Cecil Clayton executed for killing Barry County Sheriff's Deputy

Clayton

Charlea Mills

Cecil Clayton, the Barry County man convicted of killing Barry County Sheriff's Deputy Christopher Castetter in 1996, was executed by lethal injection last night at 9:13 p.m. at the Eastern Reception, Diagnostic and Correctional Center

in Bonne Terre. His death was pronounced at 9:21 p.m.

Clayton, 74, was the state's oldest death row inmate, and his attorneys argued up to the last-minute through appeals that the dementia and brain damage he suffered from a saw mill accident made him mentally unfit to be put to death. The case has drawn national attention.

However, both the U.S. Supreme Court and Missouri Supreme Court denied his stay of execution. Missouri decided on Saturday with a 4-3 vote and the U.S. Supreme Court vote was 5-4 late Tuesday. In a statement released by the Department of Corrections, "Justice Ginsburg, Justice Breyer, Justice Sotomayor and Justice Kagan would grant the applica-

tion for stay of execution." On Tuesday, a representative for Governor Jay Nixon stated that Nixon had denied the request, as well.

Clayton was convicted of the crime in which he shot Deputy Castetter in the head before he could exit his patrol car while responding to a call of a violent argument that prompted Clayton to arrive at his former girlfriend's parents' house with a loaded gun. Castetter left behind a wife and three girls.

In a statement released by Governor Nixon's office on Tuesday, he said, "My office has completed its review of the petition for clemency from convicted murderer Cecil L. Clayton, and after due consideration of the petition and of

the facts in this case, I am denying his petition.

"In addition to considering the nature of the crime, I have given extensive consideration to Clayton's competency. Clayton was found competent to stand trial in 1997 for the murder of Deputy Castetter and again in 2006 to bring his federal habeas action. In 2014, at the request of the Director of the Department of Corrections, Clayton was comprehensively examined by a certified forensic examiner with the Department of Mental Health and determined to be competent to be executed. I accept that finding."

During the briefing for reporters, Castetter's brother, James Castetter, read the following statement:

"I wish I knew all the names and agencies to personally say 'thank-you' and give my family's gratitude that is so well deserved for all the professional endless hours of work that was put into this case to convict Cecil Clayton for the senseless murder of our brother, Barry County Deputy Sheriff Christopher Lee Castetter. We know this execution isn't going to bring Chris back, but it destroys an evil person that would otherwise be walking this earth.

"There has been so much talk about the mental capacity of Cecil, but just him going to Martin Cole and wanting him to say he was with him all evening, telling Martin that he just

Abramovitz resigns as Athletic Director

Abramovitz

Rachael Freeman

Cassville School District Athletic Director Ben Abramovitz announced his resignation at Thursday night's School Board meeting. His resignation will go into effect at the conclusion of the 2014-2015 school year.

Abramovitz accepted the Athletic Director position last year after David Large left the school district, taking a job at Branson Schools.

Abramovitz was also the head softball coach for Cassville Schools for the past six seasons.

During his time with Cassville Schools, Abramovitz has been the assistant middle school principal, elementary physical education teacher and has assisted with the girls high school basketball team.

According to Cassville R-IV Superintendent Richard Asbill, the district is actively seeking Abramovitz's replacement. The new athletic director will be expected to start with the school district as early as July 1.

Cadillac crashes into Westco storefront

Charlea Mills

A car crashed into Cassville's Westco on Thursday morning after the accelerator supposedly got stuck, causing significant damage to the storefront and some of the furniture inside. The huge crash garnered a lot of attention from people who were around the Cassville square that morning, with many outside looking on shortly after the wreck.

The car, a 1985 Cadillac Fleetwood, driven by Wallace H. Adams, 89, of Cassville, was parking in front of Westco, according to Lt. Danny Boyd with the Cassville Police Department, when it accelerated and crashed through the front of the building around 9 a.m. Boyd said that no charges were filed in the incident, nor were there any reported injuries.

According to store manager Mark Whittemire, there were four people in the store at the time of the incident: himself, employee Sandy Baker

and delivery personnel Karl Brant and Jason Rayburn. Whittemire said, "It sounded like a bomb went off. It was very loud inside the building." He also said that all of the employees were back at the desk,

out of harm's way when the car crashed.

Whittemire said that he and Brant were the first to reach the car once it stopped. He said, "The driver was still in the car and accelerating. I

don't know if it was stuck or if he had his foot on it, thinking it was the brake, but the back wheels were still spinning and it hit very fast.

Casas enters plea bargain for child pornography charges

Charlea Mills

Cassville man Matthew Paul Casas recently pled guilty in Federal Court, accepting a plea bargain on child pornography charges stemming from an April 1, 2014, indictment.

