Legislation could provide funding for improvements to the old CCC Lodge

Rachael Freeman

An amendment to House Bill 19, made by Governor Jay Nixon, could provide \$121 of surplus revenue for capital improvement projects. Another proposal that passed the House last week is the Fifth State Building Fund, a \$1.2 billion state-wide bond issue for capital projects.

Included on both lists for possible funding would be the restoration of the original Civilian Conservation Corps Lodge at Roaring River State Park.

Representative Scott

Fitzpatrick, a member of the House Budget Committee, is supportive of the amendment but doesn't foresee the bond issue making it to the ballot this year.

"Revenues have out-paced anticipated collections for this fiscal year, and by completing some of these capital improvement projects with the excess revenues, it will decrease the size of the bond proposal," said the Representative.

"The bond proposal passed the House last week, with my support, but I am certain it will not pass the

Senate this year. It will be introduced again next year, with the projects that are completed with the funding from HB 19 being removed from the proposal next year.

"I think there is a fairly good chance that the initiative will pass next year, and the measure will be sent to the ballot, though one can never know for sure.

According to Steve Nagle, president of the Missouri Park Association it would take over \$400 million to bring everything up to speed throughout the park system in Missouri.

Shell Knob man honored by Lt. Governor Kinder

Missouri Lt. Governor Peter Kinder announced 35 winners of the Lieutenant Governor's Senior Service Award, including Glenn Phillips of Shell Knob.

Lt. Governor Kinder presented the awards on May 8 at a luncheon for the winners and their guests outside his office in the Capitol. Phillips was nominated by Rita Goodhead, administrator at the Central Crossing Senior Center in Shell Knob. Phillips is a U.S. Air Force veteran of the Korean War and volunteers with the VFW Post No. 2203 in Shell Knob. He also has served on the Shell Knob Chamber of Commerce and is director of the Ozarks Clean Water company board.

Phillips was the driving force in developing the Shell Knob Seniors Inc. board, for which he is the chief executive officer. The board has developed Ozark Villas, a low-income senior living complex.

In her nomination, Goodhead cited Phillips' service in helping seniors learn

about Medicare." He has founded and leads a group of caring individuals who help seniors learn all about their Medicare choices as well as helping those who have disabilities and who have low income," she said.

"Glenn is a person to look up to and emulate. He is 83 and spent his whole life helping others."

Lt. Governor Kinder presented Phillips with an official declaration and a Senior Service Award lapel pin at a ceremony in the Capitol.

"Glenn Phillips sets an example for all Missourians with his kindness and willingness to serve seniors in the Shell Knob area," Kinder said.

"His selfless service is an inspiration to all who know him."

Kinder this year received more than 150 nominations for the Senior Service Award, naming 34 winners representing the state's 34 Senatorial Districts and one at-large winner. Phillips won in District 29.

Cassville Council discusses leash law

Rachael Freeman

Nadine Davis, of Cassville, addressed the Council for the third time since 2007 concerning issues with dogs within the city limits. Davis asked the Council to address a leash ordinance and asked that the Council do something about the stray dogs that roam around town.

Davis stated she spends lots of time picking up trash around the community and is constantly being chased by dogs, has been bitten and picks up trash after stray dogs and cats have gotten into around the square in Cassville.

The discussion of a leash law ordinance was already

on the Council's agenda for Monday evening. Alderwoman Anne Hennigan lead discussion stating that something needed to be done.

Hennigan stated that since October 2012, there has been 58 dog complaints made to the Cassville Police Department and six reported dog bites within the Cassville city limits.

Mayor Bill Shiveley stated, "We aren't going to be able to stop it, but we need to do something about it."

Alderman Terry Heinz stated, "This has been going on for years and we have never rectified it."

Kid’s Fishing Day set for May 18 at RRSP

BC courts see many cases

The Missouri Department of Conservation and The Department of Natural Resources proudly present Kids Fishing Day, May 18, at Roaring River State Park. Young anglers will have opportunities to catch fish and learn about fishing at Roaring River State Park’s Kids’ Fishing Day.

