CHS alumna graduates from United States Naval Academy

Rachael Freeman

At her high school graduation, Cheyann Essley stood before her classmates and delivered her valedictorian speech. While giving words of encouragement to her peers and their futures, she couldn't help but be nervous about hers.

Second Lieutenant Essley, a 2009 graduate of Cassville High School, was accepted into the United States Naval Academy in Annapolis, Maryland, upon high school graduation.

Both of 2nd Lt. Essley's parents were Marines and she knew at a young age that was her destiny as well.

"I remember being five years-old and looking at my mother's photo from boot

camp and I knew I wanted to be just like mom," Cheyann stated.

Although her parents wanted her to try going to college first, 2nd Lt. Essley wanted to go straight into the Marines. Her compromise was that she would apply for the Naval Academy and if she didn't get accepted, she was going to find a Marine Corps Recruiter.

Of the 16,000 that applied for the Naval Academy that year, only 1,200 were accepted. 2nd Lt. Essley was one of them.

"I was shocked when I found out. I thought to myself, how could a girl from Cassville be accepted into the United States Naval Academy? I wonder what it was that they saw in my file that made them say 'that girl should come here.'"

Once arriving in Maryland, 2nd Lt. Essley had to go through six weeks of boot camp. She experienced the drilling, the workouts, the marching and even the drastic haircut.

During her four years at the Academy, 2nd Lt. Essley's most rewarding experience was leading her

"plebes" through Sea Trials.

Freshmen Naval Academy students, known as "plebes," participate in a Sea Trials exercise at the end of their first year. During Sea Trials, plebes face a series of obstacles on water and on land.

"It was so rewarding watching my team put together everything they had learned their first year and put it to use during their Sea Trials.

"It is both physically and mentally challenging. I asked them what their goal was and it was to finish together. They finished together and I had never been so proud."

2nd Lt. Essley stated she finally felt a real change in herself during her last year at the Academy.

"I had it in my mind for so long that I wanted to be an enlisted woman in the Marines, I wasn't seeing how rewarding being an officer was."

On August 13th, 2nd Lt. Essley will start her journey as an officer in the Marines. Her graduating class was 1,065 and of that, 265 were selected to be Marines.

United States President Barack Obama handing Naval Academy graduates their diploma. President Obama is pictured above handing 2nd Lt. Essley her diploma.

After graduating the Academy, graduates must join either the Marines or the Navy. Of those 265 selected to join the Marines, only 40 of them were women.

"I am not worried about moving on to the next rank or anything like that. What I am most looking forward to is serving that young Marine and help them be whatever it is they are wanting to be."

"If I could give any advice it would be that there is nothing a girl cannot do. I've seen it. Also, it doesn't

matter if you're from a big city or if you're from Cassville, if you have the confidence and the drive you can achieve whatever it is you set your mind to."

Currently, 2nd Lt. Essley has 30 days leave. She is spending time catching up with friends, helping out with local karate classes where she earned her black belt and running in 31 mile ultramarathons.

2nd Lt. Essley is the daughter of Billy and Lisa Essley, of Butterfield.

Young gets 12 years for assaulting an officer

Rachael Freeman

Chris Young, of Monett, was sentenced to 12 years in the Department of Corrections after pleading guilty to Assault of a Law Enforcement Officer, a class A felony.

According to Barry County Prosecuting Attorney Johnnie Cox, Young attempted to cause serious physical injury to Officer Gary Snook by throwing him to the ground, pinning his left arm down with his knee and then punching him in the face two times.

The assault occurred on March 13, 2013, just after noon in Monett.

According to a probable cause statement completed by Barry County Sheriff officer Gary Snook, he stated he went to serve a warrant to Young.

"I heard people talking in the residence and I knocked on the door. Chris

asked who it was and I advised him that it was Gary.

"He opened the door and asked what I needed. I advised Chirs he had a warrant and that he was under arrest and to put his hands behind his back," stated Officer Snook.

