Barry County Fugitives Tracked Through Kansas

Federal Indictment Handed Down in Large Drug Bust

Lance Stephens

Christopher Blevins

Matthew Crawford

Ezra DeVore
Three inmates escaped from the Barry County jail on the night of Thursday, June 2. Each of the escaped inmates are considered armed and dangerous, and should not be approached if seen. Lance Stephens, of Washburn; Matthew Crawford, of Springfield; and Christopher Blevins, of Golden, all face charges of escape from confinement in addition to their preexisting charges. According to online records, Stephens had been arrested on drug-related charges, Crawford for theft, and Blevins

for driving with a revoked license among other charges. The Barry County Sheriff's Office initially led the pursuit, though have since turned over the search for the escapees to the U.S. Marshals. Investigators have revealed that the three men escaped by punching a hole in the ceiling and entering a water heater storage area in a maintenance room. The inmates then walked out the maintenance room door at 8:30 p.m. and escaped. It was not until the next morning's breakfast check on Friday, June 3, that the inmates were

discovered to be missing. The night of the escape, the men stole a white 2002 GMC Sierra 2500 pickup on Y Highway, taking it to Salina, Kansas, and abandoning it upon arrival. In Salina, the men then stole a maroon 2005 GMC Yukon valued at \$6,000. The owner of the Yukon reported the vehicle stolen at 8:45 p.m., and had last seen it at approximately 7:45 p.m., unlocked with the keys inside. Authorities suspect Stephens and Blevins continue to collaborate on the run, however Crawford is believed to have separated. The last known location of the inmates is Sharon Springs, Kansas, less than 20 miles east of the Colorado border. The Barry County jail has reported being understaffed at this time, though this has not diminished the confidence of authorities to pursue and locate the escaped inmates. Light construction is being performed in hopes to cease further escape attempts. The holes in the ceiling of the cell have been boarded, and the attic is being examined and fortified further. Additionally, other areas of possible escape in the facility are being examined and corrected. If anyone is aware of their location, or any other relevant information to the investigation, they are advised to call 911 immediately.

Commander Chad Allison, Ozarks Drug Enforcement Team

Three defendants were indicted by a federal grand jury today for their roles in a conspiracy to distribute large amounts of methamphetamine in southwest Missouri after law enforcement officers seized approximately 29 pounds of methamphetamine.

Brian E. Hall, 44, of Aurora, and Jacqueline Aldrete Bojorquez, 28, and Jeffrey L. Hughley, 37, whose addresses are unknown, were charged in a six-count indictment returned by a federal grand jury in Kansas City. Today's indictment replaces a federal criminal

complaint that was filed on May 2. According to an affidavit filed in support of the original criminal complaint, law enforcement officers executed a search warrant at Hall's residence in Barry County on April 28, 2022, as part of an ongoing methamphetamine investigation. Officers seized seven pounds of methamphetamine, a Taurus 9mm semi-automatic pistol, approximately \$57,000 in cash, and drug paraphernalia used for the packaging and sale of methamphetamine. When Bojorquez and Hughley arrived at Hall's

Southwest Graduate Receives Harvard Degree

Ezra DeVore
A Southwest graduate has received a Bachelors of Arts from Harvard University completely free of debt, graduating on May 26 of this year in the top 5% of his class. Alejandro (Alex) Jimenez is originally from Washburn, and graduated from Southwest High School in 2016, though he's spent his recent years in Cambridge, Mass., attending Harvard University to study Economics. According to Jimenez, his ambition stemmed from a very personal place. "I set my sights to attend Harvard because I'm the son of immigrant parents who instilled in me awareness of the opportunities and resources available to me in this country. "In my life, I'd like to give back to my community by showing the rising generation their potential for growth, just as my parents

Since Shell Knob is divided half in Barry County and half in Stone County, we will be having both sheriffs from Barry County and Stone County to answer questions and give us information about our communities. They would also like input from anyone that has suggestions that would help our community and surrounding areas. Senator Moon at our last meeting gave us a lot of good information that was very helpful to all of us, and this meeting should benefit all of us also. Looking forward to seeing a lot of you at this meeting. Also bring your friends and neighbors who care about our communities and our nation.

residence later that night, they were taken into custody as well. Officers searched their vehicle and found approximately 22 pounds of methamphetamine in the trunk and a Taurus 9mm semi-automatic pistol in the floorboard of the front passenger seat. Today's indictment charges Hall, Bojorquez, and Hughley with participating in a conspiracy to distribute methamphetamine in Barry County and elsewhere from Jan. 1 to April 28, 2022.

