According to a press release from the Barry County Sheriff's Office, on August 23, Deputy Clinton Bray and Deputy Jeremiah Anderson were dispatched to a residence because a subject had been shot. Upon arrival, they located the victim, and began administering first aid while gathering necessary information for an investigation. Sheriff Boyd believes the quick actions of the deputies, including the placement of chest seals on the gun shot victim, resulted in the saving of the individual's life. "Deputies Bray and An-

Coached by David Large, the Cassville Wildcats won Class 3 state championships in 2008 and 2009. The 2008 Wildcats beat Cardinal Ritter 31-6 in the finals and finished 12-3. That team won its final seven games after back-to-back, mid-October losses. Among the late-season wins were 28-14 against Monett in a rematch of one of those losses, plus 26-15 against Logan-Rogersville and a 14-13 semifinal victory against Chillicothe. The 2009 team toppled Bowling Green 24-7 in the finals and finished 14-1. Its only loss was to Branson in the season-opener before the Wildcats won 13 of their next 14 games by an average of 25.6 points. Its closest win was 21-20 against No. 1 Logan-Rogersville in a

Cassville City Council Notes

Sheila Harris
 Cassville City Council met Monday, September 13.
 A motion was made and accepted to change the day of the council's monthly meetings from the second Monday to the second Tuesday of every month, beginning Tuesday, October 12. Meetings take place at 5:30 p.m. and are open to the public.
 Council approved a Use Tax proposal, which will go before voters on the April municipal ballot. If passed, the use tax will be applied to online purchases in an amount equal to the local sales tax.
 According to City Finance Director Isaac Petersen, the use tax will level the playing field for local merchants who have faced competition from online vendors - from whom no sales tax has been collected - in recent years.

Cassville Senior Center announces board changes

Cassville Senior Center administrator, Kristina Atwood, announced upcoming changes at the center.
 After five years of service, Bob Ware is stepping down as Board President; after 15 years of service as 1st Vice President, Wendell Bishop has resigned from the board; Katie Morgan has resigned from the board after six years of service; and Ruth Allison has resigned after two years of service.
 On behalf of the current board and herself, Atwood

According to Public Works Director David Brock, American Rescue Plan Funds are available for municipalities and counties through the state treasurer's office.
 "If other counties or towns don't turn down the opportunity to use the funds, Cassville's portion will be \$663,875," Brock said.
 Brock said many steps - including an application process - would need to be taken before the funds would be available for use, but a preliminary plan to use prospective funds for a new public works maintenance facility was presented to council.
 "The idea is to get our current facility (located at 7th and Mill Streets) out of the flood plain," Brock said. "Also, such a project will meet the qualifications for the rescue plans funds."

thanks all four for their years of service on the board and for their efforts on behalf of the senior center and for the seniors in the community.

"We are welcoming in some new members," Atwood said. "Donnie Elliott will serve as president and Debbie West will serve as 1st Vice President."
 According to Atwood, new at-large members include: Corles Stehlik, Clint Miller, Stephanie Jacobson, Diane Ross, and Donna Elliott.

Domestic dispute results in Shell Knob fire

Ezra DeVore
 Around 9:30 p.m. Tuesday, September 14, a Barry County deputy responded to a domestic dispute in the Stallion Bluff area near Shell Knob. However, "sometime before that deputy arrived," began Central Crossing Fire Chief Rusty Rickard, "the 9-1-1 dispatcher got information from the caller that somebody in the house had set it on fire. The caller at that time was trapped in a third-story bedroom."
 Then, Central Crossing Firefighters were dispatched as well.
 "Thankfully, we had a firefighter who lived in the area," Rickard continued. "He and several of our units responded. He was actually able to get the caller on the phone, and she was able to explain to him where she was in the home; he was able to get on the back

porch, which put him on the second story. They used a ladder, had her kick a screen out, and successfully rescued her from that third-story window. As that was taking place, the Barry County Sheriff arrived and successfully rescued (a person) from the living room area of the second floor.
 "The female who had been trapped on the third floor had no injuries or smoke inhalation issues - she required little to no medical treatment."
 The man found in the living room, unfortunately, suffered serious burns and was transported by helicopter to a hospital in Springfield. "The law enforcement officers' actions were just as heroic as ours," continued Rickard. "Stone County, Barry County - fire and law - (we're all) neighbors."

DEPUTIES from FRONT

derson took an oath to protect and serve the citizens of Barry County," stated the Letters of Commendation the deputies received from the Sheriff's Office in response to their life-saving actions.

