

Voters to see bond issue for new jail on April ballot

Sheila Harris

A \$230,000 offer by Barry County commissioners to purchase a 25.42-acre tract of land behind Baywash Car Wash on Old Exeter Road in Cassville has been accepted by the seller, Adjacent Properties, LLC.

According to Presiding Commissioner Gary Youngblood, the land is the proposed site for a new county jail if a bond issue is passed by voters on the upcoming April ballot.

“We’d been looking for the right piece of property for a while,” Youngblood said, “ever since Danny Boyd took over as sheriff.”

Boyd said it was about February of this year when he presented commissioners with a list of the problems with the current jail and suggested they might be further ahead to spend county money on building a new structure rather than attempting to remodel the old one.

The commissioners agreed.

“It would have been like throwing good money after bad to try to fix the current jail,” Youngblood said. “It’s already been remodeled three times, and it still sits in the flood plain.”

According to minutes from the September 30 and October 4 commission meetings, a ten-minute closed session was devoted to a “real estate discussion” during the former, and “a signed contract was received” by the commission at the latter.

Although the contract was not contingent on an appraisal to verify the value of the property, Youngblood says he believes the county is getting the land for fair market value.

Family loses everything but lives in Saturday fire

Fire destroyed the home of Ricky and Jessica Swearingen of rural Cassville early Saturday morning. Photo by Sheila Harris.

In the early morning of October 16, a phone call from a concerned neighbor alerted the Cassville Fire Department to the blazing two-story home of Ricky and Jessica Swearingen on Farm Road 1135, approximately six miles northeast of Cassville. The Swearingens were not home at the time of the fire. The house and all contents were destroyed.

According to assistant chief of the Cassville Fire Department, Derek Acheson, the call was received at 1:30 a.m. and detailed that the neighbor had heard noises and later saw the home ablaze; the Cassville Fire Department arrived on scene at 1:50 a.m.

“When arriving,” said Acheson, “we didn’t know there were no residents, but the residents were (later) located out and about. We requested mutual aid with Purdy Fire; they have a big-

Exeter resident asks for resignation of police chief

Sheila Harris
 Former Exeter city council member, Charles Patterson, was present with a request to address council at its 3:30 p.m. meeting on October 13. "I would like to ask for the resignation of the chief of police," he advised council. His request was followed by a short list of reasons for it, including an allegation that Chief Willie Stephens had not followed through with the investigation of an alleged theft committed by a juvenile, in which Patterson claimed to be the victim. Patterson warned council that if no action was taken regarding Stephens, he would

take the matter to the highway patrol. Council advised Patterson they would look into the matter. During a follow-up phone call on Tuesday, Exeter city clerk Marissa Robbins told The Barry County Advertiser that Chief Stephens - who has been in office since October of 2018 - had been advised of the complaint against him. "We are arranging some extra training for him," Robbins said. "Mr. Patterson's concerns are being addressed and we are handling the matter in-house." Chief Stephens was unavailable for comment.

JAIL from FRONT

"You look around," he said. "You'll not find anything similar to this property for this price with utilities nearby and easy highway access." According to Youngblood, the property was initially offered for sale by Adjacent Properties, LLC, for \$250,000. "We offered them \$200,000 first," Youngblood said, "but they wouldn't take it." Adjacent Properties, a limited liability corporation based in Eureka Springs and Holiday Island, Arkansas, is managed by Fred and Margaret Bartell. According to data recorded in the Southern Missouri Regional MLS (Multilist), the company purchased the 25.42 acres on July 12, 2021, for \$135,000.

