Centennial celebration scheduled for historical Barry County Courthouse

E.M.

Rachael Freeman

The Barry County Commissioners, in conjunction with the Cassville Area Chamber of Commerce Friday Squared event, will hold a 100 Year Celebration for the Barry County Courthouse located in downtown Cassville on Friday, May 10th.

Live music and dinner will begin at 5:30 p.m. around the square. Music will feature the Spur of the Moment band. The Barry County Commission, office

holders and employees will provide complimentary hot-dogs and pulled pork dinner for attendees.

The Courthouse celebration program will begin at 6:30 p.m. and will feature Senator Emory Melton. Also speaking during the program will be Cassville Mayor Bill Shiveley and Presiding Commissioner Cherry Warren.

The historical part of the program which features the Barry County Courthouse with an emphasis on years 1912 and 1913 when the

present court house was being authorized and construction got underway, was one of the most interesting periods of the history of Barry County according to Senator Emory Melton, who will speak from 6:30 to 7:15.

An outdoor movie will not be shown during May's Friday Squared event. Booths will line the square and the Barry County Genealogical and Historical Society will give tours of the historic Bayless House. Friday Squared will conclude at 8:00 p.m.

Monett Career Center says it's not closing

Rachael Freeman

With conflicting reports on the closing of the Monett Career Center, the center has stated that it did not close on April 30th as the State has reported.

Jasen Jones, a member of the Workforce Investment Board of Southwest Missouri, stated that the center will remain open at it's Monett location.

“The state is removing their employees and some specific compliance programs out of Monett, but our Workforce Investment Board will keep providing basic services at the Monett location.”

“We know we are good through June 30, 2013. We are awaiting final budget numbers in our federal

grants from U.S. Department of Labor and have high confidence that we will be able to remain open through June of 2014.”

From July 1, 2011, to June 30, 2012, the Monett Career Center served 5,941 people. The Center served 429 people from Cassville and 252 people from Purdy during that time frame.

According to Missouri State Representative Scott Fitzpatrick, the Missouri Department of Economic Development is losing federal money and is withdrawing employees from centers based on volume of business and proximity to other centers.

“I have tried to find out how much money it would take to keep the center open

and I am still trying to find a way to get the budget amended to line out an appropriation to keep the office open,” stated Rep. Fitzpatrick.

“But, the Economic Development Department told me that it would be unlikely that they could bridge the gap from the end of April to July 1, which is when the next fiscal year starts, which is the first year of appropriations which I would have the opportunity to approve. That is assuming I was able to get money in the budget to keep them open,” stated Rep. Fitzpatrick.

The Monett Workforce Investment Board plans to continue to provide the services it can while waiting for the budget to be reinstated.

Active shooter training set for Shell Knob

Rachael Freeman

Barry County Sheriff Mick Epperly has made arrangements to conduct the second active shooter training exercise for local law enforcement. The second exercise will take place at Shell Knob Schools on Thursday, May 9, at 1:00 p.m.

“We do these exercises to train school staff, law enforcement and emergency personnel on different scenarios that could happen in the event of an active shooter entering a school,” stated Sheriff Epperly.

The first active shooter

training exercise was held in February at Wheaton Schools.

According to Epperly, the exercise will include a complete simulation from the time a shooter enters the school building. There will be no students at the school on this day, just school personnel.

Agencies scheduled to participate in the exercise are: Barry County Sheriff, Wheaton Police, Cassville Police, Purdy Police, Exeter Police, Missouri State Patrol, Missouri Conservation, Central Crossing Fire Dept.,

Central Crossing First Responders, Barry County 911 and Cox Ambulance.

Law enforcement will hold a briefing at 12:30 p.m. to discuss the procedure of the training exercise with those involved. The briefing conference will take place in the Shell Knob gymnasium.

“This is an exercise only to be used for training school staff and emergency services on how to deal with an active shooter in the school,” stated Epperly.