"They've greatly honored the badges and patches on their uniforms," the Letters, signed by Sheriff Boyd, Major Angela Cole and Sergeant Anthony Larson, stated.

Rogersville upsets Cassville, 28-13

Above, Cassville's Jake Anthonysz breaks off tackle for a gain against Rogersville. Photo by Priscilla Craig.

Lee Stubblefield

Rogersville's double-threat quarterback, JJ O'Neal, ran for 153 yards and passed for 105 more to lead the maroon Wildcats past Cassville on Friday night, 28-13.

The Cassville Wildcats never led in this game. With the score tied at 7-7, O' Neal escaped for a 49-yard touchdown run to end the first half. Cassville pulled within a point with a trickeration TD and a missed PAT, but Rogersville scored twice in the final three minutes of the fourth quarter to post the 28-13 final score.

Team and individual matchups favored Rogersville in this game. O' Neal was way faster than any of the Cassville defenders. Time after time, the Rogersville

wideouts ran deep patterns as decoys, leaving open field for O' Neal to run. The Cassville offensive line could not protect Cutter Hicks in the pocket, and he spent much of the night running for his life.

The turnover bug bit Cassville at a critical juncture late in the game. Trailing 21-13 with just under three minutes left to play, Hicks was sacked and the ball came loose. Rogersville recovered at the Cassville 33-yard line, and drove in for the clinching score with just 13 seconds on the clock.

FIREWORKS

There were fireworks on and off the field Friday night. Eight minutes ran off the first quarter clock with no score, but then Hernan Hernandez took a 21 yard loss when fielding a bad snap out of punt formation. Blessed with a short field at the Cassville 19-yard line, Rogersville scored in just five plays, with Patrick Comito scoring on a four-yard run. Thessen Prenger added the PAT for a 7-0 lead.

The Cassville Wildcats answered with their best drive of the night. Hicks directed a nine-play, 75-yard odyssey that ended with a Jake Anthonysz 11-yard touchdown run at the 9:52 mark of the second quarter. Anthonysz joined the running back corps for the first time this year against Rogersville. After Jadon Ew-

ing posted a monster game against Mt. Vernon in the season opener, Cassville has relied on running back by committee.

Peter Littlefield tied the game at 7-7 with his PAT.

Then, O' Neal dazzled the crowd with his 49-yard cutback scramble for a score with 2:44 left before halftime. Another Prenger kick gave Rogersville a 14-7 lead.

Hernandez returned the ensuing kickoff to the Cassville 49-yard line. The Wildcats drove down to the 26-yard line, but Hicks was sacked on third down, and the clock ran out.

Cassville drove into the red zone late in the third quarter, but came up short on fourth down and Rogersville took over at the six-yard line. O' Neal led his team deep into Cassville territory to christen the fourth quarter, but his fumble gave the ball back to Cassville at the 19-yard line with 9:15 left to play.

On first down, Hicks was sacked again, this time back at his own three-yard line. On third-and-forever from the 11-yard line, Cassville coaches threw caution to the wind and turned to the last page in the play book.

Cassville lined up in the I-formation, the signal to the defense that a conservative run and a punt would follow. Hicks took the snap and pitched to Anthonysz

running left. He handed the ball to Keaton Shellenberger on the reverse, and he abruptly pulled up, set his feet and hurled a long bomb to an uncovered Hernandez at the Cassville 41-yard line. The defenders, who totally bought the run fake, could not recover, and Hernandez raced down the Rogersville sideline and into the end zone with 7:30 remaining.

Eighty nine yards. Wow.

But the Cassville crowd went silent when Rogersville blocked Littlefield's PAT try, protecting the 14-13 lead.

Then the visitors made a statement drive, covering 66-yards in 10 plays. Caleb Cole became the third Rogersville runner to score in the game, finding the end zone from five yards out. Prenger connected again for a 21-13 lead with 2:56 left to play.

On the first play following the kickoff, Hicks was sacked yet again, and his fumble gave the ball back to Rogersville at the Cassville 33-yard line.

O' Neal limped off with an injury on second down, and Prenger - the kicker - replaced him at quarterback. On his first snap, Prenger

drilled a third-down slant to Logan White for a 20-yard gain to move the chains. Two plays later, Prenger found White again to set up 1st-and-goal with the clock racing under a minute.

Take a knee, let the clock run out, shake hands and go home, right?

Nope.

Rogersville called time out with 17 seconds left, and then Luke Hauer creased the left side for a four-yard touchdown run. Prenger drilled his fourth PAT of the night to ice the game, 28-13.