According to Snook, he was able to get Young's left hand in cuffs and then Young became tense.

"I was about to get the right hand cuffed and then he swung around and tried to get away from me. I kept my hands on the cuffs and we began to struggle."

Snook stated that Young threw him to the ground, pinned his left arm down with his knee and then punched him in the face two times.

"At that point, I feared for my safety and I pulled my duty weapon to shoot the subject. Chris then grabbed my gun and he tried to get it

YOUNG

away from me.

"We continued to struggle on the floor and he attempted to turn the gun to my face but he was not able to. We continued to struggle and he finally was able to get my gun out of my hand. He then left the residence in an unknown direction."

When Young fled the scene, it started a five-hour man hunt that finally lead to Young's capture and arrest.

Severe weather leaves unusual mark

During last week's fierce storms, a Sherwood Forest resident woke up to debris in her front yard after a tree was struck by lightning. Linda Holmberg said the scene was unusual since the tree had lost all of the bark which can be seen lying on the ground above. The tree is surrounded by numerous trees unaffected by the storm.

BC Soroptimist gives away two scholarships

The Barry County Soroptimist Club met on Thursday, May 23, and proudly gave scholarships to the following ladies:
Cicily Atkinson, daughter of Kenyan and Carol Atkinson, and Laura Lopez, daughter of Ronni and Sharon Tollison, both received the Sandra Forrester 2013 scholarships. Shania Stumpff, daughter of Donnie and Teresa Stumpff, received the Violet Richardson 2013 scholarship and Janet Mills won the Soroptimist Ruby award for her work with the food pantry at the Cassville United Methodist Church. The Soroptimist Club is an organization that dedicates their time and efforts to helping women and children in our community by providing assistance in many different ways.
Pictured above, left to right, are: Cicily Atkinson, Laura Lopez, Shania Stumpff, Janet Mills, and soroptimist president Michelle Bredeson.

Skinner earns American Star Excellence in Customer Experience Certification

Eldon Skinner, an American Family Insurance agent in Purdy has been recognized for providing outstanding customer experience under the American Star Excellence in Customer Experience Certification. Skinner joins other American Family agents who have demonstrated the highest level of commitment to outstanding customer service.

Eldon Skinner has been a full time agent for American Family since November 1995, a part time licensed representative since 1987. His office is located at 405 W Hwy C. Purdy.

“When choosing an insurance agent, consumers can rely on the American

Star Excellence in Customer Experience Certification to help them identify agents with a proven dedication to meeting customer needs,” said Dan Schultz, American Family president and chief operating officer. “This is an outstanding accomplishment.”

Eldon has qualified for this award for 6 years.

The service excellence distinction was determined through an evaluation process conducted under guidelines established through the American Star Excellence in Customer Experience certification. The process consists of a customer satisfaction survey which measures customers’ overall experience

with their current American Family agent. Only agencies that perform in the top 20 percent of all insurance agencies nationwide, based on customer satisfaction surveys, are eligible to become American Star Excellence in Customer Experience certified.

Dorper sheep raters from South Africa visit Cassville

Theuns and Paula Botha from the Easter Providence of South Africa were in Missouri recently rating each Dorper sheep, according to breed standards, on CMI Dorper Sheep ranch. Theuns has averaged rating over 13,000 animals per year for the last 47 years. Most of their work has been in South Africa where he is also a big game hunter. While in Missouri, Theuns and Paula Botha stayed with Marie Iiams. Before returning to South Africa, Theuns and Paula traveled to Texas where they inspected and rated six additional flocks of Dorper Sheep.

Correction

In this week's edition of the Barry County Advertiser, the article concerning the car accident involving a fatality was incorrectly reported due to inaccuracies in the Highway Patrol report. The article should read that the 2000 Honda Shadow motorcycle driven by 32-year-old Buck Haynes, was stopped in traffic attempting to make a left turn when 18-year-old Austin Selee, driving a 1987 Nissan pick-up, struck the motorcycle from behind.