For more information, contact Sheriff Epperly at (417)-847-6953.

Fire destroys diner in Exeter

Last Wednesday, members of the Exeter Fire Protection Volunteer Fire Department responded to a fire at the diner in Exeter. The diner is located on Highway 76/86 as you enter the business district of Exeter. The fire caused extensive damage to the interior of the building. The cause of the fire is said to be most likely a grease fire.

More changes to Cassville Schools personnel

Rachael Freeman

The Cassville School Board held a special meeting on Monday, April 29th, to accept resignations and hire personnel.

The school board accepted the resignation of third grade teacher Mindi Gates effective the end of the 2012-2013 school year.

The board also voted employee Aubry Kruse as a third grade teacher in the Cassville Intermediate School for the 2013-2014 school year. Other new employees for the 2013-2014

school year are Cassville graduate Julie Cupps as the Primary School Library/Media teacher, and CHS graduate Robbie Artherton as the Primary School Physical Education teacher.

Former Primary Physical Education teacher Ben Abramovitz was hired to take on duties as the Middle School Assistant Principal.

Current Middle School Assistant Principal Melonie Stringer will take over as Middle School Principal with the departure of Terry Jamieson.

Barry County Soil & Water District to hold open house

Rachael Freeman

The Barry County SWCD/USDA Service Center will hold an open house on Friday, May 3rd, at their Cassville location.

Staff will be on hand to assist landowners with any questions they may have on conservation practices and programs available through the Soil and Water Conservation District, Natural Resources Conservation

Service and the Farm Service Agency.

The open house will be from 11:30 a.m. to 1:30 p.m. and hamburgers, hotdogs, chips, cookies and drinks will be offered. There will also be a drawing for a barbecue grill.

The Barry County SWCD/USDA Service Center is located at 74 South Main in Cassville near Taco Bell.

Purdy Elementary Principal Jeff Swadley announced character education medal winners for the month of April. In partnership with elementary counselor Gary Jurgensen, Purdy's kindergarten through fourth grade teachers present a different character trait each month. At the end of the month each teacher nominates one student who best exemplifies the trait presented. These students receive character

medals from Mr. Swadley. Area businesses also display posters reinforcing each month's message.

In April, students focused on Compassion. April medal winners are fourth graders Rylee Boyd and Connie Lee; third graders Jasmine Horn and Kalleah Mosell; second graders Haylea Cookson, Xo Lai Lee and Libby Roden; first graders Dalton Peters, Lily Anfinson and

Holly Webb; and kindergartners Elijah Bowers, Kelsee Merritt and Emanuel Aldava. Compassion medals were awarded by Gary Jurgensen, Elementary Counselor and Nurse Sarai Salazar. To demonstrate compassion medal winners signed a sympathy card designed by fourth grade student and medal recipient Connie Lee for Elementary Principal Jeff Swadley, who recently lost his wife.

How Parents Can Dine Out Without Drama

Some parents cringe at the mere mention of dining out with their children, envisioning 90 minutes of crying, taunting and tantrums. While some cultures place great significance on dining out as a family, North Americans seem less inclined to do so -- unless it is at a family-friendly

(not food-friendly) chain restaurant or fast food establishment. However, dining out with young children doesn't have to be a debacle. Employ a few of the following tips, and your next night on the town with the youngsters in tow might just prove to be a nice family experience.

- * Get munchies. A hungry child is often a cranky child. Ask if bread, crackers or chips can be placed on the table early on so that the kids have something to snack on and distract them from hunger pangs.
- * Request a table near the bathroom. While looking at the restroom doors may not make for the most inviting ambiance, it does reduce the hassle of snaking through tables and rows with

a child who needs to use the restroom.