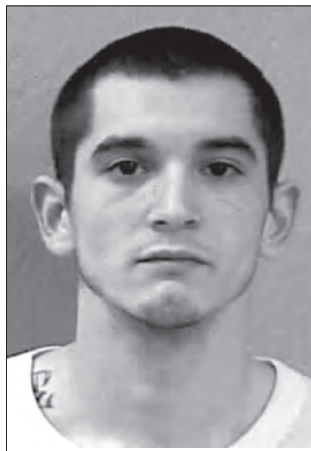

Casas, 26, of Cassville, was initially charged with three different counts related to child pornography and was formally indicted on July 22, 2014. Since then, Casas has changed his plea from not guilty to guilty in exchange for one of the charges related to sexual

exploitation of a minor being dropped. Casas signed a plea bargain on two of the counts of the superseding indictment on February 5 for distribution of child pornography and possession of child pornography.

For the distribution charge, Casas faces no less than five years imprisonment and up to 20 years imprisonment, a \$250,000 fine, no less than five years or lifetime supervised release, and a \$100 mandatory special assessment per felony count of conviction

that must be paid in full at the time of sentencing. For the possession charge, the Court may impose no more than 10 years imprisonment, a \$250,000 fine, no less than five years or lifetime supervised release, and a \$100 mandatory special assessment per felony count of conviction which must be paid in full at the time of sentencing.

According to the plea bargain, Casas pled guilty to the two charges in exchange for the government

Major sidewalk improvements slated for Cassville's Main Street

A worker with MoDOT pushed a wheelchair up and down the sidewalks along Main Street to help finalize the plans for the new sidewalks slated for April 2016.

Charlea Mills

Main Street in Cassville will get a major improvement thanks to a project initiated by the Missouri Department of Transportation (MoDOT). The sidewalks on Main Street from 5th Street to 17th Street will be improved to be Americans with Disabilities Act (ADA) compliant.

The project is tentatively slated to begin in April 2016, but according to Cassville Public Works Director Steve Walensky,

"That really is a guess, because they haven't finished the plans yet."

However, employees with MoDOT were out working on the project by pushing a wheelchair up and down the sidewalks and taking notes and measurements on Monday and Tuesday this week. By the end of the project, a multitude of guidelines will be met that will make the sidewalks safe and easily accessible for persons with disabilities. Everything from

the surface of the sidewalk to the curbs, ramps and drainage systems have to meet certain criteria.

Walensky said, "[MoDOT] said they have had this on the books for a long time with the Southwest District in Springfield." That district will be the ones completing the overhaul.

The sidewalk improvements will not cost the city anything, but instead there was a maintenance agreement established for when the project is complete. Once the project is done, the City of Cassville will maintain the sidewalks as part of the established agreement with the Missouri Highways and Transportation Commission. The City Council voted unanimously to accept the agreement at their regular meeting on Monday, March 9. Walensky said, "Maintenance costs are going to be minimal, if any, for a long time."

One issue that could have cropped up with the improvements were the sidewalks at the Cassville High School where graduated senior classes have their names stamped into the concrete. However, Walensky said, "I confirmed that the graduates names won't be disturbed. They've assured me of that."

Cassville man arrested for pulling a gun at Jump Stop

Charlea Mills

One man is in jail after allegedly pulling a gun on a couple at Jump Stop in Cassville. Jeffery Crumpler, 38, of Cassville, is currently being held in the Barry County Jail on a \$100,000 cash-only bond for class B felony assault in the first degree.

According to the affidavit of probable cause written by Sgt. Donald Privett with the Cassville Police Department, Officer Fohn had a report that a white male had pulled a gun on two people in the parking lot of Jump Stop on Main Street and threatened to shoot them on March 8 around 5:28 p.m.

The male victim said that Crumpler waved the gun, which he believed to be a .45, around and threatened to shoot him unless he kept his mouth shut. The probable cause referenced that Crumpler believed that the male victim was talking badly about

Crumpler

one of his "people." Crumpler allegedly pointed the gun at the male and his girlfriend.

The two victims were interviewed the next day, and a warrant for Crumpler's arrest was issued on March 11. Officers with the Barry County Sheriff's Department arrested Crumpler on March 15.

RRSP Ranger Jabben State Employee of the Month

Charlea Mills

After being named the Missouri Department of Natural Resources (DNR) Employee of the Month for February, Roaring River State Park Ranger Steve Jabben was awarded the March Employee of the Month for the entire state.