CHS Alumni Association holds annual meeting

The Cassville High School Alumni Association held their annual meeting on Saturday, May 25, at Cassville High School.

President Becky Henningson welcomed alum and friends. The Pledge of Allegiance was led by Sammy Hudson (1953) and the invocation was offered by Jerry Nickle (1962). The meal was catered by John and Janet Sullivan. Campus updates were given by Jill LeCompte on the FEMA buildings. Recognition was given to classes having reunions: Class of 1953 celebrating their 60th, Class of 1958 their 55th, Class of 1963 their 50th. This year's scholarship recipients were CHS Class of 2013 graduates Skylar Lowe and Scott Aldridge. During the business meeting, new officer were elected. Alumni officers for 2014 are Presiden Kay Baker (1963), Vice President

Chadd graduates from College of the Ozarks

Kathrine Chadd, of Exeter, graduated from College of the Ozarks, Point Lookout, during the 2013 Commencement exercises May 12. Chadd received a BS in Agriculture Business and Animal Science.

Chadd is an Exeter R-VI High School graduate.

This year, 270 students received degrees from College of the Ozarks. At C of O, dubbed “Hard Work U” by The Wall Street Journal, all full-time students work on-campus jobs rather than pay tuition. This opportunity allows students to graduate debt-free. U.S. News & World Report repeatedly ranks College of the Ozarks among the nation’s top colleges. For more information, visit www.cofo.edu.

Senator Sater named to interim medicaid committee

Senator David Sater, R-Cassville, was named vice chairman of the Senate Interim Committee on Medicaid Transformation and Reform recently by Senate Leader Tom Dempsey, R-St. Charles.

“I am looking forward to serving as vice chairman of this important committee,” said Sen. Sater. “Eight years ago, I served on a similar interim committee that reformed the Medicaid system at that time. The result was increased access to care while saving our state precious tax dollars. My experience as Appropriations chairman for Medicaid and chairman of the Healthcare Policy Committee in the House of Representatives gives me a greater understanding of this issue.”

The committee will study Missouri’s options related to Medicaid reform, take an in-depth look at what other states are doing, and look for ways to make the program more efficient.

“The purpose of this committee is to determine what is the best course for Missouri on this issue, not Washington, D.C.,” said Sen. Sater. “I am confident we can find ways to make Medicaid a more efficient and cost-effective program for both those in need and for our taxpayers.”

Senator Gary Romine, R-Farmington, was named chairman of the interim committee, and the remaining members will likely be named within the next week.

Southwest High School FCA holds food drive for Moore, Okla. tornado victims

Southwest High School FCA officers recently held a canned food drive and money collection to benefit the victims of the Moore, Okla., tornado.

The goods and money were collected at the Cassville and Seligman branches of Freedom Bank. In addition to collecting several

canned goods, \$520 was raised.

The officers who helped set up the drive stated they were following the message found in Mathew 25:35-40: "For I was hungry and you gave me food, I was thirsty and you gave me drink, I was a stranger and you welcomed me, I was naked and

you clothed me, I was sick and you visited me, I was in prison and you came to me.' Then the righteous will answer him, saying, 'Lord, when did we see you hungry and feed you, or thirsty and give you drink? And when did we see you a stranger and welcome you, or naked and clothe you? And when did we see you sick or in prison and visit you?' And the King will answer them, 'Truly, I say to you, as you did it to one of the least of these my brothers, you did it to me.'" FCA would also like to thank Freedom Bank for hosting the drive and all of the people who donated.

Pictured with check for Convoy of Hope are, left to right: FCA members Ashley Holliday, Blake Barnes, Brad Daniels, Orion Lawyer, and Brittney Holliday

Unavailable for picture were: Montana Hendrix, Shannon Mitchell, John Mulkey, Lauren Mitchell, Randi Woods, Brandy Garcia and Jaime Shrum.

Why
are we
trimming
your trees?