- * Order for the table. Giving kids a choice may waste time and lead to arguments. Order a few items that everyone can share, increasing the likelihood that your child will find something he or she wants to eat.
- * Stick with recognizable foods. Now is not the time to ask junior to delve into seafood salad or osso bucco. Save taste-testing for another time when there's nobody else around to hear your child's protestations.
- * Make dessert a reward not an expectation. If the children behave to your liking, dessert can be a reward. It will reinforce good behavior the next time you decide to dine out.

Chamber to host 27th annual Dogwood Car Show

The Cassville Area Chamber of Commerce is currently finalizing plans for the 27th Annual Dogwood Car, Truck and Motorcycle Festival. The Festival will be held around the Cassville square on Saturday, May 4. Registration will take place inside of the court house from 7:30-9:30 a.m. with judging set to begin at 10:30 a.m.

The chamber office, located at 504 Main Street, is currently accepting early entries. The first 100 show entries will receive a goody bag, including a commemorative dash plaque, along with other items donated from local businesses. Entry fee is \$20 per vehicle. Admission is free to the general public.

The Dogwood has a strong history in Cassville and is fun for both car enthusiasts and the general public. The event offers disk-jockey music and entertainment, food vendors, shopping and over 100 cars parked around the square. Our disk-jockey is sponsored by Four Seasons Real Estate. Event t-shirts, sponsored by Shumaker Tire and Wheel, will be available the week of April 29 at the chamber office and at the event. Along with event t-shirts, the chamber booth will sell ice-cold beverages donated by Walmart and 50/50 raffle tickets for 2 separate drawings starting at \$200 each. 50/50 drawings will be held at noon and during the awards ceremony. Door prizes will be given away throughout the day to participants.

At 12 noon, participants will be asked to start their cars and rev their engines for Dogwood tradition, “thunder on the square.”

New this year! The Cassville Cruisers will host a special cruise in on Friday,

May 3, prior to the festival. The cruise-in will take place from 5-8 p.m. around the court house and will offer door prizes, concessions, music and camaraderie between car enthusiasts.

“We wanted to host the cruise in around the square on Friday night to encourage people to stay the night in Cassville and in turn help our local businesses. This is also a good opportunity for our car club to get together and showcase our members’ cars,” stated Troy Lowe, Cassville Cruisers President.

Participants will have the opportunity to compete for 25 class awards and 31 specialty picks. Winners of class awards will receive either a first place trophy or a second place plaque. For a full list of classes, contact the chamber office or visit www.cassville.com. The following specialty picks, including the popular Dogwood Dozen, will be given:

Around the World Cafe brings variety

Samantha Barberio

Cassville has recently welcomed a new restaurant in town, Around the World Cafe. George Darveaux is the owner of this cafe and it just so happens to be his first restaurant.

Around the World Cafe brings food from six different countries to Cassville: India, Thailand, Mexico, Italy, France and China. Darveaux tries to keep the food as authentic as possible, even going as far as making their own noodles with Semolina, which is Italian flour.

Gelato is also made right in the store for the freshest taste possible.

The business consists of 23 employees including Darveaux's manager Tiffany Willhite, who also enjoys the restaurant business. Willhite states, "I enjoy working with

Around the World Cafe employees are pictured above, front row, left to right: Tiffany Willhite, Alli Jhonson and Mai Xiong. Back row: Chie Yang, Jordan Guss and Emily Joe Crawford.

the public, it brings something new every day." Around the World Cafe is open from 7:00 a.m. to 8:00 p.m. every day except Sundays 8:00 a.m. until 2:00 p.m. The restraurant is located in downtown Cassville along Main Street.

Helping Hands Food Pantry to continue evening hours

Helping Hands Community Food Pantry will continue with evening hours on the first Thursday of each month.

The pantry will be open for business from 5:00 pm until 7:00 pm (notice that this is a time change). In addition to one Thursday evening a month, the food pantry is open every Tuesday

and Saturday morning from 9:00 a.m. to noon, except for holidays.