In addition to the drug-trafficking conspiracy, Hall is charged with one count of possessing methamphetamine with the intent to distribute, one count of possessing a firearm in furtherance of a drug-trafficking crime, and one count of being a felon in possession of a firearm. Bojorquez and Hughley are charged together in one count of possessing methamphetamine with the intent to distribute and one count of possessing a firearm in furtherance of a drug-trafficking crime. The charges contained in

this indictment are simply accusations, and not evidence of guilt. Evidence supporting the charges must be presented to a federal trial jury, whose duty is to determine guilt or innocence. This case is being prosecuted by Assistant U.S. Attorney Jessica R. Eatmon. It was investigated by the Ozarks Drug Enforcement Team, Missouri State Highway Patrol, the Drug Enforcement Administration, and the Barry County Sheriff's Office.

Cassville Superintendent Speaks on Texas Tragedy

Merlyn Johnson Two weeks ago, an unspeakable school tragedy took place in southern Texas. Like everywhere else across the nation, the emotions, thoughts, and prayers of the Cassville school community are certainly with the families, educators, and community of Uvalde. Although this Texas community is far away geographically, something like this hits close to home for every family with school-age children and everyone who works in a school. It is not only devastating to hear about families experiencing tragedy, but it is also frightening and puts many of us on edge since school should

be a place where we feel the safest. As we prepare for the 2022-2023 academic year, it will be a top priority for our school leaders, staff, and local law enforcement to work together to ensure our district remains a safe place for our students, faculty, staff, and visitors. A safe and secure learning environment is essential for student success. Our school leaders will be participating in meaningful safety preparedness trainings this summer. The curriculum within these trainings includes information on mental health resources for schools, multi-tiered systems of support, the role of the School Resource

Officer (SROs) in schools, de-escalation and crisis intervention, and other topics designed to help educators improve the climate of schools. As a community working together to protect all of our students and staff, we need your help! I want to take this opportunity to reiterate the need for everyone to communicate suspicions and concerns with principals, staff or law enforcement. The goal is to always be proactive regarding risks and threats before they arise. Our ability to thwart a problem is only as good as the information we get from families, students and community members.

Your involvement is a vital part in the district's efforts to provide a safe environment for our schools. Never has there been a more important time to ensure that our school buildings are safe each and every day. Although the ability to implement that safety is multi-faceted, the training our staff will be participating in will help us take one more step in helping us accomplish these important goals. Life is precious and can never be taken for granted. Sometimes we get so wrapped up in trivial things that we lose sight of what is most important. It is essential that we as a school community take the time to

reflect and refocus, become the best versions of ourselves, and do what is right and of the greatest good for those we are here to protect and

educate. Thank you for your help in partnering with us to do everything possible to protect the children and staff of Cassville R-IV Schools!

Phone and Internet Discounts Available to CenturyLink Customers
 The Missouri Public Service Commission designated CenturyLink as an Eligible Telecommunications Carrier within its service area for universal service purposes. CenturyLink's basic local service rates for residential voice lines are \$21.00-\$26.50 per month and business services are \$32.00-\$37.00 per month. Specific rates will be provided upon request.
 CenturyLink participates in a government benefit program (Lifeline) to make residential telephone or qualifying broadband service more affordable to eligible low-income individuals and families. Eligible customers are those that meet eligibility standards as defined by the FCC and state commissions. Residents who live on federally recognized Tribal Lands may qualify for additional Tribal benefits if they participate in certain additional federal eligibility programs. The Lifeline discount is available for only one telephone or qualifying broadband service per household, which can be on either wireline or wireless service. Broadband speeds must be 25 Mbps download and 3 Mbps upload or faster to qualify.
 A household is defined for the purposes of the Lifeline program as any individual or group of individuals who live together at the same address and share income and expenses. Lifeline service is not transferable, and only eligible consumers may enroll in the program. Consumers who willfully make false statements in order to obtain a Lifeline discount can be punished by fine or imprisonment and can be barred from the program.
 If you live in a CenturyLink service area, please call 1-800-201-4099 or visit centurylink.com/lifeline with questions or to request an application for the Lifeline program.