Jabben's nomination stemmed from an incident on November 16, 2014, when a car crashed on Highway 112 south of the park. When he arrived, two men were trying to pull a man from the passenger side of a truck that was on fire. He heard what sounded like a rifle shot and was told that the truck contained ammunition.

According to the DNR Employee of the Month recognition, "Jabben, without regard for his own safety, grabbed the victim away from the burning truck to an apparent safe distance." He and a bystander moved him again when more ammunition began to detonate.

While Jabben tended to the man by covering him with a warm blanket and ensuring that he could breathe, he also instructed MoDOT and the Seligman Fire Department personnel to shut down the highway to prevent another accident on the blind curve where the truck had crashed.

When Jabben was nominated for the DNR award for February, Capt. David Snyder, the Region Captain, who joined Sgt. Dustin Young, Jabben's immediate supervisor, in the nomination said, "Ranger Jabben's leadership, courage and quick response during this stressful situation was outstanding."

"Ranger Jabben takes a great amount of pride and determination to always go above what is expected of him in his normal duties," said Young.

"He could very well have saved lives of not only the driver, but unsuspecting motorists who drove up on that blind curve after the wreck. Putting the victim's well-be-

Jabben

ing before his own is a true testament to his commitment to the citizens he serves," said Snyder. "He brings that same work ethic to the park every day, looking to protect and serve."

Jabben's acts also garnered the attention of the Missouri Office of Administration who chooses a state-wide employee of the month from nominations from all 22 state departments. According to the office, "The purpose of the State Employee of the Month Program is to recognize individual contributions of a Missouri State employee who has provided outstanding service for the citizens of Missouri."

Jabben said, "I was very surprised when I found out I was nominated by my Captain David Snyder, for Department of Natural Resources Employee of the Month for February and got that. I was even more surprised I was nominated for State Employee of the Month by the Director of Natural Resources, Sara Parker Pauley."

When asked if he felt he went above and beyond the call of duty, Jabben replied, "No, I do not. Incidents like these are part of the job."

Jabben resides in rural Cassville with his wife, Carrie. He has lived in Barry County since 1999 and has worked in law enforcement since he graduated from the academy at Missouri Southern State University in 2001. He was hired as the Park Ranger on March 17, 2014, after serving as a Barry County Sheriff's Deputy.

dismissing the first count of the superseding indictment and avoiding a trial because of the "impact a trial could have upon his family members." The plea bargain states that they agreed to not less than 15 years and not more than 25 years imprisonment for the guilty plea.

The plea bargain also states that the agreement of 15 to 25 years is advisory in nature, so it does not guarantee that those parameters will be met. The plea bargain was filed with District Judge M. Douglas Harpool, but the case was transferred to District Judge Stephen Bough for sentencing. A sentencing hearing date has yet to be set.

The case was prosecuted by the United States Attorney's Office for the Western District of Missouri by U.S. Attorney Tammy Dickinson and Assistant U.S. Attorney Abram McGull II. Casas was represented by Assistant Federal Public Defender Ann Koszuth.

Former Southwest Missouri Cyber Crime Task Force (SMCCTF) Special Agent Brian Martin originally investigated the case when he was contacted about a rented smart televi-

sion that contained stored images of child pornography. According to Martin's report, the television was rented by Casas from May 2, 2013, through May 20, 2013, from Aaron Rentals in Monett. The Monett Police Department then received a report from the rental establishment that the person who rented the tv after Casas had returned it because of the inappropriate images stored on the tv. The case was passed on to Martin on December 19, 2013.

During Martin's investigation, he found that the images had been created by a Kodak Easy Share camera and depicted an adult male performing sexual acts on a female child no more than 12- to 18-months old. It didn't appear that those images had been obtained from the internet, according to Martin.

Then, on February 14, 2014, Martin received a tip from the National Center for Missing and Exploited Children (NCMEC) that a person had created Facebook accounts and was posting child pornography. On February 21, 2014, the NCMEC submitted another Cybertip related to someone posting 130 images of

child pornography on a Flickr social media account that had been established on January 17, 2014. The IP address was a Mediacom account that assigned to Casas under the name Michael Crum at his residence on 11th Street in Cassville where he resided with his father, Henry Casas, a convicted sex offender.

A search warrant was issued on February 26, 2014, and the SMCCTF, the Barry County Sheriff's Office and the Cassville Police Department executed the warrant on February 28. During an interview, Casas admitted to posting images online from an SD card that he had

received from a co-worker at Justin Boot.

As part of that investigation, Casas' wife had stated that she left him partially due to the child pornography on his phone. According to her statement, he informed her that he was selling it. He had also been violent toward her in the past and had threatened to harm her and other family members. Casas' father had also confronted him regarding the pornography issue, encouraging him to get help.