The pantry is located at 32685 State Highway 86 (east of Eagle Rock, adjacent to Lighthouse Pentecostal Church).

The pantry serves residents of southern Barry County who are in financial need. Identification and proof of residence are required. We also require the names and birthdates of each household member.

Donations of both food and money are greatly appreciated and can be dropped off at the pantry during operating hours. Donation boxes for food are also available at Community Connection Thrift Store and the ERGM Fire Station in Eagle Rock, as well as at all the churches in the Eagle Rock and Golden area.

Cans for collection of monetary donations are located in many of the businesses in Eagle Rock and

Golden. Monetary donations may also be mailed to Helping Hands Community Food Pantry, PO Box 73, Eagle Rock, MO 65641.

Helping Hands Community Food Pantry is a 501(c)(3) charitable organization serving about 100 families each month, with more than 300 individuals benefitting from the food supplies provided.

KATHLEEN REED

Kathleen Reed, age 92, of Springfield, Missouri, passed away Saturday, April 27, 2013, at her home.

She was born July 4, 1920, in rural Cassville, Missouri, the daughter of William A. and Maud (Brooks) Carney. On December 29, 1938, in Monett, Missouri, she was united in marriage to Clarence E. Reed, who preceded her in death on May 20, 2006. Also preceding her in death were her parents and one brother, Bill Carney.

Surviving are two daughters: Jane Beckett and her husband, Harry, of Springfield, Missouri, and Linda Kay Schermann and her husband, Jesus, of Puerto Vallarta, Mexico; one brother, Richard "Sarge" Carney and his wife, Bunny, of Cassville, Missouri; one sister, Betty Carney of Cassville, Missouri; three grandchildren: Alexi Triandafilias and his wife, Ana, of Olathe, Kansas, Natasha MacDonald and her husband, Michael, and their twins, Jason Reed and Lydia Nancy, of Manhattan Beach, California, and Melinda Rodriguez and her husband, Aris, and their son, Evan Ellis, of Costa Mesa, California.

Kathleen received her education at Sparks Elementary School and was a 1936 graduate of Cassville High School. At the age of sixteen, Kathleen entered Henrotin Hospital School of Nursing in Chicago. She attended University classes there for two years. In 1938, she met her husband, Clarence Reed, and they were married that year. After their marriage they moved to Jefferson City,

Missouri, where Clarence was a State Representative for two years. During the years of Clarence's employment as an attorney, they lived in eleven states and travelled in most of the United States. In 1972, they returned to Cassville, living in Sherwood Forest and in 2006, after the death of Clarence, Kathleen moved to Springfield, Missouri, to make her home. While in Cassville, Kathleen was a very active member of the First Christian Church, serving wherever needed.

Kathleen was a "professional volunteer" and enjoyed her lifetime of service in the community, church and schools. She was awarded a Lifetime Membership in PTA for her many years of volunteering in the Kansas City Schools as room mother and assistant nurse. She was a Red Cross Volunteer, collected for American Heart Association for many years, delivered Meals on Wheels for twenty-seven years, was instrumental in initiating and funding the Senior Citizen Housing in Cassville and spent many years teaching Sunday School and organizing youth programs. She was a strong advocate for Habitat for Humanity and was active in politics her entire life. Kathleen was proud of being an Ambassador for four years at Creekside at Elfindale in Springfield. She was known for saying she was proud of being "an Irish Carney from the Ozarks".

When Kathleen wasn't volunteering she was reading, working crossword puzzles, cross-stitching or walking outdoors. She lived a healthy lifestyle.

Graveside services will be held at 11:00 a.m. Saturday, May 4, 2013, in Oak Hill Cemetery, Cassville, under direction of Fohn Funeral Home, Cassville. Reverend Juli Nelson will conduct the services.

The family will receive friends from 5:30 until 7:00 p.m. Friday in Fohn Funeral Home, Cassville.

Contributions may be made to Habitat For Humanity or Meals On Wheels in memory of Kathleen.