SENIOR

Adaptive Clothing Takes the Stress Out of Dressing

Dear Savvy Senior,

What kinds of clothing options are available to mobility challenged seniors who have a difficult time dressing?

Looking for Mom

Dear Looking,

The chore of dressing and undressing in traditional clothing can be difficult, time-consuming and even painful for millions of people with certain health and mobility problems. Fortunately,

there's a wide variety special clothing, known as "adaptive clothing," that can help with most dressing challenges. Here's what you should know.

What is Adaptive Clothing?

Adaptive clothing is specially designed garments for people with mobility issues, disabilities and cognitive challenges who have a difficult time getting dressed. This type of clothing incorporates discreet design features to make dressing and

undressing easier, while still having the outward appearance of typical clothing.

Depending on your mom's needs, here are some of the many different types of adaptive clothing options that could help.

For self-dressing seniors who suffer from Parkinson's or other disabilities that affect dexterity, there are pants, shirts, dresses and outerwear made with Velcro or magnetic closures instead of buttons and zippers, which are much easier to fasten and unfasten. But be aware that magnetic closures are not suitable for those who have pacemakers.

For those who are disabled or who have limited range of motion and need assistance dressing, there are adaptive pants with zippers or snaps on both sides of the pants that are easier to pull on. And a wide range of rear closure shirts, tops and dresses with Velcro or snap fasteners in the back for those who can't raise their arms over their head.

For wheelchair users there are higher back and elastic waistband pants that don't slip down, as well as pants with fabric overlaps at the seat to allow for easier toileting access.

For people with tactile sensitivity, there are garments you can purchase that have soft and stretchy fabrics

without tags and are sewn with flat seams to help preventing chafing.

And for seniors with Alzheimer's disease there are one-piece jumpsuits that have a back-zipper access to prevent the wearer from disrobing inappropriately.

Where to Shop

Because each person's dressing needs and style is so specific, finding appropriate adaptive clothing can be difficult.

Recently, mainstream clothing stores like JCPenney (jcpenny.com), Target (target.com) and Tommy Hilfiger (usa.tommy.com) have started offering a line of adaptive clothing for adults that combines fashion and functionality, but their in-store options are limited. To get a bigger selection, visit the store's website and type in "adaptive clothing" in their search engine.

You can also find a large selection at online stores that specialize in adaptive clothing like Buck & Buck (buckandbuck.com) and Silverts (silverts.com). Both of these companies have been selling adaptive clothing for decades and offer a wide variety of garments to accommodate almost any need, condition or style, for independent self-dressers and for those who need help.

clothing sites you should visit include Joe & Bella (jo-eandbella.com), Ovidis (ovidis.com), and IZ Adaptive (izadaptive.com), which sells clothing primarily designed for wheelchair users.

And, if your mom is in need of adaptive footwear, Velcro fastening shoes (instead of shoelaces) have long been a popular option and can be found in most local shoe stores.

Some other new lines of adaptive shoes that may interest her include Kiziks (kizik.com) and Zeba (zebashoes.com), which make fashionable sneakers and comfortable walking shoes that just slip on, hands-free, along with Billy Footwear (billyfootwear.com) and Friendly Shoes (friendlyshoes.com), which makes uniquely designed zip-on shoes.

From the Roots Up

Last week or so has been wonderful gardening weather. We have had a few dry days between a few rains and moderate temperatures. It makes for a very comfortable time to work in the garden. I hope yours is growing well and you are satisfied with the progress.

Today I want to talk about growing cabbage. My cabbage is thriving. I have about 28 cabbages growing that I planted in a raised bed. Cole slaw made from a fresh green head of cabbage right from the garden is a summer treat at my house.

I hope to make sauerkraut this year, and I always freeze some sliced cabbage to put in beef vegetable soup in the winter or fry with Italian sausage.

In the past, I have struggled with something eating my cabbages. Last year they destroyed my cabbage. First came holes in the leaves, then more and more holes. I saw some caterpillars, so I tried picking them off. That didn't

work, so I put food-grade diatomaceous earth on my plants. That didn't work. I looked it up on the internet and tried sprinkling flour with cayenne on my plants.

That didn't work. Then the worms hatched, and I had white moths flying everywhere. My grandkids loved the white moths; they thought it was fun trying to catch them. I gave up, pulled my eaten cabbages, and fed them to the pigs.