**WE'RE
CUTTING
YOUR
LOSSES.**

Trees that touch or fall on power lines can cause
power outages, property damage, or personal injury.
Right-of-way maintenance is one way your electric cooperative controls the cost of
safe and reliable electric service. Clearing limbs and trees away from power lines
reduces many potential hazards. **YOU CAN HELP CUT YOUR LOSSES!** Plan
carefully before planting yard trees and report trees that are interfering with power
lines. Never attempt to prune a limb yourself that is near a power line or touch a
hanging wire or the ground around the wire.
Please contact our office with any questions
you may have about the planting,
placement and trimming of trees.

Several burglary cases tried during Barry County Court’s May Law Day

Samantha Barberio

• Shaylinn Freeman, of Pierce City, is being charged with Burglary in the 2nd degree. Lonnie Fulp stated that around 9:00 p.m. on July 20, 2010, and 5:00 p.m. July 21, 2010, an unknown person(s) broke into the Chapel of Grace Church and stole a Fender bass guitar. A witness, Bruce Allen, reported three males tried to pawn two guitars in his store, Aurora Music Company, and gave descriptions matching three males from Pierce City, later identified as Trevor Davis, Shaylinn Freeman and Timothy Snow. Deputy Brian Landreth found two of the stolen bass guitars at Sheylinn Freeman’s parent’s house. The remaining stolen property was found at Jordan Sherman’s house. Shaylinn Freeman was sentenced

to Suspended Imposition of Sentence probation for three years supervised by the Missouri Board of Probation and Parole and must perform 100 hours of community service.

• Charles Carr, of Kansas City, was charged with burglary in the second degree for the criminal offense that took place on or about December 12, 2011. Carr had entered Old Skelly Gas Station in Purdy. While at this location, Carr and Justine Cape had attempted to steal a truck bed full of scrap metal that did not belong to them, but was stopped when the Barry County Sheriff’s officer arrived at the scene. Carr was sentenced to four years of probation supervised by the Missouri Board of Probation and Parole. The defendant shall also complete 100 hours of community service

on or before May 24, 2016.

On August 29, 2011, Officer Greg Brandsma, with the Monett Police Department, responded to the unauthorized use of Michael Hagar’s debit card. Hagar stated that due to his deteriorating health, he had allowed Scott Good, an acquaintance, to use his debit card to purchase groceries for him at the Rameys Supermarket in Monett. Scott Good returned the debit card to Hagar but was reluctant to provide a receipt for the grocery purchases and said he would have to look for it. Since then, Hagar has not seen Scott Good. Hagar stated that on August 16th he checked the activity account on the card. After obtaining a copy of the transaction history, Hagar discovered many unauthorized transactions during the

time period of August 1st-12th. After officer Brandsma received many surveillance videos and pictures of Good using Hagar’s card, he filed a report. Scott Good was sentenced to five years probation on May 21, 2013 supervised by the Missouri Board of Probation and Parole. He must also pay restitution of \$789.81 to Michael Hagar at a rate directed by Probation and Parole to be paid in full on or before May 21, 2014.

• Officer Travis Hilburn arrived on the scene of a one vehicle collision on August 24, 2011. A Taizhou Chuani was lying in the south ditch of eastbound Farm Road 2049. The driver was on a gurney and being loaded into the rear of a Barry Lawrence Ambulance and several emergency personnel were at the scene. The driver stated that he, “thought he had blacked out.” Officer Hilburn spoke with the driver

inside of the ambulance. The driver had many apparent injuries and had a strong odor of intoxicants. He was later identified as Eugene Daugherty of Purdy, 49 years old. Daugherty submitted a shallow breath test which indicated his blood alcohol content was well above 0.080%. Daugherty was then released to ambulance personnel to be transported to Cox Monett Hospital. Once Officer Hilburn exited the ambulance, he was contacted by two emergency workers, Jon Egleston with the Purdy Fire Protection District, and Brandon Pennington with Monett Fire Department. Egleston informed the officer that Daugherty struck him in the temple with a closed fist when law enforcement arrival was mentioned. Pennington stated that Daugherty had struck him in the groin with his knee around the same time as Egleston was assaulted. Officer Hilburn contacted Barry County Prosecuting Attorney Johnny Cox, explained the

circumstances and Mr. Cox requested two blood samples within an hour interval from Daugherty. He later received SIS probation for five years and must do 30 days shock in County jail; this can be done on weekends.