When we depart our earthly home for God's resting place, it is not how long or brief our stay, but how we lived our lives that counts. Though we may mourn the passing of a loved one, we should also take comfort in the memory of the many kindnesses he or she has performed.

We conduct every funeral service as to be a source of comfort and inspiration to the living as well as a worthy and memorable tribute to the departed.

# Southwest High School Trap Team

*By Mike Vining*  
The Southwest High School Trap Team came home with a second place finish in the Missouri State Trap Shooting Championships last Saturday. Southwest shot a team total of 479/500 finishing behind a very good Logan-Rogersville squad.

Johnathon Wolf shot a perfect 100/100 and finished tied with 4 other shooters for High Over-all honors. The shoot-off went 3 more rounds before Johnathon eventually missed a target, finishing second. Also putting up very impressive numbers were Eithan Still with a 98/100, Garrett Hobbs shot a 97/100, and Eric Anderson posted a 95/100.

**FIRST TURKEY**  
  
**Audrey Lowe** took her first turkey on Saturday, April 27<sup>th</sup> while hunting with her dad. Audrey is 10 years old and the daughter of J. D. and Tracy Lowe.

“The weather was about as uncondusive to shooting as it could get. We stood out in the rain and cold all day long. I was very impressed with how everyone stayed focused in those conditions. It is extremely hard to maintain your concentration when you add bad weather to the equation.” said Mike Vining. Along with Wolf, Still, Hobbs, and Anderson, the high school team includes Brent Anderson, Haven Brown, Alex Cook, Hayden Fox, Taylor Gentry, Jesse Hayworth, Kordell McNabb, Tommy Sickles, and Jacob Wolf. Final results have not been posted on the MTA web-site as of this time, so I cannot say where other squads finished in the scheme of things. But I do know everyone from high school to middle school shot above their averages at State. Everyone truly brought their A-game to State. Middle school shooters included Michael Banks,

*Pictured above: Johnathon Wolf.*  
Chance Black, Leland Colf, Charlie Henderson, Levi Moore, Jarrett Pike, Hope Robbins, Emily Snyder, Hunter Stanley, Jake Taylor, Skyler Willer, Heather Windes, and Elizabeth Wolfe. For the 1st time in about 9 years, we were able to have a Ladies squad which was really nice. Haven, Emily, Heather, Elizabeth, and Hope made up this squad. All but one of these ladies is still in Jr. High, so I am really excited about what they can accomplish in the next couple of years. There were between 950-1000 shooters at state this year. As always, thank you to all the area merchants for helping our kids continue their successes. I would like to especially thank Highway 37 Pawn and Commerce Bank for sponsoring our team shooting shirts for this season. Your help means a lot to our program.

## Haley's First Turkey

Haley Tipton, 13, of Jacket, took her first turkey. Her turkey weighed 23 pounds, 11 1/2 in beard and 1in. spurs. She got the turkey while hinting with her dad, Shannon, near Stockton.

# Managing difficult yard situations

Many homeowners aim for a picture perfect lawn complete with rolling acres of soft, green grass. But Mother Nature may have other things in mind, providing homeowners with less-than-stellar growing conditions for their lawns, plants and other foliage. Frustration can mount when a yard is muddy, is especially shady or has soil that doesn't seem to grow a thing. In such instances, homeowners may have to go the extra mile to get the yard they desire.

**Irrigation issues**

Improper drainage or low-lying areas in a yard may contribute to a muddy mess. Soil that is inhospitable for grass also may end up causing muddy patches because the grass simply does not grow. In some cases, remedying a muddy yard is easy and inexpensive. Some homeowners find that tilling the soil and amending it with a fiber mulch helps to absorb extra water and make the conditions better for lawn seeds to sprout. This also helps to aerate compacted soil that can hinder grass growth. Adding soil fill also may help to level low-lying areas that can be puddling.