STATS

Cassville gained 312 total yards on the night, versus 394 for Rogersville.

Rogersville had more yards rushing - 241 to 181 - but Cassville led in aerial yards, 131 to 105, although 89 of those yards came on the one trick play.

JJ O' Neal led all rushers with 153 yards on 21 carries.

Jake Anthonysz led Cassville with 66 yards on 13 attempts.

Cassville only fumbled once but gave up possession on downs three times in critical situations.

Rogersville improved to

1-3 with the win, ending the three-game losing streak.

Cassville dipped to 1-3, and faces a daunting road trip to play unbeaten Lamar. The Lamar Tigers knocked the Nevada Tigers out of the unbeaten ranks in a 48-22 game on Friday night. Springfield Catholic and Mt. Vernon remain winless after four weeks of play.

Cassville will be underdogs against three - if not more - of their remaining five opponents, an acknowledgement of the Bill Parcells quote, "You are what your record says you are." But like Lance Parnell preaches year after year, "We want to be playing our best ball at the end of the season."

DON'T RAISE THE RISK

During any kind of project around your home or property, remember there's more overhead than buildings, trees and sky. A ladder can easily reach high enough to cause potentially fatal contact with power lines.

Always look up before raising or moving a ladder to make sure it's at least 10 feet from any electrical lines. Keep your eye on power lines and your mind on working safely.

Trout Fest, the second annual celebration of the fish that makes Roaring River - and by extension, Cassville - a popular vacation destination, took place Saturday in Cassville's South Park, after an official post-game kick-off fireworks display Friday night at Wildcat Stadium. In addition to a Trout Trot, Minnow Mile, cornhole tournament, kids' activities, a rifle raffle, live music, a beer garden and plenty of vendor booths, this year's second annual festival featured the debut of the River to Table Trout Cook-off.

Contestants were required to fetch their fresh-catch for meal preparation straight from the waters of Roaring River, prior to cooking it up in Cassville's South Park by a method of their choice. Good prizes were at stake as the three-person teams labored diligently over savory presentations, the scents of which made the mouths of fair-goers water. Each team was required to prepare an entree and two side dishes using their fresh trout, plus the ingredients of a "Mystery Basket" issued to them at contest time. Meals were judged by four

criteria: texture, taste, creativity and presentation. After tasting the first meal presented to him, contest judge Dr. Merlyn Johnson offered the prophetic comment, "This is going to be hard to beat." Indeed, it was. The Lookin' 4 Lunkers team, comprised of members Halie Stokes and Chelsie and Jason Sledge, took first place in the competition with a meal consisting of Smoked Trout Chowder, Jerk Trout with homemade Jamaican seasoning and a colorful side salad of mixed

Black bear hunting opens October 18

Four-hundred Missourians’ names were drawn to participate in this year’s inaugural black bear hunt, slated to open Oct. 18. Those hunters were invited to attend special education programs to prepare for their hunt, but the Missouri Department of Conservation (MDC) is now opening the educational opportunity to the public.

Roaring River State Park Interpretive Resource Specialist, Kelly Koch, said black bears are becoming more prevalent in Barry County. A bear was spotted at a site in Campground 3 in Roaring River Park over the 4th of July weekend.

“The camper rolled out of his tent because he heard a noise during the night,” Koch said. “He thought it was a raccoon, but he found a bear rummaging through his cooler. He swatted it with a shoe and it ran off toward the river.”

Learn about black bear hunting at the Sept. 30 virtual program “Black Bear Hunting Basics.” The online program will be held from 6-8 p.m. and will be hosted by experienced MDC instructors. Register for the event at <https://short.mdc.mo.gov/ZyZ>.

“This virtual program is not only for hunters whose names were drawn for the upcoming black bear season, but for anyone who wishes to learn more about black bear hunting in Missouri,” said MDC Furbearer and Black Bear Biologist Laura Conlee.

During the Sept. 30 program, participants will learn about wildlife identification, habits and habitats, regulations, safety, hunting strategies, equipment, and game care.

Though this program is free, registration is required. To attend, use the link above. Registrants must provide an email address, so a program link can be sent to them.

To learn more about the upcoming black bear season, visit Bear: Season | Missouri Department of Conservation (mo.gov).

Barry County High School runners perform well in cross country events

Lee Stubblefield

This was a big week for Missouri cross country runners. A full slate of races put elite athletes on display, starting with Monett’s Richard “Whitey” Mettlach Invitational on Tuesday.