Casas also had previous arrests for assault and endangering the welfare of a child.

ETHEL COLENE LANDER

Ethel Colene Lander, 87, of Viola, passed away Sunday, March 15, 2015 at Mercy Hospital, Springfield.

She was born April 4, 1927, in Sayre, Okla., the daughter of Elmer Elsworth and Lucille Bell (Chambers) Hall. On May 27, 1949, she was united in marriage with Dale Eugene Lander in Tracy, California.

She is survived by one daughter, Cherryl Farwell and her husband, Marshall, of Eagle Rock; two sons, Richard Lander and his wife, Kathy, of Republic, and Roger Lander and his wife, Becky, of Birmingham, Ala.; five grandchildren; twelve great-grandchildren; two brothers and one sister.

Ethel was preceded in death by her parents; husband; one son Robert Lander and one grandson Mark Lander.

She graduated from high school in Calipatria, Calif., in 1945. After high school she moved to Tracy, Calif., where she worked for the railroad and then a law firm.

After marriage and three children, they decided to move back to the family farm, located south of Viola, down Highway H, in September of 1956, later welcoming their fourth child to the family. Her husband worked the farm and later became a building contractor.

She was a mother, did bookkeeping for the building business, and took care of a large garden.

She was active in the Viola Baptist Church. She enjoyed family get-togethers with her children and grandchildren, loved to read and do cross-word puzzles.

Graveside services were held Tuesday, March 17, 2015, in McCullough Cemetery, Viola, under direction of Fohn Funeral Home, Shell Knob. Ethel's grandson Matthew Lander conducted the service.

Four arrested in Washburn meth lab bust

Hufford

Brown

Chesner

George

Charlea Mills

Four were arrested last week during a methamphetamine lab bust in Washburn. Officers with the Barry County Sheriff's Department and the Southwest Missouri Drug Task Force investigated the crime on Old Wire Road in Washburn.

According to the affidavit of probable cause, on March 10, law enforcement went to the Washburn residence with a search warrant. Officers were outside the home for three hours while the suspects refused to come out. Five suspects were found at the residence and four were brought up on charges of manufacturing a controlled substance.

Bradley M. Hufford, Jr., 35, of Seligman; Jeremiah Brown, 31, of Bella Vista, Ark.; Samantha Chesner, 19, of Bentonville, Ark.; and Jessica M. George, 25, of Seligman; were each charged with manufacturing a controlled substance

and each were booked into the Barry County Jail on \$25,000 bonds.

At the scene, officers found multiple precursors to make methamphetamine, including pseudoephedrine, lithium batteries, lye, lighter fluid and more. There were also multiple lab components with granular substance and residue left on them. In a black Pontiac at the residence, officers found syringes with clear liquid in them.

During the investigation, another female suspect, Brandi Lakey, who has not been formally charged, became combative and attacked one of the detectives. On her person, officers found three meth pipes, a white pill and three syringes. The suspect showed signs of drug overdose and admitted to officers that she took everything she had, including morphine, so that she wouldn't be charged with

possession.

Lakey was taken to the Cassville hospital before being transferred to a Springfield hospital. Barry County Sheriff Mick Epperly confirmed that Lakey

should be facing charges, as well. He stated, "She wasn't fit for confinement, but we are working on a probable cause and will hopefully have a warrant soon."

Purdy FCCLA to host senior citizen appreciation luncheon

The Purdy Family, Community and Career Leaders of America (FCCLA) would like to invite all senior citizens in the Purdy School District to the Seventh Annual Senior Citizens Appreciation Luncheon.

The luncheon will be held on April 12 in the school cafeteria. The event will begin at 1:00 p.m. Parking will be available on the east side of the campus, by the cafeteria.

FCCLA members are working hard to design a

special program and menu, including entertainment, for their honored guests. The luncheon menu includes baked chicken and ham, au gratin potatoes, vegetables, hot rolls, dessert and drinks. Special door prizes will be awarded during the event.

Senior citizens who plan on attending the event should RSVP with Marsha Williams at (417) 442-3215, ext. 4. Reservations will be accepted until April 3.

shot a cop and then, when seeing two police officers, asking if he should shoot them, too.

“There is no doubt in my mind that Cecil knew what he had done as he went to Mr. Cole for help. I know there is more that was said, but this, in my mind, is an easy determination of Cecil’s mental capacity/abilities to know that he had done something wrong and went for help to hopefully keep him out of trouble.

“The great State of Missouri did not kill an innocent man, Cecil Clayton’s actions are what put him to death.