At Kids’ Fishing Day, children age 15 and under will be able to pick up free trout tags at the hatchery office any time on the Friday before the event or all day on Saturday. A portion of the fishing area of the park will be reserved for youths age 15 and under. Volunteers will be on hand to help out. Children are encouraged to bring their own fishing equipment. Parents are welcome to help kids, but only one pole may be used between the helper and the child. Adults are not allowed to fish by themselves. Free hotdogs, chips, and soda will be available 11:00 a.m. to 1:00 p.m.

Bluegrass music and comedy will be performed at the Fishline Bluegrass Stage (Main Stage) throughout the day from 10:30 through 4:30. The lineup is highlighted by the award winning band Lonesome Road and the world touring and nationally recognized Possum Holler Fiddlers. Local up and coming bands Spur of the Moment and Ozark Mountain Revival round out the music for the day. Comedy will be coming straight from Branson as Hargas Marcell and Droopy Drawers Jr. from the Baldknobbers show will perform. Bring a lawn chair and enjoy the music!

Education is also part of Kids’ Fishing Day. Throughout the day, seminars will be held on fish cleaning, fish

cooking, knife sharpening, knot tying, fly tying and fly casting, how to fish Roaring River, stream biology and other subjects.

Activities such as critter stamp head bands will also be available. The Cassville YMCA will have their bounce house set up for the kids.

Fishing starts at 6:30 A.M. and will continue until 8:15 P.M. This event will be held rain or shine.

Roaring River State Park is located on Highway 112 about seven miles south of Cassville.

Many cases have been reviewed this week at the Bary County Judicial Court.

Heath Forgey was charged with a DWI for alcohol on May 7th. He was sentenced to 20 hours of community service through the Court Supervision Services agency. Forgey is also under Suspended Imposition Unsupervised (SIS) for two years, which means if he breaks probation during that time the judge may order any sentence within the punishment for the crime convicted. Forgey also failed to wear a safety belt and failed to equip the vehicle with an adequate muffler which resulted in fines.

The report that the bond proposition had carried Saturday, July 6, 1912 had reached the most distant parts of the county by Monday noon. Farmers were busy with their harvest and their plowing but in many places these tasks were put aside with the news of victory.

At 5:00 Monday afternoon, July 8, a large number of the citizens of Wheaton and community, led by the Wheaton band, arrived. This was the first that people of Cassville knew that there was to be something going on in town that night. Until late in the evening citizens were coming from far and near and by 8:00 the court yard that now was an empty square was filled.

The citizens of Cassville were completely surprised but a program was hastily made comprising of the singing of music by the Wheaton band and of contemporaneous speaking.

Judge McNatt of Aurora, Silas McQueen of Wheaton, Henry Edgar of Monett, James Sapp and W. Hankins of Butterfiled, W. Irby of Jenkins, R.A. Ellis of Ozark Township, George Hailey of Cato, Q.D. Davis of Washburn, Judge O'Dyer of Purdy, S.J. Saylor, A.L. Galloway, J.T. Brattin and J.S. Davis of Cassville, William Henderson and Frank Archibald of Purdy all made what the local paper said were "excellent talks." Each speaker was given all the time he wanted and nothing was said that would cast a poor reflection upon any town or any citizen of the county.

Celebrations were held in several other places in the county. It is the greatest victory Barry County has ever gained and the people were rejoicing as they have never before over the result of an election.

Create your look at Starla K Fashions

Samantha Barberio

Starla and Ernie Owens opened up Starla K Fashions Apparel and Accessories one year ago on February 1, 2012.

Starla chose to open her own store because she loves retail and interacting with customers. She started off selling jewelry at craft shows and always aspired to own a store.

Starla also had a goal in mind: to stock unique items in her store not found anywhere else. Not only that but also to give her customers the opportunity to shop locally instead of making a trip to the bigger cities in the area.