Highlights

Led by Jolie Evans and Annie Moore in fourth and fifth places, respectively, the Cassville Lady Wildcats won the girls small schools division at Monett, scoring 30 points.

The Cassville boys placed third in the eight-team small schools division at Monett. Caleb Leach led the Wildcats with his tenth-place finish.

Purdy sophomore Bryce Ozbun took third place in that race, posting a 19:17.10.

Hollister Invitational

At Hollister on Thursday, the Ladycats finished second in the team scoring, trailing Strafford, 62-67. Evans again led the Cassville girls, placing second in 21:09.52.

The Cassville boys contingent placed third in the team standings, scoring 93. Leach placed sixth in 18:19.91 to pace the Wildcats.

Missouri Southern Stampede

Southwest senior Christian Long earned a twelfth-place medal at the prestigious Missouri Southern Stampede at Joplin on Saturday. Long, who finished 27th with a 17:31.1 at the Class 2 state meet a year ago, ran a personal best 17:08.11 at Joplin.

“The Southern course is very comparable to the state meet course,” Long noted after the race.

Upcoming meets

Southwest and Purdy will be in action Saturday at Granby, seeking new PRs on the lightning fast East Newton course. Cassville runners travel to Lamar on Tuesday, September 28.

TROUT FEST from 8A

greens.

The Lunkers team members hale from Tulsa, but spend much of their summers at Roaring River State Park, they said.

The Element 79 Media team, consisting of locals Jeremiah Selby, Rebecca Couch and Steve Walensky, also fared well. The team's presentation of Smoked Trout Chowder, wild rice and succotash garnered it a second place finish.

With the help of many community "Lunker Sponsors," The Cassville Chamber, Element 79 Media, Roaring River State Park and the City of Cassville have plans to grow Trout Fest and the River to Table Trout Cook-off in years to come. And the cook-

off judges, it seems, will be clamoring to have another go on next year's judicial panel.

"I've done a lot of community gigs," said Judge Jon Horner, as he scooped the last drop from his bowl of smoked trout chowder, "but this was the best."

Mary Collins, of Cassville, called the festival a success.

As winner of the raffle for a custom cera-koted AR-15 rifle donated by Quick Draw Gun, Chad Johnson, of Cassville, was well pleased with Trout Fest, too.

MoDOT seeks winter help

The Missouri Department of Transportation has full-time maintenance positions and seasonal emergency maintenance equipment operator positions open across the state.

“We’re looking for individuals who are interested in joining our team to help Missouri this winter season and beyond,” said MoDOT’s Maintenance Director Natalie Roark. “If you are looking for a rewarding job that gives back to your community, there’s no better time to apply than right now.”

Applicants need to be at least 18 years old, successfully complete a criminal background check (a misdemeanor or felony conviction is not an automatic restriction to employment), and have a commercial driver’s license (CDL). A passing grade on the written portion of the commercial driver’s license (CDL) exam is required prior to hire date. Must pass the driving portion of the CDL exam with tanker endorsement, no air brake restrictions (Class B).

If you don’t already have a commercial driver’s license (CDL), MoDOT will provide training to help you obtain one. Full-time maintenance employees receive training and a long list of benefits including paid leave, medical, vision and dental insurance and a retirement plan; and a culturally diverse workplace that is dedicated to safety and personal development. Full-time employment with MoDOT provides opportunities for advancement and a long-term career.

Seasonal help is also needed. Individuals can apply for an emergency maintenance equipment operator position. These are seasonal crew members who help out when inclement weather hits. “If your normal job doesn’t include full time work in the winter months, consider being an emergency operator for MoDOT to fill in those gaps,” said Roark. “You earn extra pay and you help the MoDOT team with our winter operations.”

To learn more about these opportunities and to apply online for positions across the state, go to www.modot.org/opportunities-maintenance. If you don’t have computer access, you may obtain an application for employment at any MoDOT facility across the state.

Haven of The Ozarks: Pet of The Week

Meet Sugarcane Fields, the Haven of the Ozarks Pet of the Week! This beautiful, friendly pup is about three months old and is probably a mix of pointer, red heeler, or possibly hound. She is expected to be medium-sized when fully grown, but we don't have her parents for a size reference. That's just our best guess. She also has several siblings still in need of a home. Sugarcane and her buddies are spayed/neutered, micro-chipped, dewormed, current on shots, and are on monthly flea treatment. They will make a great addition to any home! For more information, call 417-835-3647 or visit the Haven.