• On Tuesday, April 16th, Lisa Seabolt assaulted an officer and attempted escape from confinement. Officer Tamara Arnold was attempting to move Seabolt to clean the cell intentionally flooded by Seabolt. After Arnold opened the cell door, Seabolt tried to take the jail keys away from Arnold and a scuffle took place. During this event, Arnold was injured, a small cut on her right middle finger and bruising to her left forearm; Seabolt then took possession of the keys. She ran to the booking door and attempted to open it using the keys, with no success. Seabolt then ran to the back kitchen area, where she was then found hiding in the bathroom. Seabolt is currently being held for a probation violation for theft/stealing.

DARLA DAWN RANSOM

Darla Dawn Ransom, age 53, of Seneca Falls, New York, passed away Wednesday, May 22, 2013, at Upstate Medical Center in Syracuse, New York.

She was born Feb. 4, 1960, in White Earth, Minn., the daughter of Marzelle (Stringer) Foster, Exeter, Mo., and the late Jack Foster.

Darla was united in marriage to Charles "Chuck" Ransom, April 12, 2003, in Maine. She is survived by husband Chuck and two furry babies, Daisy Mae and T Bone of the home; her mother, Marzelle Foster of Exeter, Mo.; son Christopher Cooper and wife Chelsea of Republic, Mo.; two stepdaughters, Amber Winchester and Elizabeth Ramson, and stepson Joshua Ransom, all of Maine; two sisters, Nancy Gregory of Exeter, Mo., and Jeannie Maher of Minn.; four grandchildren, Tristen, Taylor, Gabriel and Gavin; two nieces, Stacy and Kitana; aunts, uncles, and many cousins and friends. She was preceded in death by her father; one nephew, Shawn; grandparents; and one uncle.

Darla grew up and was educated in San Jose, Calif. She moved to Missouri in 1991. Moving to Maine in 2001, she met and married the love of her life, Chuck. She was an avid NASCAR fan, loved the outdoors, and enjoyed visiting and collecting lighthouses, bird watching, needle point, and crafting.

Memorial services will be held at 11 a.m., Saturday, June 8, 2013, at Grace Baptist Church, Cassville, Mo. Lunch will be served following the service.

BARBARA HERSHEY

Barbara Hershey, 74, died May 30, 2013, at Springfield, Missouri. Barbara was born April 16, 1939, in St. Louis, Missouri. She was preceded in death by her beloved mother, Daisy (Walker), and father, John Hershey. She graduated from Affton Sr. High School in 1957, and married Wayne Eirich in 1958, and separated in 2004. She had a bachelor's degree from Central Methodist College (University) in 1961, a master's degree from Western Kentucky University, 1971.

She taught business

subjects in the Hazelwood and Lindbergh School Districts, St. Louis, Missouri (1961-1966). Also, synchronized swimming and physical education, Lindbergh School District. Barbara taught computer keyboarding and computer basics at Emily Gray Junior High School, Tucson, Arizona, and drove the school bus, 1972-1998. Barbara loved her children and grandchildren. She was always happy, and her heart was always filled with joy and happiness for her loved ones and the Father in Heaven. She was a loving and a beautiful person and a fantastic teacher; her students loved her greatly. She also loved her kitties, Hershey Kisses, Cuttels, Persila, Inky, and beloved doggies, along with her birdies, along with her love for travel, camping in Colorado, cruises, Mexico and riding on a motorcycle.

