

Arkansas man held in Barry County Jail on felony drug and firearm charges

By Adriana Keeton, editor@4bca.com

A Bentonville, Arkansas, man remains behind bars at the Barry County Jail on felony drug and firearm charges.

According to a probable cause statement issued by Barry County Sheriff Deputy Joshua Remenar on March 3, 2024, at approximately 11 minutes after midnight on March 3, 2024, the deputy was traveling eastbound on State Highway 76 and witnessed a black 2008 Nissan Sentra bearing no visible plates and performed a traffic stop at the intersection of Farm Road 1098.

Deputy Remenar made contact with the driver, Glen Michael Bise, 39, of Bentonville, Arkansas, who according to the statement had no vehicle registration, no insurance and a revoked Missouri driver's license. Deputy Remenar advised Bise he was towing the vehicle and citing him for the violations.

During inventory of the vehicle prior to towing, the deputy discovered a set of digital scales and a used hypodermic needle laying in plain sight on the floor inside the driver's door and a bottle cap with cotton inside containing a crystalline substance. A total of four bags totaling a weight of approximately 50 grams containing a crystalline substance were also discovered.

Barry County Commissioners merge special road districts

The Barry County Commissioners held a public hearing on February 22, 2024, at the Barry County Courthouse to receive input about the consolidation of Shell Knob Special Road District #9 and Viola Special Road District #21. During the meeting it was agreed to merge the two special road districts and be known as the Shell Knob-Viola Special Road District #9.

"It makes sense to merge these smaller road districts," said Northern Commissioner Gary Schad. "By the time these districts pay their expenses, like bonding, insurance, equipment and administration, a third of the district's money is gone."

"When Cherry Warren was in office, he pushed to have a bill set up with (retired Senator) David Sater on this," Schad added. "This is the first time that we have done this and it was relatively easy and that's what Cherry, Wayne Hendrix and I wanted for these road districts, an easier path to consolidation."

Barry County currently has 24 special road districts and one common district. Schad stated he wanted other districts present at the hearing to see how easy consolidation could be.

According to Barry County Clerk Joyce Ennis, special road districts that would like to seek consolidation will need to contact her outside of tax or voting season (before March and before August, and not during September or December) to start the process.

"Both special road districts will need to be in agreement and the levy will be at the lower of the two districts," said Ennis. "Depending on the districts, it could take longer to merge districts that have additional road bridges."

For more information, the Barry County Clerk's Office can be reached at 417-847-2561.

New playground officially opens at Roaring River State Park

By Adriana Keeton, editor@4bca.com

Representatives with Missouri State Parks and the Cassville Community Foundation officially opened a new playground at Roaring River State Park.

According to Dr. Chad Johnson, with the Cassville Community Foundation, in 2020 the Foundation began the collaborative effort with Roaring River State Park to replace the unsafe structure located on Hwy. F, across from the Roaring River Park Store.

Funds for the structure were provided by a grant from Mercy Hospital's Rural Health Initiative. The total cost for the Miracle Playground was \$25,000. Installation of the playground by Missouri State Parks staff saved the park approximately \$20,000.

Haven of the Ozarks: Pet of the Week

Todd T's estimated DOB is 02/14/2019 and he's a black and tan German Shepherd mix. This big boy is still all puppy! Unfortunately, at his last home, he was hit by a car and was injured. His leg is doing much better. He needs a home that is going to give him some TLC, a privacy fenced yard to run in and people of his own to play with. He is selective with other dogs so will need a meet and greet with any pets already in the home. He has only ever been an outdoor dog, so his new owners will need to have patience with him and be able to teach him house manners, but his happy personality will make it worth it!

All of our pets are fixed, up to date on their vaccinations, and microchipped. The Haven of the Ozarks is open from 9am-4pm, seven days a week. For more information, please email us at havenezarksanctuary@gmail.com, or give us a call at 417-835-3647. No appointments needed for adopters.

Patriots of SW Missouri

By Dianne Painter

On February 24, I was asked to be a Greeter for Senator Josh Hawley for the Lincoln County Days in Christian County. At that time, I took your requests to all of our state and local officials.

I am so very proud of our Patriots as several of you attended this meeting along with Barry County Sheriff Danny Boyd and his wife.

We have some very exciting news for all of you as Senator Josh Hawley wants to attend our meetings, as well as other speakers that were in attendance. They can confirm when they are able to come, and we will let you all know.

Eric Burlison will be here in April along with Mike Moon and others. This month on March 16, 2024, at the VFW Post on Hwy. 39, we will be blessed to have Jay Ashcroft who is running for Governor for the state of Missouri, Representative Scott Cupps, and Ken Hurley, Missouri State Republican Committeeman for District 29.

Barry County Sheriff's Department Under-sheriff Angie Cole, as well as Sheriff Danny Boyd and all 114 sheriffs in Missouri have a yearly training program. We are very blessed to have a Sheriff like Danny Boyd who works so hard for our community and the surrounding areas.