Over this time they have developed into the store they are today. Starla's first began strictly as a fashion jewelry store. After consulting with customers and really seeing what they needed she started adding to the inventory.

Starla has everything you'd need for a complete outfit of your dreams. She sells jeans, shirts, dresses, skirts and even shoes. Not only that but you can accessorize your outfit with purses and jewelry from her collection as well.

Don't ever worry about fit at this store, because there is a seamstress available for alterations.

As Starla's store started to grow, so did her need for more space. On July 14th, they packed up and moved three doors down. This increased their floor space by 40 percent. Starla's also has a special jewelry line called "Magnetic Creations" that is unique to this store. This line of jewelry is specially made to develop healing through electrical and magnetic therapy.

Starla sells popular brands such as LA Idol and Rose Royce. For more

information or images on Starla K Fashions Apparel and Accessories, visit them on Facebook, stop by the store in Monett across from Braums or call 417-678-3644.

Southwest High School holds 2013 graduation

On May 10th, Southwest High School held its 2013 graduation at 7 p.m., graduating 58 seniors. The Valedictorian of this year's senior class was Colby Ross. He shared an uplifting speech that drew laughter from many of his classmates.

The Salutatorian, Jerri Lynn Henry, presented a heart touching speech by telling stories she's remembered from her 13 years with fellow students at Southwest. The Principal of Southwest High School, Mrs. Tosha Watson,

had nothing but good things to say about the senior class of 2013, even joking that the perfect word for this year's class was "unique."

Throughout the graduation, many vocal performances took place, presenting songs such as "Don't Forget to Remember Me," causing tears and looks of anticipation between many seniors. The night came to a close after the presentation of the class and the traditional cap throwing.

"SATISFIED CUSTOMERS CHOOSE LES JACOBS FORD!"

When we depart our earthly home for God’s resting place, it is not how long or brief our stay, but how we lived our lives that counts. Though we may mourn the passing of a loved one, we should also take comfort in the memory of the many kindnesses he or she has performed.

We conduct every funeral service as to be a source of comfort and inspiration to the living as well as a worthy and memorable tribute to the departed.

Cassville Police Department to crack down on seatbelt violators

Cassville Police Department will be joining with statewide law enforcement May 20th-June 2nd, 2013, for an aggressive "Click it or Ticket" mobilization to crack down on Missouri's seat belt violations.

Seven out of ten people killed in Missouri traffic crashes are unbuckled. And even with all the advancements in automobile safety and education on the importance of seat belt use, Missouri's seat belt use has remained relatively unchanged in the last six years and consistently below the national average.

Missouri has 79% seat belt use, which is well below

the national average of 85%. Teens and pick-up truck drivers are among those least likely to buckle up at 66% and 63%.

"Every day, someone dies in a crash in Missouri because they weren't buckled up," said Cpl. Donald Privett. "We will be pulling

Camp Barnabas camper puts recycling passion to work

Samantha Barberio

All Points Recycling had a guest from Camp Barnabas on Wednesday, May 8th. Kelly Evans is 23 years-old and started the Camp Barnabas Life Skills Program in September 2012.

This program was developed two years ago, at Camp Barnabas, to help special needs adults learn basic living skills such as: hygiene, cooking, shopping for meals and appropriate public behavior.

In this program, they also try and find each individual's passion, then decide on a realistic job for them to persue once finished with the program while also playing off the strengths of the individual.

Kelly Evans found her love for recycling once she started Camp Barnabas. Evans favorite things are organizing, cooking pasta and attending Bible study. She volunteered for the first time

at a recycling plant in Purdy, and found out her favorite job in recycling is the paper shredder.

During her time at All Points, Evans toured the center, volunteered time on the paper shredder and went

through a mock interview with Leslie Smith, co-owner and vice-president of All Points. Evans plans on finding a job in Kansas City, close to her home in Shawnee, Kansas, once she graduates the Life Skills program

at Camp Barnabas.

Everyone at All Points enjoyed having Kelly Evans visit their plant and Evans was happy to improve her skills and learn more about her passion.