This year when I saw the first holes in the leaves, I went to the local feed store and talked to the gardening expert there. I came home with a bottle of *Bacillus Thuringiensis*, commonly called BT. I put a tablespoon of the dark green liquid in a half-gallon of water, mixed well, and sprayed the stalk and both the top and bottom of the cabbage leaves. It's been two weeks now, and I have no more holes in my leaves. My cabbages are thriving.

So what is BT?
 Is it organic? My research

tells me it is an organic insecticide, and no health hazards have been linked to using it, according to the EPA. It is a natural non-pathogenic bacterium found naturally in the soil.

It is one of the safest natural pesticides and has been used for years by gardeners. It does not harm beneficial insects or bees. The cabbage worms eat the spray off the leaves, and it paralyzes their digestive system causing them to stop eating and die.

Spray the stalk and both the top and bottom of the leaves. It is best to spray early in the morning or evening when no rain is forecast. It is effective for 3 to 7 days. If it rains within 8 hours, you must reapply.

It takes several days to see the results. The directions say not to save the leftover mixture. It also says to reapply several weeks later as needed, not routinely, as immunity can build up. It can also be used on kale, broccoli, and cauliflower.

Haven of the Ozarks: Pets of the Week

Ben

Meet Ben (above), the Haven of the Ozarks Pet of the Week! He was brought to the Haven after being picked up by the Cassville Police Department. Ben is a calm,

gentle boy who would make a very loyal companion for any family. He is accustomed to leash walks and loves kids of all ages. Ben is also good with other dogs. He comes up to date on all his shots, neutered, and microchipped. He weighs 66lbs and is about 2 years old. Come meet at the Haven open 9-4 each day or call 417-835-3647 for more information to see if he's your new best friend!

Cove

Meet Cove (at right), the Haven of the Ozarks Pet of the Week! Cove is an extremely friendly, adorable, and happy five month old puppy. Her mother was a Great Pyrenees. Dad is thought to be an Anatolian Shepherd cross, but we're thinking we see some kind of a large terrier (maybe an

Airedale) in her mix. Whatever the breed, you won't find a nicer dog than Cove. She likes other pets and people of all ages. She'll make a great addition to any home! You can meet her at the Haven open 9-4 each day or call 417-835-3647 for more information.

Leave tree trimming to experts

Recent storms and spring growth have left a lot of trees in need of attention. Barry Electric Cooperative wants you to know that tree trimming is a job best left to experts, especially when they are located near power lines. In fact, the two leading causes of death while trimming trees come from falling and electrocution.

- Whenever you trim trees or do other yard work, remember these tips:**
- Wear safety glasses to protect your eyes from sawdust, pine needles and other debris.
 - When operating a trimmer or chainsaw, you'll need ear protection, shoes with slip-resistant soles, chaps and gauntlets.
 - If you use a ladder, tie it off to a secure location. Never go anywhere near a power line with a ladder, especially a metal one.
 - Be aware of anyone on the ground. It's best to have a spotter watch for people who might wander into your worksite.
 - Safety is our number one priority and we are trained experts in safely removing debris from around powerlines. If in doubt, call us!

On Friday, June 3, the fifth annual First on Front event was held on Front street in Downtown Monett at the Glen and Sharon Garrett Downtown Park. The live and local music started at 6 p.m. Four local bands entertained the packed crowds local. Doug Clifton, the lead singer of Route 3, one of the performing acts, lives in Purdy, MO, and his band just

signed a record deal.

Dawson Hollow also performed and are based in Lebanon. The Mark Chapman Band is based in Pierce City, MO, and the Dial Up band comes from Fayetteville, AR. There were also over 20 local restaurant trucks that attendants could purchase food from. 7brew was originally planning on being there also, however, due to a trailer issue, 7brew will now be at the

Monett First State Bank on June 17 from two to seven p.m.

The Monett Fire Department and Police Department were at the event, as well as the Cox Hospital from Monett in a first aid tent.

First on Front was sponsored by the employees from First State Bank as the festival's admission is free, according to Amanda Lee, COO/SVP of First State Bank of Purdy, and Event Coordinator for First on Front.

Event directors have stated that the event was inspired by First State Bank's love for all things local, and scheduled the First on Front event with the start of the Weekend in Barry County, to be followed by the Trout Fest the next day, Saturday, June 4.