The closing on the current real estate transaction is expected to happen on or before July 2022. A site analysis is currently underway to determine the best size and type of construction for the land. Cost estimates for construction can then be calculated in order to arrive at a dollar amount for the bond issue to be presented to voters in April. According to Youngblood, in addition to the bond for the construction of a new jail, a 1/2 cent sales tax increase will also appear on the ballot for voters' consideration which will go toward enhancing law enforcement in Barry County, including raises for personnel and the hiring of additional employees for the prosecutor's office.

ger water capability than we do. Purdy brought a tanker and people." According to Acheson, a total of six Purdy firefighters arrived, as did five from Butterfield, in addition to the five from Cassville who had been the first to arrive. "The house was consumed," Acheson said, "maybe five percent of the northwest corner was still standing, but it was still damaged." With the fire extinguished, the firefighters departed at 4:23 a.m. Although the fire department currently cannot confirm the origin of the fire due to the near-complete destruction of the home, "This time of year," Acheson said, "you can't rule out a chimney fire. Clean out your chimneys during the cold time of year, and replace the batteries in your smoke detectors to keep fires from turning tragic. In rural areas, fires can easily

go undetected and burn for a long time before anyone notices." All of the firefighters working in the Cassville Fire Protection District are volunteers. To volunteer, call 417-846-4005 or go to www.cassvillefpd.org. A fundraising effort is underway for the Swearingens. Donations can be made online on the T. Dear Editor,

For some years now, I have been puzzling as to why the members of Cassville society show little to no interest in two cultural treasures we have nearby. The Ozark Festival Orchestra is the only orchestra in Barry County. Opera in the Ozarks is a school in Eureka Springs which performs opera in July.

I think I have the answer to this lack of interest. It is because it has never been taught. School children have never been exposed to classical music. They have grown into adulthood with no knowledge of the masters. Since the Ozark Festival Orchestra is free to school children, there has to be a reason why they don't go. I think I have an answer to why that is. The previous school superintendent told me (schools) made a deal with the church pastors not to impose on "their Sundays." Since the orchestra performs at 3 p.m. on Sundays, I blame the pastors of Cassville for the gross indifference to the education of children. Also, the fact that opera is performed mostly in the Italian language is no excuse, because the English translation is projected above the stage. *Ralph C. Kelley Cassville*

Cassville celebrates Senior Night with win over East Newton

The Cassville Wildcats rebounded from their loss at Seneca in a big way, defeating the East Newton Patriots at Wildcat Stadium on Friday night, 42-6. Jake Anthonysz led the Wildcats with a stellar offensive performance. Cassville's junior running back rushed for 111 yards and three touchdowns, and also scored on a 66-yard pass play.

Senior Night saw seven Wildcats - Cutter Hicks, Eli Pickett, Ethan Fuchs, Michael Morgan, Landry Mills, and Wyatt Cochran - play their last regular season game in front of the home crowd.

This was an important game for both teams. Cassville at 2-5 and East Newton at 1-6 both desperately needed a win to help improve their district standing. With a week #9 game against Lamar, the Patriots knew this was likely their last chance for a victory this season. Cassville also has a tall order to fill with a road game upcoming against McDonald County.

2021 has been another frustrating year for East Newton. Add this one to an eleven-year drought, a stretch in which the Patriots won just nine games. A stretch that included five winless seasons. A stretch where the best season record was 3-7.

This was a game that Cassville could ill afford to lose. But crazier things have happened. With a wet and muddy field figuring into the night's challenges, this Cassville team was determined to get off to a good start.

Hernan Hernandez returned the opening kickoff out to the Cassville 35-yard line, and then the Wildcats

thonysz on the right hash, and he jetted away from the defensive backs for a 66-yard touchdown. It was the only pass completion of the night for Hicks. Littlefield converted the PAT kick for a 14-0 lead at the 4:49 mark.

An East Newton punt, a Hicks interception, and a Patriot drive that ended with an incompletion in the end zone saw the score remain 14-0 at the 7:41 mark of the second quarter. The Wildcats drove to the East Newton 28-yard line but a holding call ruined that promising drive and Hernandez punted to the East Newton four-yard line.

Three plays later, Hernandez intercepted a Bowman pass and returned the ball to the East Newton 26-yard line with just 1:48 on the clock. A personal foul advanced the ball down to the eleven. On third down from the five yard line, Hicks crashed into the end zone for his second score of the game. Littlefield split the sticks again for a 21-0 lead with a mere 26 seconds left in the half.

