF, 303 KB).

More than 100 types of projects are eligible for Community Facilities funding. Eligible applicants include municipalities, public bodies, nonprofit organizations and federally recognized Native American tribes. Projects must be in eligible rural areas with a population of 20,000 or less.

USDA Rural Development provides loans and grants to help expand economic opportunities and create jobs in rural areas. This assistance supports infrastructure improvements; business development; housing; community facilities

such as schools, public safety and health care; and high-speed internet access in rural areas.

Cox Monett ranks 15 of Best Places to Work in Healthcare

Cox Monett has been ranked as No. 15 on Modern Healthcare's 2019 Best Places to Work in Healthcare, making it one of the top places to work in the entire United States. This is the second consecutive year the hospital has made the prestigious list, jumping from its ranking of 39 in 2018.

"To move up this quickly

is quite an amazing accomplishment," said Darren Bass, president of Cox Monett. "The culture we have built continues to shine through our employees; they are highly engaged and take great care of our patients. I am so proud of them."

Cox Monett is the only critical access hospital in Missouri selected for this award, and one of only two hospitals in Missouri to be named to the elite group.

Modern Healthcare and its Best Places to Work in Healthcare award winners have accomplished much over the years, empowering healthcare organizations,

and the people who work for them, to realize their full potential. Modern Healthcare partners with the Best Companies Group on the assessment process, which includes an extensive employee survey. The complete list of this year's winner rankings is available here.

"With record unemployment levels, organizations face stiff competition to attract and retain top talent. The providers and companies making this year's Best Places to Work in Healthcare list understand the importance of creating an environment where employees can not only excel in their own devel-

opment but contribute to the mission of improving care delivery," said Aurora Aguilar, editor of Modern Healthcare. "An appreciation—and dedication—to their organization's mission was one of the most common refrains from employees filling out surveys this year."

Cox Monett learned of their ranking at the 2019 Best Places to Work Awards Dinner on Thursday, September 26, at the Renaissance Dallas Hotel.

Modern Healthcare will publish a special supplement featuring ranked lists of all the winners along with the September 30 issue.

Staff enjoyed a lunch catered by Mo Wings during a celebration held earlier this summer.