“The entire Barry County Sheriff’s Department and the

EXECUTION from FRONT

City of Cassville has been overwhelmingly supportive over the years since Chris was killed. Rep. David Sater, Cassville, was very instrumental in getting Hwy. 112 named in honor of Chris. Deputy Christopher Lee Castetter Memorial Highway.

“Chris has a niece that has his middle name, Kyra Lee Castetter, and yes, she has some of the same traits that Chris had. I look at my daughter and, at times, it is as though I’m talking to Chris, by the looks and answers I get, so much resemblance.

“I/we are leaving this with happy memories of my/our brother. Chris’s memory will

always be kept alive. I know our parents feel the same. Chris loved being able to help and protect the community, he left a beach town to be with the friendly, hospitable country people of Cassville, Missouri. Chris left us being the proud, badge wearing, brother, son, uncle, friend and Deputy of the Barry County Sheriff’s Department.

“We are proud of you Chris, your family.

“Again, thank-you all and God bless you and your families.

“Best wishes, family of Deputy Christopher Lee Castetter

“Last note: I want to say thank-you to Carol Angelbeck, as she has helped me in so many ways during this process. Carol is a God-sent angel from above, and I now know why her last name is Angelbeck. God bless you and your family.”

Gov. Nixon also said, “This crime was brutal and there exists no question of Clayton’s guilt. My denial of clemency upholds the court’s decision to impose a sentence of death.”

Nixon concluded, “I ask that the people of Missouri remember Deputy Sheriff Christopher Castetter and keep his family in their thoughts and prayers.”

Man caught for sexual misconduct warrant

Charlea Mills

A man wanted for alleged sexual misconduct in Barry County is behind bars this week. Harry Samuel Wilson, 31, of Rockaway Beach, was arrested after a warrant was issued for his arrest on December 31.

According to the affidavit of probable cause written by Officer Terry Meek with the Barry County Sheriff’s Department, Wilson committed sexual misconduct with a child when he exposed himself to a 13-year-old girl in Cape Fair on the Barry County side in July 2014. Wilson allegedly went into the girl’s room while he thought she was asleep and climbed into her bed to expose himself. Officers could not interview Wilson at the time because his whereabouts were unknown.

Wilson was booked into the Barry County Jail on March 16 and is currently being held in lieu of a \$20,000 cash-only bond.

CRASH from FRONT

"Karl reached the car first and opened the passenger door and turned the key off."

The Cassville Fire Department assisted the police at the scene, and the Cadillac, which ended up completely inside the store, was towed out by Brice's Towing, of Cassville.

Whitemire said that they estimate the damage to be around \$22,000 including the furniture, window, building and carpet. Currently, the front of the store is boarded up, and a 30 foot by 45 foot section of the store is roped off to keep people away from the affected area.

Whitemire said, "We are still waiting on approval from the insurance company before repairs are made."

The store never closed due to the incident as the entrance was not affected.

Ambulance tax question forums

The Southwest Barry County Ambulance District is scheduling forums for Barry County voters to ask questions about the proposed tax rollback and implementation of a half-cent sales tax on the April ballot.

The Cassville Branch Library will host the event on Monday, March 23, at 7 p.m.

The Central Crossing Senior Center will have a lunch centered around the event on Wednesday, March 25, beginning at 11:30 a.m.

Board Members for the Ambulance District, will talk about the history of the tax supported ambulance district, its current funding source, along with its anticipated funding shortfalls.

They will also discuss the proposed half-cent sales tax that would replace the current funding of the district and will be available to answer questions you may have.

Washburn sewer test

The City of Washburn is conducting a smoke test of their sewer system form March 23 through 27.

The smoke is non-toxic, non-staining, has no odor, and creates no fire hazards. The smoke should not enter your home unless you have defective plumbing or dried up drain traps.

If there is any individual in your home or business who has respiratory problems and is immobile, please notify City Hall at (417) 846-3203 or (417) 846-5242.

For more information, notices are available at City Hall.

BARRY COUNTY SHERIFF'S MOST WANTED

The Most Wanted column is a partnership between the Barry County Advertiser and the Barry County Sheriff's Department. Sheriff Mick Epperly urges anyone with information about any of the individuals to contact the department at (417) 847-6556 during the daytime hours or (417) 847-3121 after hours. A full list of Barry County's Most Wanted is available on the Barry County Sheriff's website at: <http://www.barrycountysheriff.com/wanted.php>.

Carl Barnes

Carl Barnes, 40, of Aurora, is wanted for forgery.

Sarah S. Moudy

Sarah S. Moudy, 37, of Wentworth, is wanted for possession of a controlled substance. She is 5'5" and 130 pounds.