Some homeowners find that they need to do a little more work and spend some more money to fix irrigation issues. Installing a draining system or having the property sloped to draw water away can sometimes be done by a homeowner but is often best left to a professional. You may need to dig trenches, and the property may need to be regraded to make a difference.

**Sandy soil**

Grass and other plants may not grow well with sandy or clay soil. Again, amending the soil is one

way to remedy the problem. Although it will take some work at the outset, amending the soil can improve conditions and reduce how much maintenance the lawn needs. Digging down several inches and adding nutrient-rich filler soil will help create conditions that are better for growing. Those who are interested in planting vegetables could opt for raised garden beds above the challenging soil.

**Shade**

Sometimes a yard is problematic because of the amount of sunshine it receives. Too much sunshine can scald certain grasses, while inadequate sunshine may result in bare patches where grass won't grow. If cost is no object, removing or planting trees to establish better growing conditions could be an option. However, today there are many grass blends that are tailored toward specific sunlight scenarios. Homeowners may find that low-light blends will grow better in shady areas.

For those who are finding no luck with grass blends, it may just be necessary to think creatively. Plant shade-loving plants, such as ferns or ground cover, where the grass won't take. Design the landscape so it looks intentional. Flagstone and slate placed in certain areas also may mask temperamental growing areas.

There are different options for managing various situations in the yard that can make growing lawn or other plants challenging. If projects are difficult, it could be smart to call in a professional.

With a little more than three weeks remaining in the legislative session, bills are coming up quickly and the Senate is spending long days and nights debating the important issues of our state. Lawmakers are looking for “vehicles” in which to attach their priority legislation, and I am watching each amendment and bill carefully to determine how it affects the 29th District.

In the middle of a busy week, I handled House Bill 163, sponsored by Rep. Scott Fitzpatrick, R-Shell Knob, who asked me to carry it in the Senate. Currently, the cities of Monett and West Plains are required by state law to hold a primary election in a municipal election even if the number of candidates filed is less than or equal to the number of available seats. This costs the city of Monett approximately \$6,000 for each election. House Bill 163 would fix this inconsistency in the law by allowing these cities to opt out of holding a primary election for city council and mayoral races if the number of candidates filed is less than the number of open seats. Monett and West Plains just want the same flexibility other cities currently have and to save their local taxpayers the cost of an unnecessary election. House Bill 163 passed with a few amendments from other members and now returns to the House for consideration.

of you, I was outraged and insisted it immediately be addressed. In response, the Senate passed Senate Bill 252, legislation that would require DOR to destroy any scanned documents and prohibit them from scanning documents in the future. Perhaps most importantly, the bill would give county sheriffs sole authority over the issuance and approval of CCW permits. I worked with my colleagues to make this change because I think most of us trust our local sheriffs more than an unelected bureaucrat in Jefferson City. The Legislature is also considering if the taxpayers of Missouri should continue to fund activity that compromises our personal information and violates state law. In the Senate version of the budget, the Motor Vehicle Division of DOR's allotment for FY 2014 is \$0.

Another issue on the minds of many Missourians is Medicaid. ObamaCare required every state to expand Medicaid to cover all adults at 138 percent of the poverty level. However, the U.S. Supreme Court decided last summer that the states could not be required to do this. While we would receive funding from the federal government to expand Medicaid, Missouri taxpayers would have to put in at least \$1.2 billion over the long run. Some estimates put the cost to the state even higher. These figures do not take into account annual growth to the Medicaid rolls that occurs already. We are already responsible for more than 900,000 recipients currently on the program, and the state spends nearly half of all state general revenue on Medicaid. Frankly, I don't trust the federal government to hold up its end of the bargain and with \$17 trillion in debt, I don't believe our country can afford the increased spending. The Senate has consistently said the Medicaid system must be fixed before we even consider committing more than a billion dollars in future state dollars that might otherwise go to core services like education, transportation, and public safety. The most likely outcome this session will be the creation of an interim committee to carefully study the issue and make recommendations to the Legislature on ways we can fix Medicaid.