RAYBURN RUSSELL HADDOCK

Rayburn Russell Haddock, age 86, of Jenkins, formerly of Exeter, passed away at his home on Tuesday, May 31, 2022. The son of Virgil and Frona (Carlin) Haddock, Rayburn was born on February 22, 1936, at home in Exeter. On June 17, 1956, he married the love of his life, Evelyn Brown, in Exeter, and they shared sixty-six memorable years. Rayburn worked for Barry Electric Cooperative in Cassville where he was always greeting his customers with his warm infectious smile and made many lasting friendships throughout the years until his retirement. Rayburn was a very loving man, with a heart of gold, who always put the needs of others before his own. He enjoyed fishing and gardening in his spare time and was also a guitarist who loved to play gospel bluegrass music. He

enjoyed studying the Bible and was a member of Calvary Baptist Church, of Exeter. Rayburn had a love for tractors, but his greatest love and the joy of his heart was always his family. Rayburn will be fondly remembered as the best dad and grandfather anyone could ask for, he will be missed greatly by all who were blessed to know him. Survivors include his loving wife, Evelyn Haddock, of Jenkins; two daughters, Teresa Akehurst, of Bella Vista, Arkansas, and Donna Allen and her husband, Gary, of Jenkins; five grandchildren, Dawn Akehurst, of Anderson, Amanda Burkheart and her husband, Sean, of Las Vegas, Nevada, Tracy Black and her husband, Jeff, of Bella Vista, Arkansas, Cody Ennis and his wife, Jordan, of Exeter, and Aaron Ennis and his wife, Carissa, of Cassville; thirteen great-grandchildren; one great-great-grandson; two brothers, Ralph Haddock, and Gerald Haddock and his wife, Alice, all of Exeter; one sister, Janet Pointer, of Exeter; and several nieces and nephews. In addition to his parents, Rayburn was preceded in death by one brother, Dennis (Butch) Haddock; one sister, Elinor Aldridge; and infant siblings; his brother-in-law,

OBITUARIES

Ronnie Pointer; and sister-in-law, Christine Haddock. A memorial service was held Saturday, June 4, 2022, at the Ridgley Baptist Church in Ridgley, with words of comfort spoken by Gary Allen. A private family burial will be held at Maplewood Cemetery in Exeter at a later date. Memorial contributions may be made in memory of Rayburn to the Alzheimer's Association and entrusted to the White Funeral Home, P.O. Box 890, Cassville, MO 65625. Service arrangements are under the direction of the White Funeral Home and Crematory, Cassville.

SHIRLEY "JOANN" BEESON
Shirley "Joann" Beeson, age 87, of Monett, passed away Monday, May 30, 2022, at her home. She was born in Butterfield on March 15, 1935, to Luther and Dorthy (Boyd) Roller. On August 1, 1953, she was united in marriage to Mitchell Beeson, who survives. Also surviving are two sons, Danny Beeson, of

Phoenix, Arizona, and Kenneth Beeson and his wife, Anna, of Monett; five grandchildren, Angela Jenkins, Ronald Beeson, Amanda Beeson, Jessica Beeson and Alyssa Beeson; thirteen great-grandchildren; two great-great-grandchildren; and numerous nieces and nephews. Preceding her in death were her parents; one son, David Beeson; two grandsons, Podie Beeson and Michael Beeson; one granddaughter, Kaylyn Beeson; three brothers, Dale Roller, Bill Horn and Rick Horn; and one sister, Barbara Stillwell. Joann grew up in this area and attended Cassville High School. After her marriage to Mitchell, they moved to Georgia while he was in the United States Army. They then moved to Kansas City where he attended electronics school. After his training was completed, they moved to California where Joann worked as a beautician for thirty years, living there for forty years before retiring and moving to Monett. She enjoyed sewing, especially quilting, and won best of show for an entry at the Ozark Empire Fair. She loved being a grandmother and she believed in God. Graveside services were held Monday, June 6, 2022, at Russell Cemetery in Butterfield under direction of Fohn Funeral Home in Cassville. Reverend Jerry Nickle conducted the services.

DORIS ESTELLE (MATTSON) MCNAMARA

Doris Estelle (Mattson) McNamara passed away on Wednesday, December 1, 2021, at Cassville Health and Rehabilitation in Cassville after a long battle with Alzheimer's and related health issues.