CHS Alumni Banquet May 23

The Cassville High School Alumni Association will hold its annual Alumni Banquet on Saturday, May 23, at 6 p.m. Kay Baker, current Alumni Association president, encourages all CHS

Alumni to mark this date on their calendar and make plans to attend. Any classes hosting reunions in conjunction with the banquet are asked to contact Baker at (417) 847-4219.

Dear Editor,

I was recently shocked to learn that six Cassville School board members do not have children in our school system. How is that possible? Where are our parents?

I have a hard time understanding how someone who attends a meeting once a month can have the slightest clue about what's going on in our schools. When my children come home, I hear about what went on in school that day. They talk about how much they dislike AR reading, what they ate for lunch, and which teachers were absent while we're sitting at the dinner table. School is their life, so it becomes my life. Wouldn't it make sense that a parent who is involved with their students' day to day lives

TIM'S TROUT TIPS

The water is still up a foot over normal with a good flow and is still a bit murky and will remain so for a few more days unless we get more rain. Fishing was pretty good this weekend. Bigger jigs, heavier flies, glo balls, and San Juan worms did very well. I fished with a #8 olive bead headed woolybugger and did very well and landed eight and caught three more on a white Mega Worm. I used a 5X fluorocarbon tippet and a 9 foot leader was my total length.

Several people were catching very well around me using roostertails. One guy was doing very well on a gold spoon. The upper end looks a bit better than the lower end, and the plastic worm fisherman were doing well and saw a lot of fish being caught on a yellow worm.

I saw a couple of guys in the upper hole up by the hatchery fishing small micro-type jigs. They were catching fish nearly every cast at least for the 15 minutes I watched them fish. Most people were using 1/32nd ounce and heavier jigs this weekend.

Orange power eggs, and yellow power eggs have been good all week, white is very good also, and some are still catching trout on the big gulp worms in brown.

With the water being murky, 4 or 3 pound line is fine. We will go back to mostly 2 pound line when the water clears. Good luck on the river this week.

Southwest’s Mulkey named to National Scholars

Mulkey

The National Society of High School Scholars (NSHSS) announced that Southwest High School student John Z. Mulkey, from Washburn, has been selected to become a member of the esteemed organization. The Society recognizes top scholars who have demonstrated outstanding leadership, scholarship and community commitment. The announcement was made by NSHSS Founder and Chairman Claes Nobel, a senior member of the family that established the Nobel Prizes.

“On behalf of NSHSS, I am honored to recognize the hard work, sacrifice and commitment that John has demonstrated to achieve this exceptional level of academic excellence,” said Nobel. “John is now a member of a unique community of scholars, a community that represents our very best

hope for the future.”
“Our vision is to build a dynamic international organization that connects members with meaningful content, resources, and opportunities,” stated NSHSS President James W. Lewis. “We aim to help students like John build on their academic successes and enhance the skills and desires to have a positive impact on the global community.”

Membership in NSHSS entitles qualified students to enjoy a wide variety of benefits, including scholarship opportunities, academic competitions, free events, member-only resources, publications, participation in programs offered by educational partners, personalized recognition items and publicity honors.

Formed in 2002, the National Society of High School Scholars recognizes academic excellence at the high school level and encourages members of the organization to apply their unique talents, vision, and potential for the betterment of themselves and the world. Currently there are more than one million Society members in over 160 countries. NSHSS provides scholarship opportunities for deserving young people. For more information about NSHSS visit www.nshss.org.

Purdy’s kindergarten parent night

The Purdy Elementary kindergarten staff will host an open house for next year’s kindergarten families on Wednesday, March 25, from 3:45 p.m. to 5:00 p.m.

Attendees should check in for the event at the elementa-ry office. Parents should bring their children’s immuniza-tion records, birth certificates, proof of residency (utility bill, rental agreement, etc.) and any applicable court-issued custody documents.

Parents and their children will meet the kindergarten teachers, tour the kindergar-ten classrooms and complete enrollment paperwork. Par-ents of children not currently attending Purdy Preschool will also have the opportu-nity to make a screening ap-pointment. Screenings will be held on Thursday, April 9, and Friday, April 10, during the school day by appoint-ment only. Current Purdy preschool students will not be screened.

Call the elementary office at (417) 442-3216 ext. 1 for more information.