COURTHOUSE from A-4

It is interesting to note that in the week following the election on Saturday, “after attempting to stand the heat for two days, Judge Carr McNatt of the Circuit Court decided Tuesday afternoon that holding court in

the opera house on hot July days is more than any of the court officials had bargained for and he issued an order to Sheriff M.R. Newman to move tables, seats, etc. to the courthouse yard in time for court Wednesday morning.

“It is entirely too hot for the jury in the opera house,” said Judge McNatt, as he fanned himself with his hat smiling, as if to say that the

judge, attorneys, stenographer, sheriff and clerk might also be given some consideration.

“Holding court under the trees in the court yard was a novel experience to a number of people but to the old-timers, it was nothing out of the ordinary except that it caused their minds to wander back several years.”

Herrin Animal Hospital receives Animal Hospital Association accreditation

The Herrin Animal Hospital has recently successfully completed the evaluation process to become an American Animal Hospital Association (AAHA) accredited member hospital.

The hospital has been a small animal hospital accredited member since 2001. AAHA was founded in 1933 and is the only association that provided voluntary accreditation to animal hospitals.

Fewer than 15 percent of small animal hospitals in North America are accredited.

To be accredited, the Herrin Animal Hospital must demonstrate an exceptional level of medical care and client service. The small animal hospital has been successfully evaluated by an AAHA practice consultant on approximately 900 standards that are widely used as benchmarks to measure excellence in veterinary medicine.

"We are proud to be an accredited AAHA hospital," said Dr. Brent Herrin, the hospital owner. "It is a great educational process for me and the staff and helps ensure that we stay up-to-date with what is considered the best standards of care."

Active shooter training held at Shell Knob Schools

Paula Andersen

The staged active shooter event that took place Thursday at Shell Knob School left several issues to be addressed by Sheriff Mick Epperly of Barry County.

In his debriefing session after the three-hour event, he declared, "That didn't go well due to several issues and some bad luck."

Over 40 officers and Central Crossing Fire Protection District volunteers took on the task of removing teachers and students to safety and capturing four masked "Bad Guys" who had hidden in the building.

These men were volunteers from various departments and there were four victims that were either wounded or dead. Local EMS units from Cox participated by making up the wounds and then removing the victims from the event.

Over seven county and Missouri police units took part in the staged active shooter event. They were from Wheaton, Exeter, Barry County Sheriff's Department, Barry County 911, Cox Ambulance, Missouri Department of Conservation, and Central Crossing Fire Protection District

volunteers.

Sheriff Epperly was looking for situations that would cause the team to sharpen their problem solving skills in the take down of a shooter and rescue of staff and students. Pre-planning consisted of giving team leaders, Barry County Officers Carl Cosper and Randy Kalbaugh, a plan of the building and an outline of the event.

They broke the group of officers into four teams and all guns were unloaded as a part of this type of practice procedure.

At 1 pm, Sheriff Epperly went to the school gym and briefed the building teachers on the components of the intruder's invasion. A code word given and the process of how to let students exit and enter were provided. The alert went off and 911 called. Six Sheriff officers and Cassville police cars arrived within minutes. The teams took positions at doors of the building. At a signal, they entered and proceeded to clear the building.

The first event, a stolen bus with a bus driver shot, set the pace for the event. The officers took over an hour to clear the building with one officer suffering an injured knee while taking down a fugitive running from the building.

In the search, officers were alerted that two bombs

were in the building; this heightened the intensity of the situation and forced officers to slow and search through clothing, closets, and cubbies. The building has been added onto several times over its' 90 year history; this added to the confusion and the fact that parts of the building were steel sheeted cost officers their communication links to one another.

Fire Chief Rusty Rickard operated his Command Post in the parking lot and guided his men and equipment into the entrance of the Shell Knob School gym to form a lane to protect children and teachers as they exited their classrooms outside to safety. Cox Ambulance removed the four victims and took the injured police officer to Cox South Hospital.