Doris was born in the Upper Peninsula of Michigan, in the town of Hancock, on Sept. 11, 1937. She was the only child of Bertha S. (Johnson) Mattson and Norman A. Mattson of Hancock, Mich.

Doris was preceded in death by her parents, Norman and Bertha; her stepfather, Paul King, of Kingsford, Mich.; her husband, James E. McNamara; daughter, Cheryl A. McNamara; and daughter, Catherine E. McNamara.

Doris was a full-time homemaker. She spent her childhood in the Calumet and Hancock area, amongst a tight knit Finnish community. She graduated from Hancock High School in 1955.

In October of 1957, she married James Edward McNamara. To this union was born 11 children: five girls and six boys.

Doris was known as having a quiet demeanor and a talented artist. She always seemed at peace when she

had a paint brush in her hand. She even painted folk art and scenery on the walls, floors, kitchen cabinets and the ceilings of their home!

Doris liked Big Band swing music, and enjoyed reading a variety of topics.

In 2017, Doris relocated to Missouri and was diagnosed with Alzheimer's Disease. Doris graced the Earth longer than her medical diagnoses had predicted before she succumbed to her illness on Dec. 1, 2021.

Doris is survived by her children, Audrey Brindle McNamara, of Maui, Hawaii, Diane (Frank) Hartnett, of Bangor, Maine, David McNamara, of Sturgeon Bay, Wis., Pamela (Patrick) Foland, of Aurora, Jeffrey McNamara, of Naples, Florida, Michael (Melissa) McNamara, of Kalamazoo, Mich., Steven N. McNamara, last known address in Tracy, Calif., Brian (Mandy) McNamara, of Wayland, Mich., and Robert McNamara, of Escanaba, Mich. Also by her grandchildren, Nathaniel (Mor Ben Heim) Hermundson, of Annaeim, Calif., Jordan Hermundson, of Seattle, Wash., Joshua (Ariel) Foland, of St. Louis, Kaitlan Foland, of Springfield, Frank Hartnett Jr., of Bangor, Maine, David (Lindsey) McNamara Jr., Sheena McNamara and Dillon McNamara, all of Sheboygan, Wis., Brandon McNamara and Kati McNamara, of Kalamazoo, Mich., Megan McNamara, Morgan McNamara, Moira McNamara, all of Naples, Florida, Alex McNamara, Grace McNamara, of Wayland, Mich., Samantha Yohr and Garrett Yohr, of Manawa, Wis., and Ethan Breitenbach, of New London, Wis., as well as several great-grandchildren.

OBITUARIES

Doris's ashes will be laid to rest next to her husband, James, at Holy Cross Cemetery in Escanaba, Mich., on Wednesday, June 15, 2022, at 1 p.m. All family and friends of Doris and the McNamara family are welcome to attend. A location for a light luncheon will be announced afterwards for family and friends to visit and share memories.

Anyone wishing to send cards or flowers may send those to attention of Robert McNamara at 513 S. 8th St, Escanaba, MI, 49829.

ROYLE GENE BROOKS
 Royle Gene Brooks, age 87, of Cassville, passed away on Saturday, June 4, 2022, at Mercy Hospital in Springfield. The son of Oscar and Vicky (Ennis) Brooks, Royle was born on March 19,

1935, in Lamar, Colorado. After attending schools in Lamar, Colorado and Oak Ridge School in Cassville, he married the love of his life, Lucille Faye Lester, on July 4, 1953, at the home of her parents in Cross Hollows; she preceded him in death on January 21, 2013.

Royle enjoyed farming and doing yardwork. He was a talented musician, playing the harmonica, guitar, dobro and singing. Royle loved going fishing in his spare time, but his greatest joy in life was his family. He was a good man who will be missed by all who knew and loved him.

Survivors include one son, Stan Brooks, of Cassville; one daughter, Linda Crumpler, of Cassville; eight grandchildren, Vanissa Yocum and her husband, Billy, of Cassville, Terissa Scott and her husband, Shawn, of Cassville, Chad Brooks and his wife, Gina, of Cassville, Jeffrey Crumpler, of Cassville, Boyce Crumpler and his wife, Jodi, of Cassville, Stephen Crumpler and his wife, Stephanie, of Exeter, Amber Brooks, of Pineville, and Kala Schroder, of Cassville; three step-grandchildren, Karla Zinkand and her husband, David, of Tennessee, Kenny Crumpler, of Texas, and Kevin Crumpler, of Washington; twenty-five great-grandchildren; eight great-great-grandchildren; seven step-great-great-grandchildren; and several nieces and nephews.