BC Retired School Personnel meeting

★ ★ REAL ESTATE AUCTION ★ ★
MONDAY, MARCH 30th, 2015 • 10 AM
LOCATION: SHELL KNOB, MO. (21086 St. Hwy. 39). Located at the Jct. of Hwy. 39 & 76.
★ ★ ★ NOTE THE DATE AND TIME!!! ★ ★ ★

REAL ESTATE: Commercial Property, fantastic location on busy. Hwy. 39 at the corner of Branson thoroughfare E 76 Hwy. 4 plus acre with large buildings and level parking. **Building #1:** 7000 sq ft plus, all on one level with 3 heat pumps, 2 overhead doors and a restroom. Currently houses an antique mall with booths in place. **Building #2:** 24x60 metal building with 16' side walls, concrete floor, insulated, lg overhead door on both ends and walk out door. Great shop!!! **Building #3:** 23x60 pole shed, great for farmers market, landscape shed, etc. or enclose it and use it for boat storage. Also a double carport with concrete floor.

NOTE: We will be selling this fantastic commercial property on Monday, March 30th at 10:00 AM. Located at the Jct. of 39 & 76. If you or someone you know is looking for investment property, here it is. We will offer this property way below its value per the seller. The main building could have many uses. Leave it an Antique Mall, subdivide it and have many office spaces, steak house, construction offices, boat storage, or turn it into a unique residential property. It also wold make a great landscaping area. The **2nd building** would make a nice mechanic shop w/16' side walls. Court house records show a total of 4.36 acres. Level parking with room to store most anything. This one is a must attend if you have money on CD's making less than 1% return. Invest in Real Estate. Here it is!! **We will let the bidders open the bid where they choose.** Come join in on the excitement. See what this property sells for. See you Monday, March 30th at 10:00 AM.

TERMS: Cash or good check w/2 forms of current ID. Qualified buyers only with pre-approved bank letter of confirmation. Nonrefundable 10% paid day of auction with balance due in cash or certified funds within 30 days or less. Buyers and sellers will be responsible for their own portion of closing costs. Taxes will be prorated to date of close. Sells as is where is with no warranties or guarantees. Bidders, buyers or agent of the buyer is responsible for conducting own inspection of property prior to auction date and should rely solely upon their own due diligence and inspection. Possession 30 days from close. A 10% buyer's premium will apply. Sells with owner confirmation. Any announcements made day of auction supersede any and all printed material.

SOUTHWEST SCHOOL BOARD MEETING HIGHLIGHTS

As part of their continued efforts in keeping patrons informed, the Southwest R-V School Administration provides monthly information concerning Board Meetings.

A recap of the March 12 Regular Meeting is as follows:

The Board convened for its meeting at 6:30 p.m., holding a hearing on the 2015-2016 school calendar. Superintendent Bob Walker provided a proposal that would set August 10 as the first day of school. The proposed last day of school would be May 13. Similar to this year, staff professional development will take place during eight full days throughout the year. Following Superintendent Walker's presentation, the Board entertained any public comments.

The Board approved the consent items which included accepting the resignations of kindergarten teacher Laura Larson, elementary counselor Deborah Toler, and high school cheer coach Stacy Hopper. Hopper will continue as high school counselor. New hires included Nancy Givens to the middle school/high school art position and April Boyles as middle school special education. Approved reassignments were Angela Long to the elementary counselor position and high school social studies teacher Jillayne Chancellor will fill the middle school counselor's position vacated by Long. In addition, Kayle Leonhardt will assume the responsibilities of high school cheer coach.

There was no old business to address.

New business items included the approval the 2015-2016 school calendar as presented during the earlier hearing.

Under Administrative and Program Evaluations, the Board reviewed the district Health Services Program Report submitted by Gayla Treadwell. Also reviewed were the monthly maintenance and administrative reports. Walker informed the Board that the new preschool facility was completed to the point that classes would be held at this location beginning March 16.

The Board was in executive session for two hours and twenty-two minutes discussing various personnel items.

The next regular meeting is scheduled for April 16 at 7 p.m. in the high school library.

Cassville Library events

- The Cassville Branch Library will have Technology Thursday on March 19 at 6 p.m. to answer question about your e-reader, smart phone or tablet.

- The Penguins of Madagascar, rated PG, will be shown at the library on Friday, March 20, at 4 p.m.

- Test your knowledge at Trivia Thursday on March 26 at 6 p.m.

- Read Across America contests are being held during March to celebrate the birthday of Dr. Seuss.

- Donations of hygiene items for the Community Food Pantry are accepted all month at the library.

- The library is holding a pickle contest. Go in for details.

Eagle Rock Library events

- The Eagle Rock Library is joining with the Eagle Rock Lego Club to celebrate a double birthday of the Lego Club and Dr. Seuss on Saturday, March 21, at 10 a.m. in the Community Center behind the library. There will be a special visitor and Seuss-inspired treats.

- The Easter Bunny will be making a stop at the Eagle Rock Library on Saturday, March 28. The eggs will be ready to find at 11 a.m.