The Wildcats held the Patriots to a three-and-out to open the third quarter, and then embarked on another long scoring drive. This 14-play, 65-yard odyssey saw Keaton Shellenberger attempt a halfback pass on third down from the East Newton 40-yard line. The pass fell incomplete but the Patriots held on the play, giving Cassville new life.

Four plays later, Anthonysz rolled into the end zone from three yards out. Little-

field contributed again for a 28-0 lead with 3:41 left in the quarter.

Knight again fielded a ball destined to go out of bounds, and stepped on the sideline at the East Newton three-yard line.

A first down run by Nathan Every gained only two yards. Then Evey fumbled on the next play and Cassville's Ethan Lamborn recovered at the East Newton 10-yard line. It took Anthonysz two carries to find the end zone. Littlefield nailed another PAT to give the Wildcats a 35-0 lead and start the running clock with 2:20 still to play in the third quarter.

The fireworks were not over.

Littlefield finally boomed a kickoff down the center of the field. Knight ran up to make the catch but the ball bounced off his pads and Bryson Jacobson recovered for Cassville at the East Newton 25-yard line.

Anthonysz scored from ten yards out on the first play of the final quarter. Then Littlefield finished his perfect night, converting for the sixth time to give Cassville a 42-0 lead.

With clean-jerseyed substitutions pouring in from both sidelines, the Patriots drove 75-yards in 14 plays to get on the scoreboard. Bowman tossed a 13-yard scoring pass to Easton Schrader with 2:16 left in the game. The PAT failed, leaving 42-6 as the final score.

The Wildcats racked up 278 yards of total offense.

Cassville running backs gained 212 yards on 40 carries, led by Anthonysz with 111 yards on 22 attempts. Cutter Hicks completed just one of his three pass at-

tempts, the 66-yard catch-and-run touchdown connection to Anthonysz.

Purdy FFA Wows With Barnwarming

Third row: Junior Attendants Kavery Postlewait and Joey Billingsley. Fourth row: King Zach Henderson and Queen Robyn Schad, Seniors.

The Purdy FFA Chapter hosted its annual Barnwarming on Friday, October 8. This year's theme was, "Sold at the Grundy County Auction," inspired by John Michael Montgomery's 1995 hit song. Purdy High School senior and FFA Chapter President Weston Ellison delighted attendees as "Westina," the embodiment of Montgomery's, "Ruby red lips, blonde hair, blue eyes," when he took a turn on the dance floor with each of the barnwarming king candidates, to open the festivities. Other barnwarming games played during the evening included a roping contest for the queen candidates that concluded in a rope-off between sisters Rosa and Robyn Schad, a sheep herding contest, haybale chucking, a stick horse obstacle course, an auctioneering competition and a dance-off between Team Classic Country and Team Business Country, which Team Classic Country clenched with a

Hollywood-inspired finishing move that drew raucous applause from attendees. At the conclusion of the crowd-rousing and fierce competitions, the senior candidates, Zach Henderson and Robyn Schad, were declared the 2021 Purdy High School Barnwarming King and Queen. Their court also included Juniors Joey Billingsley and Kavery Postlewait, Sophomores Hunter Lee and Alexis Davidson and Freshmen Carter Keeling and Rosa Schad. Prior to the barnwarming games and coronation, attendees enjoyed an all-you-can-eat chili supper and dessert contest. Sara Schad and Kim Goetz won accolades for their delicious homemade pies. Purdy FFA Alumni President Ted Abramovitz pronounced the food offerings, "Delicious! The chili was great, and so were the desserts!" Abramovitz also gave his stamp of approval on the

event itself. "The 2021 Purdy High School Barnwarming was highly entertaining! I thoroughly enjoyed the program and the food. You couldn't ask for better. I am very proud to be a Purdy FFA Alumnus." This year's Purdy FFA Chapter operates under the guidance of new advisors, Jace Rutledge and Kamryn Sanders. Rutledge noted of the 2021 barnwarming, "It was definitely one to remember! It was a very eventful night, filled with games and good food. I would like to thank everyone that attended and to extend special gratitude to the Purdy FFA Alumni for their support and to our FFA officer team and members for their hard work and dedication to make this memorable event possible." FFA Area XI Officer and Purdy FFA Vice-President Eli Webb, who emceed the 2021 Barnwarming, echoed Rutledge's assessment. "Barnwarming was an awesome time! We had a ton of community members show up and support the chapter, and we got to eat some super good food. I know how hard our chapter worked to put Barnwarming together, and I hope others enjoyed it, as well."