Barbara is survived by her daughter, Shana (Eirich) Perez and her husband, Michael of Cassville, Missouri; son, Christopher Eirich and his wife, Maureen (Martinez) Eirich of Taos, New Mexico; grandchildren, Walker, Clayton, Addison and Alexa Perez of Cassville, Missouri and Daisy and Dean Eirich of Taos, New Mexico.

She is in Heaven, spelled HOME. She will be with us for eternity. She is sleeping now and in Heaven and is united with family: mom, dad, aunt Iva, grandma Lang, poppie Eirich, and others. He is coming to get us, the rest of her family soon. Her Cassville church family was also her heart and soul and

gospel singing her joy. Graveside services were held Monday, June 3, 2013, in Yocum Pond Cemetery, Reeds Spring, Missouri, under the direction of Fohn Funeral Home, Cassville, Missouri. Reverend James Stewart conducted the services.

Keeping kids active once the school year ends

In many ways, today's kids have busier schedules than any previous generation of youngsters. Many extra-curricular activities, including sports, require a nearly year-round commitment, and the dual-income household has landed many kids in afterschool programs where kids tend to their schoolwork or engage in various activities that keep them from resting on their laurels.

But those busy schedules get a lot less hectic when the school year ends. Once school is out, kids used to a full schedule might find themselves with lots of time on their hands. Though it's good for kids to squeeze in some rest and relaxation during their summer break, it's also important for kids to stay active so they don't develop poor habits as the summer goes on. In addition, the American Psychological Association notes that kids who are physically active are more capable of coping with stress and tend to have higher self-esteem than kids who do not include physical activity as part of their regular routines. The following are a few suggestions for parents looking for ways to keep their kids active throughout the summer while still allowing them to recharge their

batteries after a long school year.

* Plan an active vacation. Summer is when many families go on vacation, so why not choose a vacation that involves more than napping poolside? Though it's still good to leave some time for relaxation, find a locale where you can embrace activities like snorkeling, hiking, kayaking, or other adventures that get you and your youngsters off the poolside chaise and out exploring. Such a trip might inspire kids to embrace an activity more fully, getting them off the couch not only while they're on vacation but also when they return home for the rest of summer.

* Teach kids to garden. Gardening might be seen as a peaceful and relaxing hobby, but it still requires a lot of elbow grease and hard work that pays physical dividends. A garden must be planted, hoed, weeded, and watered, and gardening gets kids out of the house to enjoy the great outdoors. When growing a vegetable garden, kids might embrace the chance to be directly involved in the foods that will eventually

end up on their dinner tables. Parents can embrace this as an opportunity to teach the value of eating locally-produced foods and the positive impact such behavior has on the environment.

* Go swimming. Few adults who work in offices haven't looked out their windows on a sunny summer day and thought how nice it would be to be spending that afternoon making a few laps in a lake, at the beach or in a pool. Kids have the same daydreams during the summer, so take a day off every so often and take the kids for an afternoon of swimming. Swimming is a great activity that exercises the entire body, including the shoulders, back, legs, hips, and abdominals. In

addition, swimming helps kids and adults alike maintain a healthy weight while also improving their cardiovascular health. It's hard for some people to find a place to swim once the warm weather departs, so take advantage of the summer weather and go swimming as often as possible while the kids are not in school.

* Limit how much time kids spend watching television, playing video games or surfing the Internet. Many of today's kids are as tech savvy as they are busy. But it's important that kids don't spend too much time online or on the couch watching television or playing video games. Such activities are largely sedentary, and they can set a bad precedent for the months

ahead, even when the school year begins once again. Parents should limit how much time their youngsters spend in front of the television or the computer during summer vacation, keeping track and turning the TV or computer off if they suspect kids are spending too much time staring at the screen instead of being active. Kids might not

love it when you turn their video games off or minimize their access to social media, but explain the limitations at the onset of summer and let kids know you expect them to be physically active even if it is summer vacation.

CWGA holds Guest Day

Pictured above: Barb Kuhn and Carol Skarp with golf theme wall hanging made by the talented quilter, Sue Louk.