Cameras are welcome at both events. For more information, call (417) 271-1386.

Hospice Compassus earns Distinction Award

The Hospice Compassus program serving the Tri-Lakes area was recently awarded the Program of Distinction Award at Hospice Compassus' annual Pillars of Excellence awards ceremony. The local program received high national honors by achieving levels of unsurpassed performance in the areas of quality, service, and expanded access to hospice care for those who qualify for it.

The Tri-Lakes program, which serves Branson and Monett, ranked third overall in the nation in achieving the highest aggregate score in all six Pillars of Success categories, including regulatory compliance, colleagues and culture, quality care, service excellence, expanding access to services and fiscal responsibility.

"Our program continuously strives to meet the medical, emotional and spiritual needs

of patients and their families through the delivery of superior quality hospice care," said Dr. Mark Costley, Medical Director for Hospice Compassus – Monett. "This award is a credit to the exceptional leadership of our Director of Clinical Services, Amanda Cooper, RN, and the tireless efforts of our entire local team to set the bar ever higher when it comes to treating hospice patients with exceptional care and compassion."

Hospice Compassus established the Pillars of Success to give the company's programs a common service vision based on measurable goals that continually lead to improving the quality of care for hospice patients.

"As one of the largest hospice providers in the U.S., Hospice Compassus is setting a standard of excellence not only for our sister programs but for

all other hospice providers throughout the country," said Janet Gard, Executive Director of the Hospice Compassus Tri-Lakes program. "We are proud of the positive impact each of our team members has every day on the lives of patients and their families."

In 2012, Hospice Compassus became the first hospice provider in the U.S. to publicly reveal patient quality data, setting the standard by which all U.S. hospice providers are measured. The data shows sig-

nificant achievements toward establishing and continuing to raise industry benchmarks after more than a year of reporting quality data at more than 50 community-based programs nationwide.

Hospice Compassus will continue to carry out its national quality initiative until 100 percent compliance is achieved through continuous action in the Casa Grande area and each of its community-based hospice programs across the U.S.

Cassville FCCLA visits capitol for Legislative Day

Members of Cassville FCCLA visited the State Capitol as a part of the Missouri Association for Career and Technical Education Legislative Day on February 11. Senior Rachel Koperski and freshman Laura Stringer, visited with Representative Scott Fitzpatrick and Senator David Sater about the important role of Career and Technical Education and Career and Technical Student Organizations in today's school system. Rachel and Laura were both able to share their recent FCCLA STAR Event projects that had received a gold medal at the regional level.

Laura Stringer said, "The best part of this experience was getting to see our Capitol and how it operates daily. I had no idea how pretty the inside was; the artwork and murals were beautiful. We were able to go all the way to the top and look out over the city, that was amazing."

Rachel Koperski said, "I am currently taking government, so it was pretty incredible to be there and see it in action. Representative Fitzpatrick took time to give us a tour and explain the roles of both the House and the Senate and the process of making Missouri law. He made our visit to the Capitol very special and memorable."

Cassville FCCLA students were accompanied by Mrs. Ann Ellis, Cassville Middle School Family and Consumer Sciences teacher, and Mrs. Samantha Cosper, Cassville High School Family and Consumer Sciences teacher. Cassville R-IV currently offers Career and Technical Education courses in Agriculture, Business

Pictured above, from left to right are: Mrs. Ann Ellis, CMS Family and Consumer Sciences Teacher; Rachel Koperski, CHS senior; student Laura Stringer, CHS freshman student; Mrs. Samantha Cosper, CHS Family and Consumer Sciences Teacher; and Representative Scott Fitzpatrick.

and Technology, Family and Consumer Sciences, and Industrial Arts. Students have the opportunity to join Career and Technical Student Organizations such as

FFA, FBLA (Future Business Leaders of America), FCCLA (Family, Career and Community Leaders of America) and TSA (Technical Student Association). These organi-

zations allow students to apply the practical knowledge and skills learned in class to increase their leadership and vocational abilities.

Why are we trimming your trees?

WE'RE CUTTING YOUR LOSSES.

Trees that touch or fall on power lines can cause power outages, property damage, or personal injury.

Right-of-way maintenance is one way your electric cooperative controls the cost of safe and reliable electric service. Clearing limbs and trees away from power lines reduces many potential hazards. **YOU CAN HELP CUT YOUR LOSSES!** Plan carefully before planting yard trees and report trees that are interfering with power lines. Never attempt to prune a limb yourself that is near a power line or touch a hanging wire or the ground around the wire.

Please contact our office with any questions you may have about the planting, placement and trimming of trees.