Arvest Bank is pleased to announce Ms. Victoria Robertson, Cassville High School Communication Arts Teacher, is one of the winners of the annual "We Love Teachers" campaign. The campaign is designed to recognize and provide support to teachers throughout the Arvest footprint. Arvest has awarded prize money to individual teachers throughout Arkansas, Kansas, Missouri and Oklahoma. When asked how she plans to spend the donation, Robertson said, "I plan to purchase grade-level books, however, I am also going to get feedback from my students and see what books

they are most interested in reading. I am also considering purchasing a new piece of furniture for my classroom to give me a little more space." "I think it's incredible that Arvest Bank has started this initiative to recognize teachers," said Mr. Tyler Willis, Cassville High School Principal. "It's a great opportunity for the community to share their appreciation for the hard work our teachers do every day. I know the nominations mean so much to them, and the fact that Ms. Robertson won the \$500 gift for her classroom is even more exciting. She's very deserving, and I know it meant the world to her!"

The Arvest initiative to honor educators was launched on September 13. Nominations were accepted via the Arvest Bank Facebook page and a random selection took place on September 19.

Autumn is pumpkin time

David Trinklein
“This fall, millions of Americans will make an annual pilgrimage to a retail outlet to purchase a vegetable they, unfortunately, are unlikely to eat,” said University of Missouri Extension horticulturist David Trinklein.
In the United States, this colorful member of the gourd family sells mainly for decoration. But this verse from about 1630 suggests that American colonists relied heavily on pumpkin for food:
For pottage and puddings and custard and pies, Our pumpkins and parsnips are common supplies: We have pumpkins at morning and pumpkins at noon, If it were not for pumpkins, we should be undone.
One way American colonists prepared pumpkins was to remove the seeds, fill the

inside with milk, spices and honey, and bake the pumpkin in hot ashes, Trinklein said.
Today, consumer demand drives plant breeders to focus on ornamental appeal rather than table quality. Modern pumpkins mature into a deep orange color much earlier, and most varieties now bear a large stem that can serve as a convenient handle. Another new development is pumpkins with rinds covered with warts, which can make jack-o'-lanterns look more ghoulish.
When selecting a pumpkin for fall decoration, use the “thumbnail test” to make sure it’s fully mature. If you can pierce the rind with your thumbnail, the pumpkin will not store well.
Pumpkin is high in beta carotene, a red-orange pigment that the body converts into vitamin A. It is also a good source of dietary fiber. The spices used in pumpkin pie have health benefits of their own. “Not many people could tolerate taking allspice directly to benefit from its antioxidant, anti-inflammatory and stomach-calming properties,” Trinklein said. “However, consumed in a piece of pumpkin pie, it tastes rather delightful.”
Trinklein offers some “pun”-kin trivia for those who “orange” ready for pumpkin season yet:
• Pumpkins have grown in North America for more than 5,000 years.
• Morton, Ill., the self-proclaimed “Pumpkin Capital of the World,” hosts an annual Punkin Chuckin’ Contest in which competitors use elaborate mechanical devices to lob pumpkins across great distances.
• According to Guinness World Records, the heaviest pumpkin ever grown weighed 2,624 pounds, more than some subcompact cars. The gargantuan gourd was grown in 2016 by Mathias Willemijns of Belgium.
• Guinness World Records gives the title of largest pumpkin pie to a confection made in 2010 at the New Bremen Pumpkinfest in Ohio. The pie weighed 3,699 pounds and measured 20 feet in diameter.
• At the first Thanksgiving in 1621, the Pilgrims probably did not serve pumpkin pie. Instead, they made pumpkin stew.