In addition to his parents and wife, Royle was preceded in death by one son, Gregory Brooks; five brothers; seven sisters; and son-in-law, Rex Crumpler.

Graveside services will be

held at 1:00 p.m. on Thursday, June 9, 2022, at Oak Ridge Cemetery in Cassville, with Pastor Brad Hudson officiating.

The family will receive friends from 11:00 a.m. to 12:30 p.m. at the White Funeral Home in Cassville.

Funeral arrangements are under the direction of the White Funeral Home and Crematory, Cassville.

Barry County Fair Dates

The Barry County Fair Board has announced the 2022 dates and exhibits, scheduling the evnet to be held on June 25, 2022, in Butterfield.

The Circle M Cattle Company donated the use of their barn this year for the fair, providing a spacious venue.

The Barry County Fair is a non-profit organization who work closely with the community and local schools to promote agriculture with the younger generation. Furthermore, the fair helps to get youth involved, but to also share agriculture with the public.

This year will mark the ninth consecutive year of the Barry County Fair. The fair is open to any youth ages 8 to 21, involved in 4H or FFA organizations exhibiting live-stock. Youth 7 years of age and younger are considered part of the pee-wee class.

Barry County youth who are eligible to sale in the Live-stock Premium Sale must reside in Barry County and have entries postmarked by May 25, 2022, to be eligible. Entry fees are \$20.00 per person.

Late entries will be taken but will be \$40.00. Fair location will be 11969 State Highway 37, Butterfield, MO. 65623.

Commercial booth space is also available for vendors this year at the fair and will have a \$10.00 fee. Please visit barrcountymofair.com, contact a local fair board member, email barrycounty-mofairboard@gmail.com or reach out to Barry County MO Fair on Facebook for more information.

Barry County Fair is excited to share agriculture with you.

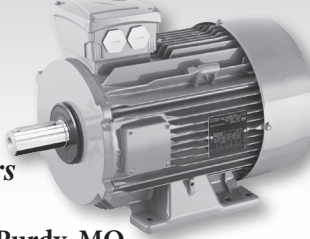

We appreciate our youth and our supporters.

Roaring River is in better shape now than it’s been a while. The dry fly-fishing is getting better. We have started to catch more fish on Elk hair Caddis, parachute Adams, blue wing olives, and Griffiths gnat’s have been pretty good. Beetles and ants are working very good right now, and probably will remain a great pattern until it cools down again in the fall. When using dry flies, it is best to use a 9 foot 6X or 7X leader. The water level at this time is 141 CFS, at 150 and down the fishing is generally pretty decent.

The water is clearing and you can see fish quite often. In some of the holes that slow down a little quicker you can see fish a little better. Fishing woolly buggers, pheasant tail nymph, sour bugs, and bur-laps have all been good.

We are still catching quite a good number of fish on San Juan worms egg patterns and on mega worms. Jig fishing is much better now black and yellow, white, olive green, and brown have all been good colors the past few weeks.

Jigs sizes right now that we are using a lot is 1/32 and one 16th. If you are fishing with an indicator, sometimes they’ll fish a jig smaller than 1/100, and this is very effective in some of the areas of the park.

Plastic worms in orange, yellow, pink, and white have all been very effective the past few weeks, I think as the water clears, the white and the orange will become even better.

Plastic salmon eggs are very effective right now. The fish oil, the shrimp, and the Hatchery Brown have been very good. Of course, the Hatchery Brown will work a little better when fishing around the Hatchery. With the excess food coming out of the hatchery, the fish will eat it readily.

Spinners are very good early in the morning we call them 30 minute wonders and that’s about how long they work if you fish a spinner longer fish it very slow and as deep as you can work it without losing it on the bottom you can’t catch fish all day on the spinner but the bite usually slows down after the first 30 minutes or so.

The water is clearing at 2 pound line will become very important in the next few weeks if we don’t get a bunch of rain for best results probably best not to go above 4 pound test right now and try to avoid lines that are very bright clear lines or lines with a little bit of brown or green in them dearly work better when the water is clear.

Good luck.