The CWGA held their annual Guest Day on Thursday, May 30th. Ladies from Holiday Island and King's River were our guests. It was a windy but enjoyable day. After playing the four-person scramble, all participants were treated to a pot luck lunch provided by the Cassville women. The day is not just strictly about golf, it's the continued friendship between all the ladies. The day results went as follows:

First Flight: 1st place Kelly Trahan, Sue Steel, Pam Graham, Becky Ryder, Cathy Conklin, Cynthia Knight. 2nd place: Susie Jacobs, Deb Ryan, Marlene Woolf, Letha Ellis, Mary Ann Blankenship, Cheryl Ludwig, Patty Edwards. 3rd place: Sue Dillard, Sue King, Sharon Glenn, Susan Ramonette, Barb Kuhlman, Phyllis Sarratt, Sue Louk. Second Flight: 1st place Deb York, 2nd Place Shirley Hicks, 3rd place Penny Hall.

Kings River Ladies Golf League

By Cindy Thomovsky
It was a beautiful day, with a light (most of the time) breeze and we had a great turnout. We played "straight golf" meaning we had to play for ourselves yet had the pleasure of riding around with others without worrying about whether we were helping the team or not. The first place winner with the low Gross Score of 39 was Lori Reaves; following closely behind with a score of 41 was Myrna Bruning and 3 others tied for 3rd with a score of 44. The Net Score winner was Linda Cantrell with a 28. She was followed closely by Sue Giessman and Sharon Glenn who came in with net scores of 30. It really was a good day for several of the ladies. The one competition that we had was the award for Closest to the Pin on Hole #12. That was won by Linda Cantrell who nosed out Sue Giessman for the prize. Low Putt honors went to 3 aces with 15 putts - Linda Cantrell, Myrna Bruning and our visitor. Other noteworthy accomplishments - Karen Down had a Chip-In on Hole #10 and 3 others had Birdies on various holes.

Missouri State Highway Patrol reminds the public about flooding dangers

Colonel Ron Replogle, superintendent of the Missouri State Highway Patrol, would like to remind the public that flooding continues to affect safety on both the waterways and roadways. Flooding, due to the recent heavy rains, has proven to be extremely dangerous and even fatal.

The weekend's storms created flooding issues all across the state. Three fatalities have resulted from the flooding so far. One fatality involved an individual trying to cross a flooded roadway and the other two involved individuals standing near flooded areas. Many of the roads across the state which are near or cross over waterways are still under water, and should be considered impassable and extremely dangerous to cross.

For their safety and that of their passengers, drivers are reminded to stay alert while driving in areas known to flood. Barricades closing a roadway are there to protect you. Drivers must respect barriers or barricades put in place by MoDOT -- it is extremely dangerous and a violation of state law to drive around them.

Never drive through fast-moving waters; even a small amount of fast-moving water can sweep a

slow-moving vehicle off the roadway. If your vehicle becomes stuck in rising water, get out quickly and move to higher ground.

The Patrol also asks boaters across the state to take extra precautions when boating in flooded areas. Many areas of Missouri have experienced large amounts of rainfall over the last week causing rivers and lakes to become swollen. Many times the right decision is to stay off the water.

In areas where lakes or rivers have spilled over the banks, erosion and damage can occur to flooded structures, docks, or water laden levees by boat wakes. Boaters should avoid operating in these areas. If operation in these areas is necessary boaters should operate at idle speed so as not to cause a wake.

Flooded rivers and streams with moving

currents present some of the most dangerous situations a boater can encounter. Fast moving water can easily capsize or flip a boat, especially when combined with fixed objects such as trees and buildings. Boaters should avoid any operations in these swift flowing waters.

Many lakes and rivers across the state have only seen routine increases in water levels. It is for the safety of the public and to minimize damage to property that the Highway Patrol requests boaters avoid waterways that have been impacted by the most severe flooding.