The 2008 and 2009 Cassville Wildcat football teams were inducted into the Missouri Sports Hall of Fame during a special luncheon held Wednesday, October 13, at the Ozark Empire Fairgrounds.

The following words were spoken at the luncheon in reference to the 2008 and 2009 Cassville High School football teams:

A program whose seasons of the early 2000s had ended after good playoff runs finally found the magic – and it's why the Missouri Sports Hall of Fame is proud to induct Cassville High School's 2008 and 2009 State Championship Teams with the Class of 2021.

Coached by David Large, the 2008 and 2009 teams are the only football state titles in school history and, on a larger scale, notable for several reasons.

Mainly, the quarterfinal and semifinals of the Class 3 playoffs have long pitted rural high schools against one-high school towns that ring Kansas City, or private schools in St. Louis.

From 1982 — when MSHSAA expanded to five classifications – to the 2007 season, the Class 3 state ti-

Mo. Highway Patrol seeks applicants

The Missouri State Highway Patrol, a premier law enforcement agency, is testing for new troopers. The Patrol is encouraging qualified individuals of all backgrounds to apply and will offer testing at nine different locations in Missouri. Those who successfully complete testing will be eligible to continue in the selection process for the 115th Recruit Class, scheduled to begin training on July 5, 2022. The application deadline is January 15, 2022.

To be eligible, candidates must possess a high school diploma or GED equivalent and be 21 years of age upon graduating from the Patrol's Law Enforcement Academy. Upon graduating from the Patrol's Academy, troopers are eligible to earn 46 credit hours through Mineral Area College in Park Hills, MO, or 30 credit hours through the University of Central Missouri in Warrensburg, MO, toward a degree.

The Missouri State Highway Patrol's uniform guidelines allow troopers to have tattoos or brands as long as they meet two requirements: 1) The tattoos or brands cannot depict or support criminal behavior, drug use, nudity, profanity, promiscuity, subversive groups, bigotry, etc. 2) Tattoos/brands cannot be located on the head, neck, hands, wrists, or any part of the body which would

be visible during movements in the performance of their duties while wearing an official uniform or civilian attire. Troopers with tattoos on the arms that would be visible in the class B uniform (short sleeves) will wear the class A uniform (long sleeves).

The starting annual salary for trooper is \$49,536, and following three years of service, the trooper first class' salary is increased to \$52,200. Other benefits include group health insurance, contributory retirement, career advancement, and more.

The selection process is a multi-phase testing procedure which includes a written examination, a physical fitness for duty assessment, polygraph examination, background investigation, and oral interview board. Written and physical examinations take place in each troop area across the state. After a conditional offer of employment, the applicant must successfully complete a medical examination (to include vision and hearing), psychological examination, a psychological interview, drug screening, and final applicant review.

Interested persons can find out more about the qualifications by contacting a Patrol recruiter at telephone number 1-800-796-7000, or may apply online at www.motrooper.com.

CASSVILLE HIGH SCHOOL FOOTBALL 2008 & 2009 STATE CHAMPIONS

Coached by David Large, the Cassville Wildcats won Class 3 state championships in 2008 and 2009. The 2008 Wildcats beat Cardinal Ritter 31-6 in the finals and finished 12-3. That team won its final seven games after back-to-back, mid-October losses. Among the late-season wins were 28-14 against Monett in a rematch of one of those losses, plus 26-15 against Logan-Rogersville and a 14-13 semifinal victory against Chillicothe. The 2009 team toppled Bowling Green 24-7 in the finals and finished 14-1. Its only loss was to Branson in the season-opener before the Wildcats won 13 of their next 14 games by an average of 25.6 points. Its closest win was 21-20 against No. 1 Logan-Rogersville in a battle of 11-1 teams. Cassville trailed 20-14 before authoring an 86-yard touchdown drive, scoring with less than two minutes to play. The coaching staff included defensive coordinator Lance Parnell, Jay Rogers, Rick Lawson, Kyle Wood and Clay Weldy – with Robbie Atherton joining the 2009 staff.