Sheriff Epperly summarized the operation as a drill with the "intention to identify what was needed to make the building safe from intruders and to determine what additional efforts needed to be made to stop an active shooter.

"We have learned a great deal from this afternoon's drill and we need to practice this again. We will be back in the fall. I appreciate the efforts of the Shell Knob community, CCFPD, Cox and all the departments that took part in this drill."

Barry County Health Department April Food Service Report

The Health Department divides food service code violations into two categories: Critical and Non-Critical Violations.

Critical Violations are more likely than other violations to contribute to food contamination, or illness and/or injury.

Non-Critical Violations although important to the overall hygiene of the establishment, do not necessarily present an immediate threat to food contamination or illness and/or injury.

A report for each establishment that is inspected shows the number of critical violations, along with a short statement as to the nature of the violations. The report also shows the number of non-critical violations but doesn't list the nature of those violations.

FOR IT IS WRITTEN

Matthew 12:37 -- For by thy words thou shalt be justified, and by thy words thou shalt be condemned.

Proverbs 6:2 -- Thou art snared by the words of thy mouth, thou art taken with the words of thy mouth.

Colossians 3:8 -- But now ye also put off all these things; anger, wrath, malice, blasphemy, filthy communication out of your mouth.

Romans 2:4 -- Or despisest thou the riches of his goodness and forbearance and longsuffering: not knowing that the goodness of God leadeth thee to repentance?

Psalms 19:14 -- Let the words of my mouth, and the meditation of my heart, be acceptable in thy sight, O Lord, my strength and my redeemer.

Luke 15:10 -- Likewise, I say unto you, there is joy in the presence of the angels of God over one sinner that repenteth.

The Macedonia Quartet...They Made Beautiful Music Together: Part II

Continued from last week's Barry County Advertiser; first printed in in March 1979.

“Quartet Days” Were Happy One

“I doubt very much if any four men could have more things in common as did our group,” Spencer Smith says. “We all grew up and spent our lives in the same community. We talked and believed the same things. Three of us had taught school in Barry County. Our lives were so closely woven together it was no wonder it was so easy for us to sing and harmonize. We dearly loved it!”

Among Rev. Calvin Henderson’s personal papers, now in the possession of his daughter, Mrs. Wilma Hawk of Cassville, is a “journal,” written on tablet paper and containing many memories of his life and work. Mrs. Hawk shared the pages dealing with the “quartet days.”

Henderson wrote, “These were some of the happiest years of my life. Every member of the quartet was congenial and considerate and we went along together without friction. We sant at conventions, political meetings and many and varied occasions. Often being called many miles from home.”

All of the Macedonia Quartet’s songs were written for male voices. That is quite different from music used by modern day quartets, Smith points out. Today the quartet music is written for mixed

voices.

First Gospel Quartet Records

The four men made the first gospel quartet record every made by RCA Victor in 1927. They were invited by the recording company to come to Memphis, Tennessee, for a recording sessions. Henderson’s journal recalls, “They proposed paying our expenses if we would go for the try out. When we arrived there we were immediately admitted to the recording department where we discussed the matter with the company representative. After some discussion, he asked us to render one or two numbers, which we did. He located us before the microphone and went away into the recording room with the instruction that when he gave us a buzz we were to sing our number.

“Well, this was a new experience for all of us and of course we were very, very nervous. However, immediately after we finished the number the manager came in and said, “That came through fine.” We thought he was aware of our nervousness and was trying to relieve the tension, so we sat down to talk. Presently, to our surprise, the song was reproduced from the record and came in over the loud speaker. Thrilled? I should say we were! I an unable to describe our feelings at that moment. We had no idea we would hear the record so soon. Of course, we thought it was good and the manager complimented us highly.”

The record proved a real favorite. The name of the record was “The House by the Side of the Road,” written by Walter Foss and John Roy Harris. On the backside was the song, “Sweet Little Girl of Mine,” composed by Adgar M. Pace and James Rowe. The quartet made another recording with “Who’ll Be To Blame?” which was written by Fred McPhail, on the top side, and “I’ve Been Redeemed” on the other side.