The Patrol encourages motorists and watercraft operators to protect themselves by making sure everyone in the vehicle is properly restrained in a seat belt or child restraint and everyone in the vessel is wearing an approved life jacket. Click It 4 Life and Wear It!!!

Dairy Field Day in Mt. Vernon

June Dairy Month is an exciting month that includes many events that recognize the importance of the dairy industry. This year, a new Dairy Field Day offering sound farm management practices for dairies in Southwest Missouri as been scheduled for June 20, 2013. This event is free, open to the public, and will include a lunch. The Dairy Field Day will be held at the Southwest Research Center in Mount Vernon, MO and will begin at 10:30 a.m. It will conclude at 2:00 p.m. with a dairy tour and research discussion. The following is a short summary of the day’s events: 10:30 a.m., Making Quality Baleage, Rob Kallenbach The High-price of feed makes home-grown forage an attractive option for livestock producers in the Ozarks. Making silage from big round bales gives quality-minded producers a tool to harvest forage at it’s peak. An outdoor classroom and hands-on field session will demonstrate how to make and store high-quality baleage. 10:50 a.m., Optimizing Dairy Rations, Tony Rickard Feed costs can represent more than 50 percent of the cost of production, This session will focus on feeding the right ingredients at the right time, eliminating overfeeding of expensive nutrients, and controlling feed waste. 11:10 a.m., Ozark Dairy Profitability, Joe Horner This session will focus on the four

characteristics shared by profitable dairy producers, whether they are confinement or grazing dairies. Drought and poor margins have hammered many Ozark producers for the past three years, but future trends point to increased profitability. 11:30 a.m., Synchronization Protocols, Scott Poock In any type of dairy, the value of a pregnant cow has been quantified and should not be underestimated. There has been research that indicates a pregnant cow is worth \$200 to \$500 more than an open cow. One way to get more pregnant cows is to use estrus synchronization programs. The programs have been used in all types of dairies, from small to large herds and conventional to pasture-based dairies. 12:00 p.m., Lunch 1:00 p.m., Dairy Research Discussion and Demonstration of Making Baleage, Stacey Hamilton and Rob Kallenbach During the session, participants will be given a tour of the Southwest Research Center’s dairy facility and discuss research topics, including calf rearing, fescue varieties and determining dry matter intake from pasture. In addition, participants will be able to observe a demonstration on harvesting and wrapping quality forages. This event is made possible by generous donations from the following sponsors: Schreiber Foods, Main Street Feed, ADM Alliance, Midwest Dairy, and Legacy Farm & Home. For more information, contact Tony Rickard, University of Missouri Extension, at (417) 847-3161.

Pennington rewards farmers for taking the extra step and producing high quality fescue seed! We’ll pay up to 4¢ over the market for seed that meets our Quality Incentive Program standards.

“Do you think we should combine our fescue seed this year or go ahead and bale it for hay?”

“Son, I have been farming a long time, and one thing I have learned is you have to make as much from each acre as possible. Seed prices are looking above average, and Pennington is paying up to 4¢ over market for quality fescue. We aren’t going to leave money like that in the field. We are cutting it for seed.”

NOTICE

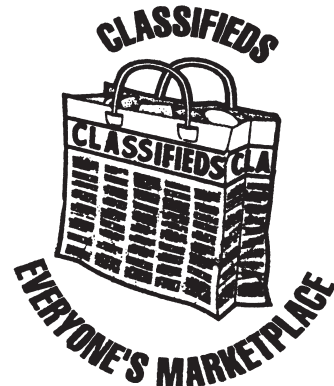

\$500 REWARD

For information leading to the Arrest and Conviction of the "good for nothing" thieves who robbed our home. They took my jewelry armoire with a lifetime of memories and family heirloom jewelry. Plus, the bottom 5 drawers contained socks, undies, & misc. Barry County Sheriff's office has the report. They will have informed surrounding area sheriff's departments, city police departments and, using technology, surrounding area pawn & gold buying businesses. YOU, the thief, may return all my items & no charges filed.