The Senate also passed another of my bills this week, Senate Bill 205. Under this bill, each child who is a ward of the state or in the Missouri foster care system would receive a visit to a state university or institution of higher education. Unfortunately, many of our state's foster children are not going on to college or technical or trade school. This means they are far less likely to make a living wage and are more likely to remain dependent on the state. During their school visit, the child would receive information about financial aid and the application process, and would have the opportunity to tour the school. I believe SB 205 will encourage more of our young people to seek higher education and, as it will not cost any taxpayer dollars, it is a no-cost investment in their future. It passed the Senate with bipartisan support and now moves to the House for similar consideration.

Many people continue to contact my office about the recent revelation that the Missouri Department of Revenue (DOR) and Missouri Highway Patrol ignored state law and communicated the personal information of Missourians with conceal carry permits. Like many

How to create a paver walkway or patio

Creating a walkway or patio out of paving stones can add aesthetic appeal to a property. Pavers are less permanent than concrete and decking. As a result, it is easier to change the design later on if you want to give the space a new look.

Homeowners who install their own pavers can save a considerable amount of money. Because installing paving stones can be labor-intensive, landscape contractors may charge a premium for installation. However, this is a project that can be tackled by the do-it-yourselfer.

1. Measure and plot out the area that will become the path or patio. The area of the space can be figured out by multiplying length times width. This will help you determine just how much

material you will need.

2. Visit the home improvement store or a supplier of stone and other masonry supplies to determine the style and color of the paving stones you will use in the project. Some homeowners prefer to have the materials delivered to their home to save the hassle of extra heavy lifting and moving.

3. Using a shovel or a tiller, dig down and remove the grass to a depth of four to six inches from the area that will become the path or patio.

4. Fill in the area you dug out with a paver base material, using a tamper (either manual or power-driven) to tamp down the paver base until it is level and smooth.

5. Apply about one inch of paving sand to further level

out the path or patio. This will be the material on which the paving stones are laid.

6. Begin laying the paving stones. Leave the appropriate distance between stones desired by your pattern. If the paving stones will not have any gap and serve as a continuous patio, leave only the smallest gap between them.

7. Spread more paving sand on top of the paving stones and, using a broom, sweep it over the stones and into the crevices between them to set the stones.

8. Create the rest of the garden design around the patio or pathway using gravel, plants and even edging material to finish the look. Over time you may need to sweep more paving sand over the stones to keep them secure.

Did you know?

May Day is an ancient festival that welcomes spring and was once celebrated widely on May 1 every year. May Day falls approximately halfway between the spring equinox and the summer solstice and has its origins in pre-Christian times. May Day commemorates festivals of fertility and agriculture. Ancient Romans celebrated the festival of Flora, the Roman goddess of flowers. But May Day is also related to the Celtic festival of Beltane, a springtime festival of optimism, and the Germanic festival of Walpurgis Night, which also celebrates the arrival of spring. Many past May Day celebrations included spending time outdoors standing around bonfires and dancing. A traditional British May Day celebration included crowning a May Queen and dancing around a Maypole, which was covered in ribbons. While May Day has lost many of its pagan origins since the widespread conversion to Christianity, there are some who see May Day as a special time and a harbinger of spring.

As cooperative members, we all carry the responsibility to make the best use of our energy resources. One of the most important things we can do is slow the growth in power use. By using electricity wisely, we can optimize our generating capacity in order to postpone building costly new power plants. The good news is that everything you do to reduce your use not only helps us manage growth, it also helps you manage your energy budget.

Our new energy-efficiency initiative, Take Control & Save features a number of programs that will help you make the most of the power you use. We encourage you to explore each of them as an opportunity to better manage your use of energy at home and at work.