While in Memphis, the Victor representatives advised the quartet to advertise and call themselves “Victor Recording Artists,” which they did. Later, they had posters made which included their pictures. Both records are popular collector’s items.

The Victor company also asked the quartet to go back by Hot Springs, Arkansas, to do a radio show, which they did. The show was well received there too.

No one had promised any pay for these recordings, but Rev. Henderson’s journal notes, “The records must have had a big sale, for the company later sent us a check for \$100. Our friends from various states wrote to us telling about purchasing our records.”

Wherever the quartet appeared to sing, whether locally or far away, they were almost always requested to do “The House by the Side of the Road” and “Sweet Little Girl of Mine.”

Kings River Ladies Golf

By Cindy Thomousky
Wednesday, May 8th, was Pink Ball Day. What is Pink Ball Day? Well, each team of 4 has 1 pink ball. One of the team members is responsible for the Pink Ball on one hole. Then the ball is passed to another team member for the next hole.

The object to compile a separate Pink Ball score (which determines the winning team for the day) and to not lose the ball. The Pink Ball scores for the 9 holes gave us nothing to brag about. That said, the Winning team was composed of Lori Reaves, Kay Tomlin, Sue Steele and Kathy Wheat.

I will not tell you their Pink Ball score. Suffice it to say that it took some higher math to add it up and it was the best score of the bunch. There were a few high points, though. Lori Reaves took the Individual Low Gross win with a 41; Cindy Thomovsky managed the Low Net score with a 33.

Both Cindy and Annie Fields had Birdies; additionally, Annie also took the Low Putts prize. Last but certainly not least, Carol Hefley had a Chip-In on Hole #1 and won the Closest to the Pin award on Hole #8. We had a great day weather-wise and with the Pink Ball to blame for any poor shots, we could just have fun and enjoy the company.

Cassville girls track sends five to sectionals

The Cassville High School girls 4x1 team took second place in district competition and will now compete in Sectionals. Junior Katelyn Pitts took fourth place in discus at districts and will also compete in districts. The 4x1 team is pictured above, left to right, are: Katie Sewell, Jade Holloway, Alesha Cousins and Grace Gouvion.

Cassville Tuesday Men's League

By Robert York
The weather has changed to hot and a little windy. The wind blew in Pat Duncan from Az. We also welcomed Tom Burk from Arkansas. The scoring was tough for some and we also had some great scores.
The first place honors went to Dick Worman with a net 58, second was shared by Larry Lewis and Jim Murphy, third Art Nolan and a pack of golfers for 4th Gary Conde, Marty Hall, Tom Skarp and Ronnie Walker.
The skins game produced an abundance of good shots.

Cassville Men's League

By Robert York
It was a sunny morning after so many cloudy days and we had a 2013 record turnout of 39 golfers.
The results were some good golf scores as follows, first place went to Gary Conde, second was Terry Figgins, third was shared by Denver Douglas, Dan Gipple and Dale Groth, and fourth Marty Hall, Jim Murphy, and Dennis Wade. Closest to pin was won by Dale Groth on hole #6, Donny Sorensen hole #8 which had a carry over from the week before, hole #11 Denver Douglas and hole #17 Jack King.
The skins play produced 4 winners Tom Backus, Jack Shoup, Charlie Chappell, and Denver Douglas. The league is having a great turnout and lots of good fellowship among the players.
I really can't think of a better way to spend your Tuesday morning, so come on out. Be at the course at 8:30 am. We start play at 9:00 a.m.

Cover Curiosity With Safety.

Your family deserves your best attention to safety, especially when it comes to electrical hazards. Curious children may be too young to understand the dangers of playing with electrical outlets or power cords.

Installing simple plastic plug covers is one of the best ways to keep little fingers from coming into contact with electricity. The covers are sold in any number of stores, and may also be available from your local electric cooperative.