Also in attendance, Commissioner Steve Blankenship, who did a great job last month informing us about the state budget and the road work between Viola and Shell Knob.

I hope all of you can come to our meeting

Elk Horn Prairie DAR holds March Meeting

From Elk Horn Prairie DAR Chapter

Refreshments were served by Cindi Garringer with a nod to the Irish St. Patrick's Day.

Dan and Anita Philbrick were guests of the Elk Horn Prairie Daughters of the American Revolution Chapter for their March meeting in Aurora at the Public Library.

Dan was the Program speaker on the Scottish Participation in the Revolutionary War. He made the distinction between the Scottish and the Scots-Irish or Ulster Scots. He mentioned the significant role played by the Scots at the Battles of Kings Mountain and Cowpens—a turning point in the defeat of the British. Elk Horn Prairie DAR salutes Dan and Anita Philbrick for their dedication to the preservation of Scottish heritage.

LOOK BUT DON'T TOUCH!

Your electric meter is a necessary part of the system after all, reading your meter tells you how much electricity you're using. But while looking at it is encouraged, opening or tampering with it is not.

Attempting to adjust an electric meter exposes you to two risks, the most immediate being the danger of potentially lethal electric shock. The second risk becomes clear when you realize that tampering with an electric meter is illegal. Use a hands-off approach to avoid both kinds of trouble.

OBITUARIES

Steve loved being outside working around his house. He loved to hunt and fish. He especially loved to turkey hunt. He enjoyed participating in fishing tournaments. Steve liked planting a garden and at different times had so many cucumbers and cantaloupes that he had a hard time finding people to gift them all to. He was always willing to help his friends fix things. He found friends everywhere he went. Steve had quite a following of medical staff at KU; he was very loved.

Steve's Celebration of Life was held Saturday, March 9, 2024, at Seneca Christian Church with Minister Joshua Frakes officiating. Interment followed at the Seneca Cemetery under the care of Brown-Winters Funeral Home and Cremation Service in Miami, Okla.

The family has asked that memorial contributions be made to the Seneca Christian Church in Steve's

memory.

Friends and family may send the family notes of encouragement by viewing Mr. Rose's Tribute Page at www.brown-winters.com.

Southern Missouri Set for Prime Viewing of April 8 Solar Eclipse

On April 8, citizens across southern and southeast Missouri will have the chance to see a rare celestial event – a total solar eclipse.

The moon will block the sun's light and cause a total solar eclipse to be visible across nearly 115 miles of Missouri. Visitors will come to the Show-Me State to witness the event, and numerous community events and festivals are planned along the path of totality. Missourians should make plans early to determine where they will view the eclipse, where they will stay and how best to avoid the extra traffic congestion after the eclipse.

“We anticipate large crowds with possible heavy congestion on the interstates and major highways especially after the eclipse is over,” said Missouri Department of Transportation Chief Safety and Operations Officer Becky Allmeroth. “If you are traveling for the event, leave early, stay put as long as possible and plan to stay after the end of the eclipse to avoid the peak traffic.”

Missouri will be one of 13 states from Texas

National Beta State Convention allows students the opportunity to compete in various academic, visual arts, scholarship and team events. These victories at the state level provide an opportunity to compete at the national level. The National Convention will be held at the Savannah International Convention Center in Savannah, GA during Summer 2024.

With more than 500,000 active members and 14,000 clubs nationally and internationally, National Beta has become the nation's largest independent, non-profit, educational youth organization. National Beta promotes the ideals of academic achievement, character, service and leadership among elementary and secondary school students. National Elementary Beta includes grades 4-5, National Junior Beta includes grades 6-8 and National Senior Beta includes grades 9-12. Visit www.betacubeta.org for more information.

to Maine to experience the path of totality. There are 31 million people in the United States who live inside the path of totality. A partial eclipse will be visible throughout the remainder of the continental United States.

The path of the viewing in Missouri will cover more than 115 miles of the state. Totality enters Missouri as it crosses the Arkansas State Line southwest of West Plains at 1:54 p.m. CDT. It will follow a diagonal line crossing over Poplar Bluff and exit Missouri at Cape Girardeau as it crosses the Mississippi River at 2:04 p.m. CDT. Please follow these

From Missouri Department of Transportation

tips to drive safely on the day of the solar eclipse:

- Don't stop along the interstate and no parking on the shoulder.
- Find a safe location to view the event and get there early.
- Watch out for increased pedestrian traffic along smaller roads. People may be randomly parking and walking alongside roads in the hour before the total eclipse to get the best viewing.
- Don't take photographs of the eclipse

while driving.

- Turn your headlights on and do not rely on your automatic headlights during the eclipse.
- Avoid travel during the eclipse or in the area of the main path if you can.
- Prepare for extra congestion, especially on interstates and other major roadways for the hours immediately following the eclipse.
- Check traffic conditions on MoDOT's Traveler Information Map at <http://traveler.modot.org/map/>

also available as a free app at MoDOT Traveler Information.
